400,000 VIEW FIESTA GALA MARCH

The nation's fastest growing major city Friday afternoon staged its most famous and razzle-dazzle major attraction—the fifty-sixth annual Battle of Flowers parade.

San Antonio's citizens, joined by hordes of visitors, lodged 400,000 strong along the roped off parade route while untold thousands viewed the colorful extravaganza through the medium of television.

As in previous years, festive mind-sets began seeking vantage points long before the near 2-hour procession of splendor was scheduled to get underway on its 50-block trek through the heart of the downtown area.

Although the temperature hovered in the mid-eighties, brisk winds fanned on-lookers and participants to help overcome unrelenting efforts of the sun blazing from a cloudless sky.

The parade itself was a field day in sounds. Drones and reverberations from one band surrendered to those of another coming behind. Tramping of marching feet and the purr of restrained motors harmonized against a background of wild cheers, yells and applause.

And as the uninterrupted procession lumbered along its route, it was caught under an unceasing crossfire of absorbed and entranced eyes.

Over 200 entries and 10,000 participants made up the parade which started promptly at 3:30 p. m. with craned necks turning to pass the word.

Here it comes! Leading off was the command section, its vehicles bearing military, local and state officials including Lt. Gov. LeRoy Lutes, Mayor White and Gov. Shivers.

Also in this section was horse-mounted Laurence Wingerter, the parade's grand marshal and the Fourth Army band.

Officers of the Battle of Flowers and Fiesta association nodded and waved from brightly colored, foil-wrapped cars while Fiesta association directors whooped it up from their long tier-chaired trailer.

San Antonio's pride, the scarlet and blue uniformed Texas Cadets, reined their horses along the way and on their heels came King Antonio XXIX in a horse-drawn coach of shimmering gold.

His Majesty was met with thundering ovations and a deluge of paper and confetti from nearby buildings.

Marching units from various military installations occupied the next section in the line of march with even the Robbins AFB band all the way from Marion, Ga., participating.

Military uniforms depicting military since 1776 have into view on the Second Armored division's float and Molly Pitcher stood by a gold field cannon on the Fourth Army float.

Putting their best foot forward to match marching abilities of men in arms was a snappy contingent of WACS from Lackland AFB.

Six riders of the sheriff's mounted posse auxiliary bearing the six flags of Texas' history introduced the patriotic section featuring historical events, both state and national. San Antonio Light.

SOUTH TEXANS VOTE TOP JOB TO SEDLMEYER

San Antonio, Texas.—Nearly 200 members of the South Texas Press association registered here for the 24th annual convention, April 19-21, spent much of their time making arrangements for their silver jubilee convention next year.

The new president, Lee Sedlmeyer of the Shiner Gazette, named more than a dozen committees to start work on the jubilee event which will be held here during the annual "Battle of the Flowers." Mr. Sedlmeyer succeeds Harry Hornby Jr., *Deville Leader-News*.

Snooks, Refugio Timely Remarks, vice-president; Frank Bridges, Nixon News, assistant to the president; Howell Jones, San Antonio, secretary; Sam Fore Jr., Floresville Chronicle-Journal, treasurer; and Mrs. W. A. Salter, Kerrville Mountain Sun, historian.

Highlight of the meeting here was the address by Gov. Allan Shivers of Texas, who reminded publishers "you contribute a bulwark for the freedom of the peoples of the world. In your hands rests one of our great freedoms and without the freedom of the press, all others would soon be doomed."

Other speakers were: Charles Stapenbeck, Western Newspaper Union, Houston; Jack Harper, Harper Standard Engraving company, Dallas; Archie Whitehurst, Universal Book Bindery, San Antonio; John Kline, Carrizo Springs Javelin; Walter Buckner, San Marcos Record; Mrs.

A puppet show, entitled "Jack and Judy Show," will be given in Houston county elementary schools on May 8 and 9th, according to an announcement by Dr. E. W. Hawkins, director of the East Texas Public Health Training unit.

This show deals with the subject of dental health, and comes to the county from the State Department of Health, division of dental health, under the sponsorship of the East Texas Public

Health Training unit, in cooperation with Good Teeth Council for Children, Chicago, to impress upon the children the importance of dental health and its relationship to total health and scholastic achievement.

