PUBLISHER'S NOTICE

In case of errors or omissions in legal or other advertisements, the publishers do not hold themselves liable for damages, further than the amount received by them for such advertising. Advertising is accepted only on this basis.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Courier will be gladly corrected upon being brought to the attention of the management.

The Courier invites communications for publication when subject is of general interest, and Editor is not adverse to a personal nature, but all such communications must carry author's signature.

Obituary notices, cards of thanks and other matter not "news," will be charged for at the rate of 20¢ per line.

Parties ordering advertising or printing for societies, churches, military or organizations of any kind, will in all cases, be held personally responsible for the payment of the bills.

CONTROLS ASKED AGAIN.

The reappearance of the president's anti-inflation program in legislative form brings to mind the home brew. "This is where we came in," Mr. Truman has asked for a return of the wartime powers to put industry into a state of control. It includes a request for authority to put entry into those industrial fields where government opinion indicates a shortage of output.

Government supporters of the proposal refuse to admit that there has been a change in the economic picture, brought about by natural forces. They still insist that we must have continuing price controls, rent controls, export controls, credit controls, allocation controls, and all the rest. The president talks of wage controls, but in such a warped way as to be meaningless—Houston Chronicle.

WHY HIGH COSTS.

The need for a reorganization is very evident when we learn that within the last 16 years our government has grown from 500 agencies to over 3,800 bureaus and agencies. The number of federal government employees has increased from 570,000 to over 2,100,000. The cost of the federal government has increased from \$1.5 billion to over \$10 billion. Money saved by your government, whether it be federal, state or local, means more money in your pocket which you can use to buy more of the necessities and conveniences of life. There is much over-lapping, duplication and even agencies working at cross purposes in our government, and we have paid a high price for this way of doing things. No business in America could last very long using the economic methods of our government bureaus and departments.

MULTIPLYING TAX COLLECTORS.

In the event President Truman's expanded Social Security plan is approved by congress, every farmer and every housewife will become a tax collector. All farm laborers and domestic servants are to be included under the proposed measure, thus providing at least 1,000,000 additional workers with Social Security benefits. Each worker, it is said, will be supplied with a card, on which stamps are to be placed representing four percent of their wages, to be divided equally between the employee and the employer—Walt Hunt (More) Times.

"The change in the business picture, small as it has been, seems to be making itself felt in some congressional circles. As an example, a considerable list of lawmakers, including many on the Democratic side, look with life in the face on more taxes, either on the individual or corporations, on the ground that they might act as a deterrent to production and plant expansion. There is also a strong sentiment against complete repeal of the Taft-Hartley act and a return to the Wagner act, because of the danger of labor-management disputes might result.

Applicants interviewed.

Applicants for the post of manager of the Crockett and Houston County Chamber of Commerce are being interviewed by the committee, according to a report by Mrs. Hattie Belle Milburn, secretary. The committee consists of the chairman, Claude Brown, and Herbert Callaway, John Langford and Sam A. Miller, with Buck Sullivan, C. C. president, an ex-officio member. Mr. Sullivan has expressed the desire to have the new manager introduced to all those attending the chamber of commerce banquet about March 24.

PEOPLE VACCINATED

AGAINST DEPRESSION

HOPEFUL IT TAKES

Non-Jesse Jones of Houston is inclined to be a humorist. He predicts that out of depression is finally ending and that prices will gradually level off. He says there will be no depression that the politicians have learned how to prevent depressions. They now resort to subsidies. If any business seems to be going down, they just subsidize it. He doesn't say so, but as a matter of course, they have no way of subsidizing except with the taxpayers—the people's money. He says the plan of preventing another depression is to subsidize all the way down from business to the individual. In that is his theory of humor—joking the money away from the people through taxation to keep them from going broke. He says the money is now it is going to keep them from going broke in a depression.

LOVELADY 40-35

Kure, Japan, January 31, 1948.—Private Donald E. Ross, son of Mr. and Mrs. F. M. Ross, Crockett, Texas, recently joined the 24th Infantry Regiment, a unit of the 24th Infantry Division, now occupies the entire island of Kyushu, third largest and southernmost of the Japanese home islands. Private Ross enlisted in the service in September, 1947, at Houston, Texas, and prior to his arrival in Japan had been assigned with the 3rd Battalion of the 24th Infantry Regiment, a unit of the 6th Infantry Division, Camp Byrd, Kwanjang, Korea. He arrived in Japan in December, 1948, and joined the 24th Infantry Division, and was further assigned to the 24th Infantry Regiment. His brother, Sergeant Frank Ross, is also serving with the U. S. M. C. He was awarded Korea's Occupation medal.

OLD PEABODY PEW

METHODIST CHURCH

"The Old Peabody Pew" by Kate Douglas Wiggin, directed by Betty Greene Little, has gone into rehearsal and will be presented at the First Methodist church beginning March 8 by the Western Service Guild in cooperation with organizations from the other churches of the city. Tentatively the cast consists of the following: The romantic leads are Jack Beasley Jr. and Mrs. Mabel Jones. Arden, and the other characters are played by Mrs. Ruth Leimberg Lewis, Mrs. Homer Lacy Callaway, Mrs. Alma Turner Leimberg, Mrs. Lucia Wardfield Duggan, Mrs. Dec Thompson Houston, Mrs. Elvira Tunstall Bennett and Mrs. Burt Harris Lake.

Jane Fuller Plans.

Mrs. Jane Fuller went to Houstonville Wednesday to visit the home-making department of the high school there. She is planning the area home-making program in which she will have one of the leading parts.

Grace Allen.

Well, it seems the movie industry is going through one of the biggest unemployment periods in its history, and it certainly sympathizes with the little people affected. But, after all, it's very unbecoming to have the handsome actor you saw winning a millionaire's playboy on the screen come up to you on Hollywood Boulevard with a tin cup saying: "Can you let me have \$75 as I can't have water in my swimming pool this summer."

Believe me, it would wring your heart to see some of our glamorous lady stars in their tattered milk and wearing last month's milk walking
