MASON, CO. SCHOOL SUPERINTENDENT, SENT SCHOOLS FOLLOWING LETTER

THE COUNTY WIDE CHEST X-RAY PROGRAM

We hope you will accept the responsibility of making every member of your community familiar with the wonderful opportunity which is free to everyone. Please advise each one that this is not an undertaking for charity, but it is for everyone in Houston County who is 15 years of age or older. No one will have to disrobe. Only about two minutes of their time will be taken, free transportation will be furnished through the schools, if desired.

Also advise the members of your community that in case they find themselves unable to attend on the scheduled date to feel free to come at any time during the period that best meets their convenience.

We are depending on you to help make this program a big success.

HELP MAKE HOUSTON COUNTY 100% X-RAYED.

5 Points Stressed By Committee Head

Particular note should be taken, stressed Herbert Callaway, head of the publicity for the TB testing program, of the following five points:

1. Everyone 15 years old and over, both white and colored, is asked to take the test.
2. The testing program is not a charity proposition.
3. No disrobing is required.
4. The X-ray requires only a few minutes.
5. Results of the X-ray are confidential. A letter will be mailed to the individual from the laboratory.

Miss Baker Helps With TB Tests

Miss Maxine Baker, former Houston County Health Department nurse, arrived in Crockett Monday afternoon to assist Dr. Barclay, County Health Officer, in the Tuberculosis Testing program. Miss Baker, who will visit her mother at Lovelady while she is here, has been given a room in the Crockett Hotel by Raymond Cornelius, manager. Miss Baker is now with the city health department at Houston.

The tuberculosis tests which are to be given this week beginning Thursday morning will follow the schedule which will be found in full on this page. They are sponsored by the city and county chambers of commerce, the Crockett, Grapeland and Lovelady Lions' Clubs, the Crockett Rotary Club, the Parent-Teachers Association, the Churches, and the schools of the county.

Dr. Sam Barclay, County Health officer, is responsible for bringing the unit here, and Herbert Callaway, president of the Junior Chamber of Commerce, is responsible for the publicity campaign which will bring people to the basement of the County Courthouse to have the tests made.

Working closely with Mr. Callaway in publicity are the following very important chairmen of committees: William Schmidt, principal of the Crockett High School and president of the Crockett Lions' Club, is responsible for publicity in the east part of the county, Crockett, Kennard, Ratcliff, Weches, Augusta, Liberty Hill, Glover, Belott, Arbor, Shady Grove, and Douglas.

T. P. White, superintendent of schools at Lovelady and president of the Lovelady Lions' Club, is responsible for publicity at Lovelady, Center, Crt. Weldon, Pearson Chapel and Holly.

Arnold Glewis, postmaster at Grapeland and president of the Grapeland Lions' Club, has Grapeland, New Prospect, Livelyville, Rockhill, Dailer, Reynard, Wanda, San Pedro and Perilla.

Raymond Cornelius, president of the Crockett Rotary Club, is in charge of publicity at Crockett, Austin and Porter Springs.

Gale Luce, superintendent of Latexo High School, is responsible for publicity at Latexo, Wesley Chapel, Grounds and surrounding territory.

Marcus Mason, County Superintendent of Schools, has made out the schedule and has made available for the use of adults in each community the school buses which will make the trips to and from the courthouses free of charge. Mr. Mason has seen to it that the schedules are in the hands of all school heads and has been very proficient in cooperating with all aspects of the publicity program.

Dr. Barclay urges that no person fail to come for the tests. "The county is most fortunate in securing this unit," he said. "Many counties applied for the unit and failed to get it."

Churches have been announcing in their pulpits the importance of the tests. The Rev. C. L. Ashmore, pastor of the Crockett First Christian Church, notified all the other pastors and asked their cooperation in urging their members to come for the tests.

Chairmen and co-chairmen have been named by Mrs. Hattie Belle Milburn, secretary of the Crockett and Houston County Chambers of Commerce, working directly with Mr. Callaway.

MISS BAKER, FORMERLY OF CROCKETT, WILL GREET OLD FRIENDS WHILE HERE

Upon her arrival in Crockett Monday afternoon to assist in giving the tests, Miss Maxine Baker, now connected with the City of Houston Health Department as Field and Educational supervisor, began a tour of the county accompanied by Mrs. Sam Barclay, wife of the Houston County Health Officer. Their purpose was to assist in the publicity drive in the interest of the forthcoming tuberculosis testing program.

Miss Baker and Mrs. Barclay included the Courthouse office in their tour of inspection and found everyone on the staff engaged in adding to the publicity program.

Commenting with warm praise Miss Baker said: "I find that Mr. Herbert Callaway, who is directing the public relations angle, has done a fine and complete job. He has named committee chairmen, and each chairman has named his group. Everyone seems to have passed the news around and I foresee a very successful testing program which is to begin Thursday, January 6, and end Wednesday, January 12. I can see Houston County on its superior men and women in the schools, the Parent-Teachers organizations in each of the schools over the county, the Lions clubs in Crockett, Lovelady, Grapeland, Ratcliff and Kennard, the Rotaries, and the Chambers of Commerce."

Miss Baker will remain in Crockett assisting at the County Courthouse through Saturday, January 8, and will be glad to see all of her old friends whom she knew as County Health Nurse during her term of service here from January, 1940, until June 1948.

CHAIRMEN NAMED TO AID PROGRAM

Committee chairmen named to assist in the publicity campaign for the testing program are as follows:

The Rev. C. L. Ashmore, Pastor of the First Christian Church, church publicity.

Mrs. Ann Morgan, president of the Garden Club, telephone committee.

Mrs. Zona Earle Dawson, house-to-house publicity.

Mrs. Jack Beasley, Jr., president of the P. T. A., clerical committee.

Mrs. Mabel Hall, hostess committee.

Marcus Mason, County School Superintendent, school publicity and transportation committee.

Mrs. Hattie Milburn, secretary of the Crockett and Houston County Chamber of Commerce, general assistant.

Adults, Not Children, Shown Worst Carriers

Why are the tests given only to adults and not to children?

In answering this question, Dr. Barclay points out that most contact cases of tuberculosis have been among adults. In the past year 63 new cases have been sent to the sanatorium; of these only three were children. Doctors have described Houston County as one of the worst known counties for development of new cases, not only of tuberculosis, but also of lung cancer and heart disease. All chest disorders will show up in the X-ray picture.
