PUNY WOOD ON LEGISLATION AT AUSTIN

Monday, April 9, the 14th week of the legislative session, the floor debates of the tax bill. A showdown is expected on many of the tax measures introduced.

Rip James C. Sewell and Thursday he will ask the house to suspend rules Monday to bring up out of regular order his bill to tax gas pipe lines. It would collect by a thousand cubic feet on gathering of natural gas. The present tax is 5.72 per cent of market value at the well. I agree that the state isn't getting a just revenue out of the natural gas that is shipped out to the north; this is a step in the right direction, but I do not agree with the appropriation of the bill. I think it should go into the general revenue fund, because the approximately \$700,000 that cities will receive will go to the state treasury. One-fourth will go to the available school fund; one-fourth will go to incorporated cities and towns, based on the population of those towns, for the purpose of maintaining and building streets, and one-half will go to a rural road fund. Although I plan to vote for it, my specific objection is that it would remit one-fourth of \$700,000 of collected taxes to the incorporated cities and towns of this state, based on population. I believe this is a bad precedent in state government, because it will lead to further centralization of government and infringement on local government, for whatever you call it, just from the federal or state government to local governments is accompanied by a certain amount of control. The feature of aid to cities was inserted in the bill, hoping that it would draw support from the big city representatives.

The house on Wednesday refused to set the anti-salt machine bill for special order on April 11, but reversed itself on Thursday and set the bill for special order Tuesday, April 10. The Wednesday vote was not indicative of house support of slot machines, but involved a parliamentary technicality, that one special order must be disposed of before another one can be passed, which caused a delay in a yes vote for suspension of the rules. I appreciate the recent visit of Cato Lincolnd, and his invitation to the banquet held by the Texas Manu-

INTEREST SHOWN IN THE F.F.A. PROJECT SHOW

Great interest was shown Thursday evening, April 5, at the first Crockett Future Farmer Chapter project show staged in and around the farm shop of the vocational agriculture department of the Crockett High school.

The first Mid East Texas livestock show will be held in Crockett May 20. The show and sale will include all registered breeds of beef cattle and is the only show of mixed breeds in the state.

The show and sale are sponsored by the Crockett and Houston County Chamber of Commerce. Officers elected by the breeders of Houston county are W. H. Long, president; Harvey Steel, vice president; and Ben Shotton, secretary and treasurer.

Five east Texas counties will be included in this year's show. They are Houston, Anderson, Angelina, Cherokee, Trinity, Walker, Madison, Leon and Freestone. Any breeder may show as many head as he wants and he may put as many in the sale as he wants.

Mr. Long stated that this area in the rabbit division was the showing of rabbits consisted of New Zealand Reds, Chequer Giants and Chinchillas. Boys showing the rabbits were Buddy Robinson, Don Hill, Rex Ferguson, Billy Morris and Wayne Callaway.

In the swine division were 14 head shown. The breeds consisted of two registered medium breeds, Poland Chinas, and the rest were crosses between registered Poland Chinas and registered medium breed Poland Chinas. DAVY CROCKETT TRINITY COUNTY SOIL CONSERVATION

James Lackey, cooper who farm is 8 miles east of Crockett, has a good stand of reseeded Crockett clover that was planted in the fall of 1949. The clover has reached its first year and has made a good coverage. Mr. Lackey is well pleased with the clover due to the fact that at least two crops of seed germinated and was killed by drought and cold. He harvested approximately 200 pounds of seed per acre last fall from the plot.

William McLean, whose farm is 6 miles north from Crockett, has 30 acres of Koba Lespedeza. William put out his fertilizer and diked it seeded with a cultipacker. He seeded the field and ran the cultipacker over it again. The Lespedeza is up to a good stand on a firm seed bed that will be easy to mow for the first year test.

Donny Collins Sr., cooper whose farm is 2 miles south of Crockett on the old Huntsville road, has 65 acres of Singularity peas that have reseeded to a good stand. Mr. Collins is well pleased with the way the peas have reseeded and are growing this year.

C. N. Sullivan, cooper whose farm is located 4 miles north of Crockett, fertilized and seeded 25 acres of Koba Lespedeza in March of 1950. He cut a good crop of hay. The Lespedeza reseeded to a good stand this spring, but the freeze in March killed about 50 per cent of the stand. Mr. Sullivan decided it would be good insurance to overseed the stand again this spring. He overseeded with a mixture of 20 pounds of Koba Lespedeza, 2 pounds of bermuda and 5 pounds of Texas grass seed. He sowed the seed on top of the ground and rolled it in with a cultipacker. Mr. Sullivan has prepared his seedbed and intends to reseed 100 pounds of King Ranch seed. Mr. Sullivan is well satisfied with his permanent pasture improvement program.

Y. I. Smith, whose farm is located near Carlsbad in Trinity county, with the assistance of personnel of the Soil Conservation service, has completed a farm plan in Crockett. Mr. Smith is interested in pasture improvement and his plan included clearing, fertilizing and the use of legumes to better pasture.

For the convenience of those who wish information concerning Soil Conservation work, the Soil Conservation service office will be open until noon, hereafter, on Saturday.

WAS RETIRED SCHOOL TEACHER

Mr. Alois Michka, age 85, passed away at the residence of his son Monday, April 9, 1951, after an extended illness. Mr. Michka was born in Czechoslovakia March 19, 1865, but migrated to the United States at an early age. He had resided in Lovelady community for about 15 years. He was a member of the Presbyterian church and a retired school teacher.

Survivors include: Two sons, Louis Michka of Houston and Ray Michka of Lovelady; one daughter, Mrs. C. T. Cox of Pomona, Calif.; 17 grandchildren and six great grandchildren. Funeral services for Mr. Michka were held Tuesday afternoon, April 10, 1951, at 4 p. m., at the graveside, with Rev. O. C. Davis of Crockett officiating. Interment was made in the Center Hill cemetery, near Lovelady.

Waller Funeral Home was in charge of arrangements.

HUNTSVILLE COMES HERE TUESDAY FOR FIRST TITLE GAME

The Huntsville High Hornets will come to Crockett Tuesday afternoon for the first district 18-A baseball test of the season. Not much is known here of the Hornets, except that they have won over Trinity and Conroe, but have lost twice to Navasota. The visitors are expected to field a capable club.

Coch Coach Dusty Simmons of the Crockett team hopes to have Harrell Carpenter, lefthanded pitching ace, and the rest of his nine in top form for the first title test.

Friday afternoon the Bulldogs will travel to Trinity for a return game with the charges of Coaches Mervin Cross and Bobby Head. Bob Worthing will probably be the starting pitcher for the Bulldogs.

MRS. SAM BARCLAY HONORS MRS. A. M. DASHIELL

Mrs. Sam Barclay, wife of Dr. Sam Barclay of this city, honored Mrs. A. M. Dashiell of Houston by having a few of Mrs. Dashiell's friends in to see her Tuesday. Mrs. A. M. Dashiell is the wife of Dr. A. M. Dashiell, Dr. Dashiell being a guest speaker in Crockett Tuesday for the Medical Society meeting.
