FUTURE FARMER BOY'S PROJECT

Two-day morning, March 27, Joe Powell, 12-year-old, son of Mr. F. F. Powell, of Crockett, Texas, was standing in a field, a fat calf, at a neat profit.

Last October 27, Joe bought a calf for \$50. He borrowed \$100 at the bank, bought \$55 worth of feed; \$50 in feed, and paid interest out of the \$100. He received 40¢ per pound for his calf, and the calf weighed 465 pounds, bringing the gross amount to \$186. Joe made \$76 clear. This is a small story, but it is a story of hard work and we hope you enjoy reading it. These boys will be out there tomorrow. Watch them grow.

LIMITED QUOTA FOR AIR FORCE

The quota for the air force has been pretty well closed down as of late, however, a limited quota can be accepted here for immediate enlistment for the Air Force at the present time, according to Sgt. Lee Blair of the recruiting station in this city.

Sgt. Blair also stated that between now and the 10th of April a limited number of army enlistments for immediate assignment for duty and training in the Hawaiian Islands is open. This is the first time the army has opened up with a specific area assignment, and this offer, too, is open for a limited time.

Mrs. A. A. Aldrich was complimented Sunday with a birthday luncheon, given by some of her relatives and friends. The affair was to compliment and congratulate Mrs. Aldrich

on her 90th birthday, 90 of which have been in Crockett. The luncheon was quite a surprise to the honoree, recipient. Some of those who gathered to pay their respects entered Mrs. Aldrich in one part of her home while others quietly gathered in another part of the house and arranged the luncheon, a part of which was served by Mrs. Aldrich.

Mr. and Mrs. Rache Durst of Frank, Louisiana, and Mr. Louis Durst of Houston were here this week, the latter being a member of the Aldrich family. Both were born of pioneer stock and reared in Houston.

Mr. Walter Hooks has returned from Crockett to again make her home in Crockett.

SOUTHWESTERN LIFE ADDS ANOTHER TO LONG LIST FIRSTS

Texas, who like to tell their out-of-state friends about Texas "firsts," could add to the state's already fabulous reputation by reference to Southwestern Life Insurance Company's 49th annual report, recently distributed to policyholders. The booklet reveals that Southwestern Life: 1) Is the largest life insurance company in the United States that does business in only one state (Texas, naturally).

2) Ranks in the top eight per cent of the more than 100 legal reserve life insurance companies in the country from the standpoint of the amount of life insurance in force.

For the benefit of folks who think all dollars paid out by life insurance companies are related to the unhappy occurrence of death, there's a surprise in Southwestern Life's report. During 1950 more dollars were paid to living policyholders than were paid to beneficiaries of deceased policyholders. The former received \$5,048,138 and the latter \$4,340,418.

Southwestern Life also acknowledges the professional life caliber of its agency force and its home office staff. There are now in the ranks of Southwestern Life more than one
