CROCKETT COURIER: JULY 21, 1949

**Just like having
a store in
your kitchen!**

Imagine... a sparkling, new electric range with automatic controls that cook your meals to perfection... economically... with little or no effort on your part... AND... a handsome, streamlined food freezer filled with delicious fruits, vegetables, meats... out-of-season ones, too... all within a few steps. It's not a dream... it's a kitchen reality. You'll be surprised how wonderful it is to cook and store your foods the modern way... the electric way, of course!

See your Electric Appliance Dealer for information about the new Electric Ranges and Electric Food Freezers.

Of Course, It's Electric!

TEXAS POWER & LIGHT COMPANY

S. V. HALL WONDERS HOW OLD NEIGHBORS, BUSINESS, CROPS ARE

Excerpt from a letter home from Stanley V. Hall, now living at Wheaton, Illinois: "We get our paper (the Courier) every Monday, and get posted up-to-date on all the printed news. See where our neighbors, the Caprellians, are in Mexico for a vacation. We never did learn who went in business where their grocery store was. How is the new Western Auto man getting along in his business? They have a store like that up here, but they call it 'Western Tire Associate Stores'."

In answer to his letter: Mr. and Mrs. E. E. Caprellian have just returned from their vacation in Mexico. They like Acapulco best of the places visited. It is a resort which is on the Pacific; the hotels sit almost down in the very blue water of the bay. Foreigners are plentiful and there is a European atmosphere to all the life and entertainment. Mr. and Mrs. Lucy Hooks have moved from their former location at 223 E. Colloid to the new location at 300 E. Colloid. Mr. and Mrs. Tom Adams are in grocery business at the former Lucy Hooks location. Henry Puckett at the Western Auto Associate Store gives answer to the final question in Mr. Hall's letter: "We are doing much better than when we first came." Mr. Puckett said: "A study of the figures of Western Auto shows that this store in Crockett is doing almost 50 per cent better business than it did a year ago."

Mr. Hall states that he has noticed he is nearer New York city than he is to Crockett. "It is just about 1200 miles from here to Crockett..."

SHERRON'S HEAR INSTITUTE SPEAKER

Left B. Sherron, manager of the Crockett and Houston County Chamber of Commerce, spent July 17 in Dallas at the Southwestern Chamber of Commerce Institute which was held both at the Baker Hotel and at the Chamber of Commerce building in Dallas. Speakers were there from all important cities near and far. Inaugural speaker Wednesday night was Charles T. Evans. All phases of the work of managers of chambers of commerce were discussed in workshop groups. Mr. Sherron was accompanied to the convention by Mrs. Hattie Belle Miller, secretary.

OIL INTEREST PICKING UP IN MADISON AREA

Oil is taking on new interest in the Madison county area. Two new wells were reported in the planning stage Friday, both in unproved areas, with drilling to begin within the next few weeks. On top of this, Humble Oil has obtained oil exploratory rights covering the Ferguson farm on 224 acres. A geophysical survey of the Ferguson farm is scheduled to start at once. A deep test three miles east of the Frank Hill dairy farm on 400 acres of the John Tolbert league will be drilled by Robert H. Talbot of Houston and Dr. E. M. Ammons of Texas City to 10,000 feet unless oil is encountered at a lesser depth. This test will begin at once. A shallow test also is planned on a block of town lot leases lying 1/2 mile east of the Madison county court house and a mile south. Drilling will begin soon. The test is projected to 5000 feet. Robert Roberts of Austin will drill the test. In case oil is found a second well will be started within 30 days. Every tract in the block will get a test within two years if oil in commercial quantities is found.

PUBLIC TOUR OF CONTEST CROPS WILL BE JULY 28

Houston County Agricultural Improvement association will conduct a tour of the crop contest plots in Houston county July 28. Every one who can possibly spare a day or part of a day is urged to join this tour to observe the best corn production Houston county has ever had. Several of the acres to be observed during the tour are estimated to produce 75 to 100 and more bushels per acre. Many examples and comparisons of highly fertilized versus starved corn acres will be observed.

Tours are to be on a community level controlled on a county basis. The following is a list of tours to be conducted: (All tours start promptly at 9 a. m.) Lovelady-Weldon: Start at Lovelady school building. Crockett-Latean: Start at Fair Park in Crockett. Kennard-Glover: Start at Kennard school building.

Grapeland: Start at Grapeland school building. Austin-Porter Springs: Start at Austin-Porter school building. All persons interested are urged to join the tour nearest you and make the rounds with the tour leader. Mr. and Mrs. Paul Ferguson and son, Paul Jr., have moved from Crockett to San Marcos. Formerly employed at the Ferguson's Meat Shop, a freshman in the department of business administration at the Southwest Texas State College. Miss Dorothy Ann Moore has returned from a visit in Beaumont with her aunt, Mrs. Minnie Eva Ragdale, her aunt, Mrs. Minnie Eva Ragdale, her aunt, Mrs. Minnie Eva Ragdale. Newspaper and radio people will and should, Miss Frances Ragdale.

IS STYLES A NEW DEALER?

We have always looked upon James Y. Byrnes, former Secretary of State, and a former Associate Justice of the Supreme Court of the United States, as a New Dealer, whatever else he may have been or is. Certainly he has been in favor of Roosevelt and with Truman in his time, which would seem to identify him with the New Deal. And yet, the other day, according to a

DR. CLAUDE RILEY

OPTOMETRIST
East Side of Square
Crockett, Texas
At Riley's Jewelry Store
Office Hours 8 AM to 12 Noon

report, he made this statement: "There is danger that the individual—whether farmer, worker, manufacturer, lawyer or doctor—will soon be an economic slave pulling an ear in the pail of his state!" The most rabid conservative, anti-New Dealer could not have described the Roosevelt-Truman era more appropriately, so what is Jimmy Byrnes now? Your guess is as good as ours. Savannah (Ga.) News.