This or a similar show has been given high acclaim by the schools of Texas for several years. The time allowed for the show was not sufficient to enable it to make all the schools of the county, and was therefore scheduled only to larger schools where the greatest number can be reached in the limited time allowed. The schedule is as follows: white schools: Crockett, Tuesday, May 8, 9 a. m., with visiting schools Latex; Austin, Porter Springs; Grapeland, Tuesday, May 8, 2:30 p. m.; Kennard, Wednesday, May 9, 9 a. m. with Glover as visiting school; and Love, Tuesday, May 9, 2:30 p. m. and Pearson Chapel as visiting school. For the county colored schools, the

following schedule has been given: Crockett, Tuesday, May 8, 10:30 a. m., with visiting schools, Germany, Post Oak, Gude, Hyde, Lovelady, Austin, Williams High, Cooper and Center Grove; Grapeland, Tuesday, May 8, 1 p. m. with visiting schools Daly's

and Augusta and Cedar Branch; Kennard, Wednesday, May 9, 10:30 a. m. with Ratcliff as visiting school. Senior high school students are not participating in the free entertainment program.

There's Plenty for You and Industry, Too

Yes, in the Gulf South there's plenty of NATURAL GAS FOR YOU and INDUSTRY, TOO

In each of the past 21 years, much more gas was found than was used in all of the United States. For years now the amount of known gas reserves has climbed higher and higher. The consumption of gas is increasing, to be sure, but annual discoveries have met the current requirements and added trillions of cubic feet more to the known supply.

Nearly two-thirds of all the deposits of natural gas known to exist in the country are in gas fields in

Texas, Louisiana and Mississippi—and more than 200 of those fields are connected to the great integrated pipe line system of United Gas. Each year more fields are tied in to the United Gas system... to the end that we can assure our customers, now and in the future, there's plenty of gas for you and industry, too.

Industries seeking locations in the area served by United Gas can rely on an adequate supply of natural gas at fair and reasonable rates.

EDITORS MEETING IN SAN ANTONIO PASS RESOLUTIONS

Newspaper people, meeting in San Antonio on April 21, unanimously approved Texas' fight to return the federal lands to the people of the Lone Star State.

The group, attending the meeting of the South Texas Press Association in the Alamogordo Hotel, passed the following resolution setting forth the press' opinions regarding the big grab of federal officials in taking away the Tideland and absorbing the funds that have supported the schools of Texas.

"Whereas, the people of Texas; Governor Shivers, Commissioner Giles and Attorney General Daniel, comprising the Texas School Land board, and trustees for the Public Educational fund of Texas; Senators Tom Connally and Lyndon Johnson, Speaker Sam Rayburn and all members of the Texas delegation in the National congress, are deeply concerned at the efforts of some federal agents and bureaucrats to sustain the attempted confiscation of the tidelands of Texas and other states, through judicial and executive actions, and in violation of the authority of the National congress, which alone has constitutional power to legislate on and settle such matters;

"Whereas, the members of the South Texas Press association, in annual convention assembled in historic San Antonio, in the shadow of the world's only Alamo, and on the one hundredth anniversary of the occasion when the heroes of Texas gained her independence at San Jacinto, and acquired title to the lands now under dedication by our citizens

I never knew cooking could be so EASY until I got my new ELECTRIC RANGE!

Now... cooking even the fanciest, most exotic dishes is "apple-pie" easy. In fact, with my new electric range, I can almost cook by remote control... there's so little watching and waiting to be done. Speedy heating units are ready to go at the flick of a switch. A timing device turns the oven on and off automatically. Thermostatic temperature controls maintain the exact heat required... and that kind of accuracy means delicious cook-look results every time.

"Apple-pie" easy is right. Baking an apple pie the electric way is so easy, it's standard equipment for midnight raids!

ABSOLUTE DEADLINE FOR RETAILERS

Retailers of thousands of items commonly sold in wearing apparel, furniture, floor covering, household goods, housewares, hardware, appliances, jewelry, radio, television and music stores in the 39-county south-east Texas area of the Houston District office of Price Stabilization face an absolute deadline of May 30 for complying with OPS regulations.

