NEGRO ARRESTED ON CATTLE THEFT COMPLAINT HERE

The sheriff's department Monday arrested Rufus Burton, colored, on a complaint of cattle theft. Deputy Sheriff Bill McLean said Wednesday morning that Burton was being held while investigation of the case continued. The man is accused of stealing cattle belonging to a colored resident of Houston county. The sheriff's department reports that he has recovered three head of cattle—one in Crockett, one in Grapeland and one in Rusk.

PAYMENTS POLL TAXES SLOW HERE

Poll tax payments have not been coming in as fast as they should. No doubt many will wait until the last moment to pay their poll tax and create a brick business the last few days in January.

At the close of the office Saturday night only 1151 poll tax receipts had been issued.

The poll tax is not assessed with the property tax, said Mr. Bynum, "but it is the duty of citizens who care for good government, both local and state, to always pay their poll tax."

Forest insects and diseases, although usually not spectacular in their invasion, may kill as much timber as do forest fires.

SAMUEL STEWART VICTIM FATAL TRAFFIC MISHAP

Samuel W. Stewart, about 22 years old, was killed about 5 o'clock Sunday morning in a traffic accident which occurred at the intersection of the left and right lanes of the Bayou bridge, on U. S. Highway 287, two miles north of Crockett. The accident was discovered by Rusty Graves, who brought Justice of the Peace C. R. McPhail for an inquest. Judge McPhail said Monday morning that the verdict was accidental death in an automobile accident.

Young Stewart was driving a jeep southward, after taking a young man to Grapeland. Judge McPhail said that it appeared the young man might have been holding his head outside the vehicle to watch the road in the rain. Stewart's head struck the corner of the left banner of the Bayou bridge. The young man's body was thrown out onto the right alongside the pavement, on the right side of the road and beyond the bridge. The vehicle stopped on the left side of the road, opposite the body. Stewart's head was practically split by the impact with the bridge's concrete barrier.

The remains were taken in charge by Walter Funnell Home. Samuel Stewart was married. He was a son of Mr. and Mrs. Chester Stewart of Crockett and his mother is pastor of the Church of the Nazarene. He formerly served in the army.

GRID SCHEDULE AGAIN NEARING COMPLETION

Crockett High School's football schedule took a turn for the better Wednesday night of last week. At that time district 19-A adopted a schedule at a meeting called in Groveton by Supt. Frank White, district chairman. Nine schools will compete in 19-A in 1951—Rusk, Woodville, Groveton, Elkhart, Grapeland, Lovelady, Trinity, Alto and Diboll. This means eight conference and only two non-conference contests for each district member.

At the schedule meeting, both Grapeland and Trinity so arranged their district play that they might continue on Crockett's 1951 schedule. However, Crockett will not schedule the Bulldogs.

Thus only one game is needed to complete Crockett's program of ten games. Supt. W. L. Jordan and Coach Dusty Simmons report that several desirable schools have approached Crockett for games. Crockett has two open dates, October 12 and November 2. One will be filled and only two will have to remain open.

The schedule up to now includes: Sept. 7, Crockett at Huntsville. Sept. 14, Athens at Crockett. Sept. 21, Trinity at Crockett. Sept. 28, Crockett at Grapeland. Oct. 6, Madisonville at Crockett. Oct. 21, open. Oct. 28, Crockett at Kirbyville. Oct. 29, San Augustine at Crockett. Nov. 2, open. Nov. 9, Crockett at Jasper. Nov. 16, Livingston at Crockett. * Denotes district 18-AA game.

RECALL PRIORITY POINT SYSTEM

Austin, Texas, January 10. Colonel C. M. Culp, chief of the Texas Military district, today urged all company grade army reserve officers and members of the enlisted reserve to complete their recall training as soon as possible.

The point system for recalling reservists to active duty was inaugurated at last week in accordance with a policy announced by the Department of Defense.

If the forms are not filled out and returned promptly, the headquarters must assume that the reservist has no service credits other than those that can be accounted for on the headquarters records.

In many cases, Col. Culp pointed out, a reservist may have more dependents than are now shown by these records.

The system was devised to eliminate irregularities in ordering reservists to extended active duty. Points are authorized as follows:

Each three-month period of active service—1 point.

Each three-month period of overseas service—1 point.

Each one year period of reserve service—1 point.

Robert King, J. G. Beasley Jr. and Raymond Cornelius Sr. have returned from a hunting trip to Star county.

