BONE-DRY STATUTE WILL BE PUSHED IN LEGISLATURE

Dallas, February 8.—State-wide prohibition will be sought by the United Texas Drys, Dr. Walter H. McKenzie announced.
Dr. McKenzie, executive secretary of the organization, said Monday a prohibition bill will be presented to the present session of the legislature. He declined to give details or identify the legislators he expected to introduce the bill.

He disclosed that Miland Jones, his assistant, is in Austin to confer with legislators on the proposed measure. Dr. McKenzie noted that in the last four years there have been elections on the liquor question in 70 counties. Fifty-seven counties went in favor of the "wet" column.

Now, he said, 141 of Texas' 254 counties are totally dry, 82 partly dry, and 31 completely wet.

RECENT STORM IN NORTH TEXAS AREA CALLED WORST

Following closely upon the heels of an ice storm which hit early in January, a second icy blast moved in on the north Texas area the last week in the month. One of the worst storms in the history of the state, it disrupted transportation and caused heavy damage to telephone and power lines. Areas hardest hit were around Gainesville, Sherman, Denison and McKinney, although effects of the storm were felt from Red River to as far south as Hillbom.

Four days of rain, drizzle and heavy mist, in sub-freezing temperatures, built up a tremendous load of ice on trees and on communication and power lines. The greatest damage resulted from falling trees where heavily laden branches fell into the lines.

The statement said "the wet" was "worse" and that a recent letter sent out by the Texas State Hotel Association to its members questioned the wisdom of efforts to legalize sale of liquor by the drink.

CROCKETT WINNER AT MONTALBA MEET

The Crockett independent basketball team won a hard-fought game in the Montalba gymnasium Thursday night in an invitation tournament, defeating Cross Roads 46 to 44. Midway the first half Cross Roads held a one-point lead, 11 to 10, but Crockett won the second half and the contest was again in the end. Cross Roads had only six men in uniform and a second player fouled out a few seconds before the final gun, leaving that team with four boys in uniform.

In other games Thursday night the host team defeated the Palentine, 46 to 32. Ekhart won a hard-fought game from Houston, 46 to 40.

Jacksonville Baptist College and Jewett were scheduled to complete the first round Friday night.

LARGE EAGLE IS KILLED ON FARM OF HARRIS JOHNSON

A large eagle was killed on the Harris Johnson farm last week, the first of the kind to be killed or seen in this section of the country. Charlie Truick happened to come upon the eagle as it was eating and killed it with a stick, because the bird was so full it could not fly.

It is reported that the wing spread measured seven feet across and the body of the eagle was about the size of a hog; the feet were the size of a human's hand; and the claws were huge and long.

The color of the eagle was dark brown, and it is believed that such an eagle is very rare in this section.—Trinity Standard.

The semi-monthly meeting of Thomas B. Jones, himself an expert in the poultry business and a ready supervisor of veterans' vocational education.

He told a news conference: "It is going to be a long time before that kind of pressure, we might as well quit tomorrow. It is the end of reorganization."

The former president previously told the news conference that he believed that these "propagandists" are inside and outside the government.
