Encouragement.

Mrs. C. H. Beasley of Houston, renewing her subscription to the Courier, says that she looks forward to getting this paper. The Courier wishes to thank Mrs. Beasley for her words of encouragement.

GET THE FLIES OFF YOUR CATTLE.

We have heavy-duty sprayers that will save the price first spraying in growth of your calves and in pounds increase in your cows.

COLLINS TRACTOR & IMPLEMENT CO.

About 59 per cent of the population lives in cities, and these people naturally "hold the power when it comes to electing a president. But presidents can't pass laws. And congress, which does pass the laws, is dominated by men from small towns and rural areas," as U. S. News put it. That is also true of the majority of state legislatures.

This Wonderful Era.

The Courier has received notice of another advance in the cost of newspaper. The reasons advanced are the high costs of manufacture and the low percentage of production.

Higher wages and shorter hours have increased the costs of all products, and production will not be speeded up. Looks like another three-years of it.

Senator Byrd, Democrat, Virginia, pleading anew for economy, Thursday called on the Truman administration to lop 500,000 employees off the federal payroll. The Virginia lawmaker made his appeal as the senate got ready to vote on a fresh proposal to trim an appropriation bill 5 per cent. Previous attempts by an economy group to cut two other money bills by the same percentage have failed.

Drilling for Oil.

The Courier hears that drilling for oil will again be done on what was formerly known as the Murray Brothers' farm on the Trinity river. An attempt for oil was made some time back on this farm, but without profitable results. We also hear that an attempt will be made on the Beard farm, in the same vicinity, or nearby, to find oil.

Installation of Officers.

Mrs. Harmon Lowman of Huntsville, wife of the president of Sam Houston State College, will install the new officers of the local Women's Society of Christian Service on Monday afternoon at 3 o'clock, the Courier is advised by Mrs. W. M. Lewis. The terms of the new officers begin June 1st.

Dance Party.

Ann Spain and Bobby Neal Morrow entertained a number of their friends with a dance at the Memorial building on Thursday evening, May 19. Sandwiches, potato chips, olives, pickles and cookies were served. The school colors of blue and white were carried out in the decorations. All maintained its perfect record in reported a very enjoyable evening.

Smith-Murchison Wins.

The Smith-Murchison Hardware Company softball team won a Tri-County League game at Groveton Tuesday night, 14 to 1. W. H. Holcomb Jr. pitched two-hit ball for the Crockett team. The hardware club maintained its perfect record in league play with the victory.

Try the IH Plan of Managed Dairying First, With the Milker,

as advertised in the Courier last week, and second.

With the International Milk Cooler that Stores Up Cold. Fast-cooling International milk coolers build up an icebank 3 1/2 inches thick. This stored cold—plus exclusive pneumatic agitation—chills the rated can capacity below 50 F. within one hour, and does this job twice a day.