SHEEP AND OTHER SHEARERS UPPING TRIMMING COSTS

The cost of clipping is advancing. Also shearing. And, also, trimming. Sunday's papers say that if you have your head clipped in the future you will pay considerably more for it and that the new prices will be applicable to all from the longest haired intellectual down to the skinniest head. If your hair grows too long, you will be charged for shearing, and the price for shearing has also advanced. The sheep shearers are in the heyday of their youth, regardless of the length of the wool sheared. And then there is the trimming. Trimming always comes high. Trimming is costly. After the barber has finished with you and the sheep-shearer has fleeced you, look out that you don't get thoroughly trimmed for the rest of it by the man who has some scissors to grind. Dearly beloved, the more abundant life is at hand. Reach in and grab all you can while the grabbing is good. This war might be called off before you get rich, if you don't look out. The grabber has guns. All right to have war contracts of some kind or some other means of fattening his purse before becoming the "underdog."

COMMISSIONERS PASS ORDERS ON TAX VALUES

The commissioners' court of Houston county, which recessed its regular session Monday afternoon of last week, reconvened on Wednesday afternoon, January 10, for consideration of the tax structure of the county. The court is faced with a dilemma of constantly increasing costs of operating the county government and with a probable decrease in oil and gas valuations, due to depletion, within the county.

The court passed an order that the minimum valuation of land in the county should be \$8.00 per acre, instead of five dollars, and that a graduated scale should be used in assessing the value of land. The down class is to be \$1.00 per acre. The court also passed an order that the value of land should be assessed on the basis of its use, location and improvements on the property.

Another order was passed relating to the minimum valuation on timber land from \$10.00 to \$11.00 per acre.

Further consideration of the oil and gas valuations will be the regular meeting of the commissioners' court on Monday.

TO INTRODUCE NEW MODELS JANUARY 20

Dodge will introduce its 1951 model cars to the public on January 20, as announced by L. L. Murray Motor Co. of Crockett.

Mr. Murray has just returned from a dealer preview of the new cars at Dallas, Texas. He described them as "really outstanding in appearance," riding comfort and reliability.

"I am excited about the looks of the 1951 'Dodge cars,'" Mr. Murray said. "They are beautiful, modern, both inside and out. As for mechanical improvements, Dodge engineers have developed something new in the way of a control. I think it is one of the best advancements in chassis engineering we have seen in a long time and I am looking forward to giving road demonstrations beginning January 20."

Mr. Murray said Dodge 1951 retail sales nationwide will be the greatest in Dodge history despite the fact that the factory was out of production for three months last spring.

Robert King, J. G. Beasley Jr. and Raymond Cornelius Sr. have returned from a hunting trip to Star county.

COURIER EDITOR DREAMS AND SINGS OF MEXICO

The Courier editor, following his recent visit to Monterrey, Mexico, cannot get settled down to work again. He continually dreams and sings of Mexico. Above he dreams and sings of Christmas greetings and New Year's best wishes. The down class is to be \$1.00 per acre. The court also passed an order that the value of land should be assessed on the basis of its use, location and improvements on the property.

CROCKETT LOSES IN INDEPENDENT BASKETBALL

George Barton's team, recently organized independent basketball team, had an unimpressive debut Saturday night when they dropped two games in a doubleheader contest at the local gym. "Unlucky government institutions are imposed which would prevent the completion of the construction program under way since 1947, there is no danger of being short in the supply of electric power for any foreseeable loads within the area," he said.

At the present time, Mr. Lynch said, Texas Power & Light Company can supply more than twice as much electricity as it could just prior to World War II. "Today the company has an available capacity of 688,000 kilowatts as compared to 155,940 kilowatts in 1941. Two major installations alone at the main generating station at Tinsley and at the Wood plant—have accounted for some 85,000 kilowatts of the increase within the last two years."

The Courier is pleased to hear that Mr. H. P. English of Kennard was reported the first of this week as being improved, after being seriously injured last week.

OVER FIFTY PER CENT ARE VOLUNTEERS

Austin, Texas, January 15.—Volunteers accounted for over 50 percent of the first increment of army company grade reserve officers selected to apply on the Texas quota for the third recall program that was recently announced by the department of defense.

Names of officers to fill the quota will be submitted in three increments such comprising one third of the total. Nominations for the first third were submitted Tuesday. The second list will be forwarded January 23 and the third on February 1.

Colonel C. M. Culp, chief of the Texas Military district, stated that the entire quota of corps of engineer officers have been filled by volunteers. In addition, applications have already been received to fill the quota for captains in several of the service branches.

However, the fact that these categories have been filled does not mean that volunteers cannot be accepted in such branches and grades as high as colonel in Texas will be used to help fill quotas of other states.

"Artillery, infantry and armored corps lieutenants are particularly needed at this time," Colonel Culp stated. He pointed out that these are the basic combat branches and require a greater number of officers than the service branches.

VETERANS HOME PROJECT UNDER WAY FOR COLORED

Fifteen homes are under construction for colored veterans in south Crockett, in the Smith Brothers addition, just west of the San-Man Motel. These homes are described as better class homes for veterans. Games are being held and other utilities will be available when the homes are completed. Streets are to be shelled or gravelled. Thirty-five more of these homes are tentatively being planned, pending individual applications.

