TIDE LANDS

If the national congress is looking for a way out of making a final decision on the controversial tidelands question, the Texas senate has supplied it.

A concurrent resolution adopted unanimously by the senate, and later to be acted upon by the house, petitions congress to submit to the states a constitutional amendment expressly upholding state sovereignty in internal matters.

The proposed amendment would also expressly repudiate the 1945 United States Supreme Court decision giving the federal government "paramount rights" to the tidelands in the interest of national defense.

The resolution contained a clause providing for a copy to be sent to the president of each branch of the legislature in other states requesting that they, too, petition congress for submission of the constitutional amendment.

"From Morris Castle, I strolled through the streets of Havana," Mr. John Young Jr. of Waco wrote, "wide streets lined with stately old Spanish buildings are tropical Palma—others so narrow that a car can hardly pass down them one while pedestrians stand flat against the buildings as it creeps past."

Dens of little children followed at his heels, crying out, some in broken English but mostly in Spanish, for coins. Countless people of all ages were selling the ever-present lottery tickets, pitiful beggars thronged the streets—tiny children and very old ladies, unable to speak any English but whose eyes spoke volumes.

"Everywhere I saw sidewalk cafes, sidewalk bars, grocery stores and drug stores, even a sidewalk jewelry store, for it is always warm in Havana. Although the middle of January, the temperature always averaged between 70 and 90 degrees."

"Stretching along the entire length of the city beside the sea is the Malecon, a wide drive lined on each side by walks and stone fountains. On one side is the sea and the harbor, on the other side are the old buildings, each a landmark in itself. LEAVE BUSINESS ALONE, TRUMAN'S CRITICS DEMAND

Washington, February 24.—President Truman's confident forecast of continued prosperity brought this criticism today from his Capital Hill critics. The best way to help the nation's business is to leave it alone.

SIX PLAYERS ON ALL-STAR TEAM

By Brewer Bennett.
The all-star team for the east division of district 20A has six players, representing four different schools. The sixth star on the team represents a firm in the voting. Coaches F. J. Ray of Madisonville, Quentin J. Ray of Madisonville, Robert Summers of Crockett, Merwin Cross of Trinity and Don Harris of Grapeland participated in the selections and the team represents the committee.

CROCKETT TO HAVE 200 NEW PHONES

A. M. Kramer, on vacation from Bell Telephone Houston, spent several days last week servicing phones for Lock Cook in the switchboard room on Houston street. Each of the new phones represents a new telephone number, representing a new outlay of equipment, Mr. Kramer said. There must be wire from pole to switchboard, and more switchboard material. Of the 1,000 independent telephone companies, all were trying to add to their service; if Bell had a hard time getting equipment, Mr. Kramer pointed out, it is any wonder that each of the independent companies also had difficulty. Mr. Cook will be adding an extra place and an extra operator as well as the 200 additional telephone numbers.

CROCKETT WINNER TOURNAMENT GAME

The Crockett independent basketball team defeated Glover 34 to 31 Friday night in the first round of the Crockett tournament. The tournament was held at the Crockett High School gymnasium. The Crockett team was coached by Coach Ray. The Glover team was coached by Coach Smith. The Crockett team won the tournament game. The Glover team lost the tournament game.

SHADY GROVE ROAD IMPROVED TO NORTH

The Crockett editor went tripping again Sunday afternoon. He tripped down to Shady Grove, turned north and tripped over to the Centralia or Arbor road. A farm-to-market highway has just been completed between these two roads. It is a very pretty drive. There are some fine-looking old-time places as well as new houses along the new road. But the best thing about it is not that it is a pretty drive. It opens up a new avenue of progress—a new avenue to school, to the markets of the towns and to the pleasure of the people. These farm-to-market roads are worth to the people who live along them all they cost. They are worth to the towns over which they are reached more than they cost. They are worth to the matter of health, as people now have to visit the hospitals. The Crockett editor is in favor of farm-to-market roads. They benefit the farms, and the farms keep up the towns.

JACK DEATON LAID AWAY SUNDAY AFT.

Robert Raymond (Jack) Deaton, born July 11, 1907, died February 21, 1949, in Denver, Colorado. He remains were shipped by rail to Crockett and services were held February 20 at 2:30 p. m. at the First Methodist church of Crockett with Rev. A. B. Lee, Baptist minister of Crockett, officiating. Graveside services were in charge of the American Legion. Interment was in the Crockett cemetery. Mr. Deaton was a member of the Baptist church and was a veteran of World War II. He is survived by his parents, Mr. and Mrs. R. C. Deaton, Crockett; sister, Mrs. Lucy Hooks, Crockett; brother, Joe Deaton, Houston. Pallbearers were members of the American Legion. Arrangements were by the Gateway Funeral Home.

TRINITY WINNER OVER CROCKETT

The Trinity independent basketball team, with plenty of talent on hand, including St. Mary's College students, routed the Crockett independent team in the Trinity gymnasium Thursday night 45 to 44. Trinity kept all Crockett players under control except Lefty Harrelson, who accounted for a majority of Crockett's points.
