"Champ," a fat steer exhibited at school. Their parents are Mr. and Mrs. George L. Jones of Crockett.

"Champ" had previously won second place in the heavyweight all-breed class at the American Legion Fair in Crockett. High bidder for the steer was George L. Jones, who paid the \$250 price, and each representative for the Houston County Chamber of Commerce.

For many years the Houston County and Crockett Chamber of Commerce has sponsored the Houston County Fair, with its top quality livestock and health agricultural products, but this year this great organization was unable to sponsor their annual project because of the fact that Houston county citizens failed to support it. Why did this happen? Was it because there are more important things to spend in than the betterment of good community and their families' environment? There is not a citizen in the county that does not believe the best for his family, yet he refuses to aid the one group that should encourage the more than any other in the county.

Our present organization encourages the unlimited fields as best cattle improvement dairying, soil preservation, and a steady improvement in the county. It has supported 4-H and PFA.

WHY EVERY CITIZEN SHOULD BE MEMBER CHAMBER COMMERCE

Carol Cella Dickey, son, daughter of Olive and Julia Starbuck Dickey, was runner-up winner of the 4-H prize in the county contest writing contest on "Why Every Citizen of Houston County Should Be a Member of the Chamber of Commerce."

By Carol Cella Dickey.

The word "Chamber" means a political or commercial body, and the word "commerce" means interchange of merchandise; but together the two words stand for more.

Chosen to name an organization that has aided many individuals all over the world. One of these organizations was started in Houston county, in 1920, with L. E. Adams as its first president. In a few years, they distributed fruit trees and planted orchards in Houston county. Even then, Crockett had a very active Chamber of Commerce with a satisfied executive in George L. Jones, who paid the \$250 price, and each representative for the Houston County Chamber of Commerce.