The houses are being put up under contract Veterans Administration supervision. Crockett is the only town in the county with two bedrooms, living room, dining room, kitchen and bath, hardwood floors and built-in features.

The project is being approved by the Veterans Administration. The project is being financed by E. L. Anderson Construction Co., of Chicago, and John Linggold of the Crockett Manufacturing Company and Tex-Oak Flooring Company. Mr. Anderson is associated with the Crockett Manufacturing Company and Tex-Oak Flooring Company.

The project, if completed to 50 units is expected to mean an outlay of approximately \$275,000.

CROCKETT DOWNED LIVINGSTON LIONS 37-21 FRIDAY

The Crockett High Bulldogs won their second consecutive district 18-A basketball victory Friday afternoon at Livingston, downing the Lions 37 to 21. Ray Johnson accounted for 15 points for the Bulldogs, while Bob Lillian made nine. Crockett resorted to ball control in the second half, after gaining a comfortable lead. Battise was a star for the Lions. He is an Indian boy.

A last-second field goal gave the Livingston B team a 20 to 18 victory over the Crockett B team. Irving Jones paced the Crockett B attack, with nine points.

CHARLEY BRADLEY ON REPAIR SHIP USS JASON

Charley A. Bradley, storekeeper, Texas class, USN, son of Mrs. B. F. Bradley of 1402 East Houston ave., Crockett, Texas, is serving aboard the repair ship USS Jason in the Far East.

A "Mobile Navy Yard," the Jason and her crew represent a wide variety of skilled mechanical and electrical trades.

About the Jason can be found foundries, forges and engine shops, as well as other repair facilities. She operates as a unit of a service division in support of United Nations vessels in the Korean area.

V. B. Tinsell will attend the piano tuners, technicians and dentists' convention at the Rite hotel in Houston Friday and Saturday, January 19 and 20th.

Reports the latter part of last week that young Houston had joined bigger team. The U. S. Navy. W. T. would probably have soon been called in the draft, as he is 10 years old. He is being improved, after being seriously injured last week.

**[GRID] [uncertain] SCHEDULE
[AGAIN] [uncertain] NEARING
COMPLETION**

Crockett High [Schools] [uncertain] football schedule took a turn for the better Wednesday night of last week. At that time district 19-A adopted a schedule at a meeting called in-Groveton by Supt. Frank White, district chairman. Nine schools will compete in 19-A in 19651 Rusk, Woodville, Groveton, Elkhart,

Grapeland, Love- Indy, Trinity, Alte and Diboll, This means eight conference and only two non-conference contests for each district member.

At the schedule" meeting, both Grapeland and Trinity so arranged their district play that they might continue on Crocketts 1051 schedule.

Woodville, however, will not schedule the Bulldogs.

Thus only one game is needed to complete Crocketts program of ten games, Supt. W. L. Jordan and Coach Dusty Simmons report that several desirable school have approached Crockett for games, Crockett has two open dates, October 12 and November 2. One will be filled and the other

will have to remain open.

The schedule up to now includes:

Sept. 7, Crockett at Huntaville.

Sept. 14, Athens at Crockett,

Sept. 21, Trinity at Crockett.

Sept. 28, Crockett at Grapeland.

Oct. 6, Madisonville at Crockett.

ORDERS ON TAX [VALUES]
[uncertain]**

The commissioners" court of Houston county, which recessed its regular session Monday afternoon of last week, reconvened on Wednesday afternoon, January 10, for consideration of the tux structure of the county, The court is faced with a dilemma of constantly increasing costs of operating the county government and with a probable decrease in oil and gas valuations, due to depletion, within the county.

The court passed an order that the minimum valuation of land in the county should be \$6.00 per acre, instead of five dollars, and that a graduated [acalo]

[uncertain] should be used In assessing, The sliding scale would take into consideration general land values, location and improvements on the property.

Another order was passed raising the minimum valuation on timber land from \$10.00 to \$11.00 per acre,

Further consideration of the all and as Valuations will be had at the regular meeting of the commissioners" court on) Monday.

MADISONVILLE COMES HERE FOR GAME ON TUESDAY

The Madisonville High Mustangs, coached by E. J. Ray, will come to Crockett for a district 18-A basketball game Tuesday night. The B teams will tangle at 7 clock and the A teams will take the floor at 8 clock.

Crockett is currently undefeated in district play, but will be hard-pressed to maintain that position against the Mustangs, who will be favorites, due to their outstanding record in winning second in the Madisonville tournament and the championship of the Centerville meet, as well as victories over other teams. Last week the Mustangs dropped a tough decision to the treetop Huntsville Hornets, 33 to 30, but came back to defeat Grapeland on the Sandies" floor. Cecil

Neely, tall center; Buddy Wilson, Haines and others give the Mustangs a strong lineup. Crockett drew bye Tuesday night and no district games were scheduled for Friday night, in deference to the Huntsville tournament, so Crockett has no district competition this week.
