AGRICULTURAL IMPROVEMENT ASSOCIATION

At its regular quarterly meeting Friday night, April 14, 1949, Houston County Agricultural Improvement Association named W. T. Brinson, Charles Allen and M. E. Darcey to serve as a committee to gather information concerning better market outlets for farm products.

The committee will investigate the possibilities for better market outlets for present Houston county products as well as the possibilities for new agricultural products such as green and dry beans and other crops.

The association feels that lack of suitable market outlets is the greatest handicap Houston county farmers have.

R. L. Barnett, President
