"Ford's fast getaway is a time and money saver in stop and go work like ours," says Economy Run operator Lester Riesenweber.

"My farm hauling costs me under 2¢ a mile!"

Lester Riesenweber drove his 1950 Ford F-3 Express, equipped with the POWER PILOT, in the nationwide Ford Truck Economy Run. He and 5000 others logged a total of 50 million miles!

"During the Economy Run," he says, "our day-by-day records show that we travelled 1,786 miles, with loads up to 2700 lbs. We had no repairs, paid a total of \$34.98 for gas, oil and maintenance. That's only 1.96¢ a mile!"

Mr. Riesenweber's truck, of course, gets regular Ford Dealer service. AND like all today's Ford Trucks it has the POWER PILOT, which gives you the most power from the least gas! Only FORD in the low-price field has the Power Pilot!

FORD TRUCKING COSTS LESS BECAUSE...