Fred C. Hopkins, price executive of the Houston OPS, reminded retailers of all items covered by Ceiling Price Regulation 7 and Amendment 2 to that regulation, that they should file copies of their pricing charts with the Houston District OPS before the

May 30 deadline. The address of the Houston OPS is 517 LaBranch Street.

All retailers must file pricing charts which handle any of the following items: men's, women's and children's wearing apparel, floor coverings, furniture, specialty and gift shop items, records, musical instruments, radio and television sets, photographic, housewares, garden tools, light hardware, silverware, chinaware, glassware, jewelry, watches, clocks, appliances and some paper products.

Mr. Hopkins outlined some of the many retail stores which are covered by Regulation 7 because of certain items as: general merchandise, department, specialty, furniture, floor covering, drug, jewelry, grocery, housewares and household goods.

It makes your dollars talk great good sense!

When you look at the times we live in... and then take a look at this new Chrysler Windsor... you might almost think we'd had advance information and special-built this car just to fit these times!

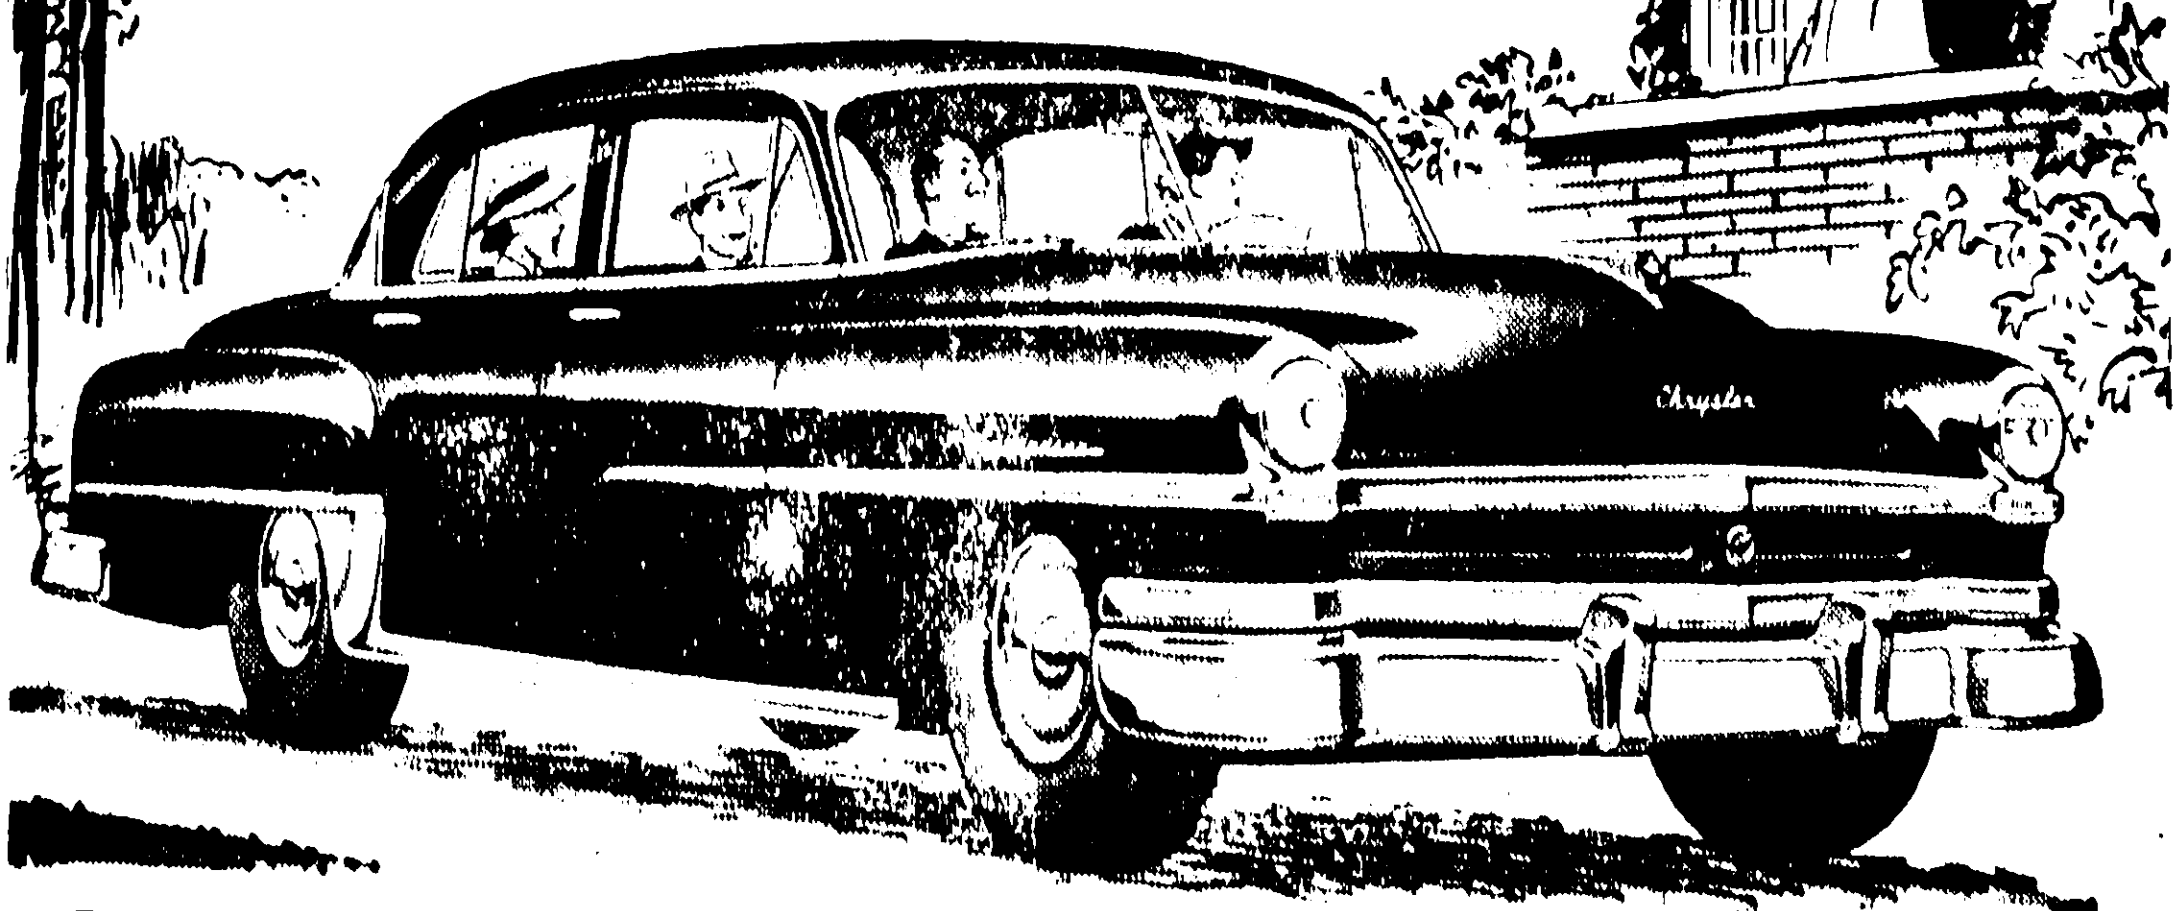

Certainly it treats your hard-earned and tight-stretched dollars with a respect that's hard to find in a good many things you buy.

To begin with, the Windsor line is the *least-priced* of the three lines of cars we build at Chrysler. To buy one gets you all the basic goodness Chrysler engineering means, at the very lowest cost. That's good sense in itself.

In powerplant, your Windsor brings you Chrysler Spitfire... one of the truly great engines in the whole bright history of America's motor cars. Time-proved and owner-beloved, it would be hard to put your money on a sounder friend than this to live and travel with you through the months ahead!

As to comfort, Windsor brings you the amazing travel bonus all Chrysler owners get this year... the revolutionary new Orflow shock absorber. With more than twice the shock-absorbing power of any other in the world, this amazing new device keeps wheels steady on the road, and riders steady in their seats.

As you can see, it is no idle claim that this car makes very special sense in these unusual times. But why not get the whole good story at first hand? Why not go see your Chrysler Dealer, very soon?