MEAT FROM CROPS.

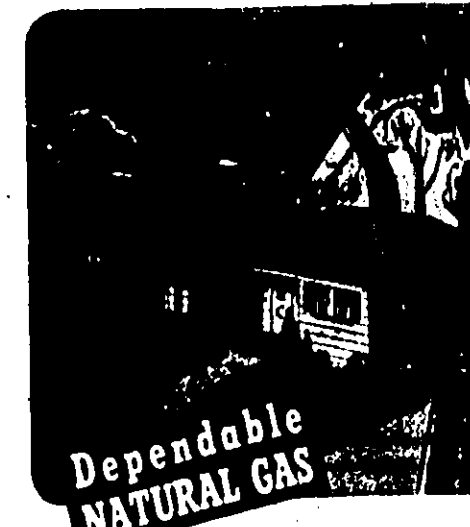

Mother Nature's own "mechanical harvester"—the hog—is a labor-saver that has some advantages over man-made machines, such as the corn of cotton picker and grain combine. Properly used in hogging-off crops, it not only does the work of harvesting, but produces meat cheaply at the same time—something no machine can do. Hogging-off grain, sweet potatoes, peanuts and other crops saves labor, saves storage space, aids sanitation in hog raising and returns rich manure to the land on which the crops were grown. Morrison's "Feeds and Feeding," standard feeding textbook, reviews experiments proving that hogging-off grain is an economical practice, and makes gains fully as rapidly as feeding pigs in the dry lot.

From the Italy (Texas) News Herald: School teachers, college instructors and scientists are up in arms about the proposal that all in each category take an oath that they are not members of the Communist party. Somehow we cannot get excited over the matter. For one thing we can see no reason why any person who can honestly take an oath should object; for another we can see no reason why any one should expect a member of the Communist party to have any qualms about false swearing.

**HOUSTON COUNTY
VOCATIONAL SCHOOL
TO MOVE OFFICE**

The county office of the Houston County Vocational school will move to its new location, just south of Crockett, on the highway July 21. The Crockett agricultural class, formerly located at Crockett High school, will also move to the new location.

Faithful SERVICE 24 hours a day

Any hour of the day or night, regardless of weather, dependable natural gas service is on the job—ready to cook your meals instantly—maintaining an immediate supply of abundant hot water for your needs. Keeping your perishable foods fresh through silent, constant refrigeration—providing heat when needed. Aside from its unexcelled dependability, natural gas service for household appliances provides the maximum in clean, convenient, superior performance—at lowest cost. No other service offers so much for so little cost.

For the utmost in performance, economy and dependability, you can put your full confidence in natural gas service.

UNITED GAS

FARM TO MARKET ROADS DESIGNATED IN HOUSTON COUNTY

The Crockett Courier,
Crockett, Texas.

Enclosed you will find a copy of designation of farm-to-market roads just passed by the Texas Highway Commission. This work is to be built under the provisions of Senate Bill 287, passed by the 51st legislature.

Funds for the roads to be built under Senate Bill 287 will become available in September of this year, but the commission has taken immediate action to program roads in order to insure quick work as construction funds accrue. Hoping this information may be of value to you, I remain yours truly, John Davenport, Administrative Aide.

In Houston county the following described roads are hereby designated as Farm-to-Market roads, subject to the availability of funds under the terms of Senate Bill No. 287 and subject to the condition that Houston county will furnish all required right-

of-way free of cost to the state: From FM 228 in Grapeland southwest to road intersection, a distance of approximately 7.9 miles. From State 45 in Lovelady east to road intersection, a distance of approximately 3.5 miles. Upon acceptance of the provisions of this order by the proper officials of Houston county, the state highway engineer is directed to proceed with the preparation of plans for construction at an estimated cost of \$154,000 and when right-of-way and funds are available to proceed with construction and to assume the roads for maintenance upon completion of construction. John Davenport, Administrative Aide.

The Fun Begins at your own Front Door

KNOW a nice cool spot where you'd like to be if it weren't quite so far away? Got a wooded lake in mind, a sandy beach, a gorgeous mountain top, where you'd love to be—if it weren't a long day's drive to get there? Well, pick up your phone and get your reservations in! For not far away is a Buick dealer with a gorgeous new beauty with Dynaflo Drive—and what that does to vacation fun you're going to find hard to believe.

For Dynaflo makes the going so much fun as being there. Travel time is no longer "time out"—but part and parcel of your vacation. And no wonder! Every mile is cushioned in the sweetness of smoothly flowing oil. Gearshifting is something you forget about—traffic a mere matter of manipulating the gas-treadle and brake. Even back-seat passengers feel a brand-new comfort, free of jerk and jar and the harshness of direct gear drive. So you end the day finding you've come farther—and feel fresher. Far from being just "another" standard on ROADMASTER, special extra cost on SUPER models.

BUICK alone has all these features:
58-cu-in. DYNAFLO DRIVE • FULL-VIEW VISION from enlarged glass area • "LYING SPACE" INTERIORS with Deep-Cushion cushions • Buoyant riding QUADRALEX COIL SPRINGING • Lively FLEXIBLE STRAIGHT-8IGHT POWER with SELF-SETTING VALVE LIFTERS plus IN-POISED SHOCK MOUNTINGS • Crisp Line VENTILATORS • DUREX BEARINGS, main and connecting rods • Low pressure lines on BATTERY-DRIVEN PUMPS • SWING-EASY DOORS and easy access • BODY BY RUBBER • Standard on ROADMASTER, optional on other Buick models.
