Utterly stylish is this Chrysler 1949 Town & Country convertible, equipped with its distinctive wood-on-steel construction, being displayed by Chrysler dealers this month. The steel paneling on the doors, rear quarter panels and rear deck resembles finely grained mahogany and the decorative trim is highly polished white ash. Improved construction of this model features an all-steel underbody, which replaces the wood-steel structure formerly used, giving greater strength, safety and serviceability. It is powered by the 135-hp. Chrysler high compression 8-cylinder engine. The Town & Country convertible comes in a large variety of body colors, four top colors and ten upholstery options.

AMENDMENT TO QUALIFY WOMEN AS JURORS SUBMITTED

Austin, Texas, August 8, 1949.

Dear Sir:

To be qualified as a juror is not a right. It is a privilege given by law. The law gives it, and the law can give it, deny it or take it away. In Texas, only men can serve on juries. The qualification is given by the constitution.

There is pending a proposed amendment, to be voted on November 8,

to qualify women as jurors. It is compulsory, and if ratified a woman, if on the venire, will have to serve on the jury if selected unless she has a legal excuse.

In felony cases the jurors must be kept together. This means the counties of Texas must provide two separate quarters in all cases where there are men and women on a jury, or perhaps four sets of quarters. If a jury has men, Mexican women, colored women and white women on it, there will have to be provided quarters for the men, for the Mexican women, for the colored women and for the white women. If this is not done, they will have to put all the women in one set of quarters. If they do this, it will destroy our idea of segregation and acknowledge the doctrine of racial equality. All these jurors will eat at the same table. The women will use the same bathing and toilet facilities, unless different quarters are provided. This leads to social equality. Can we pay the price? If we adopt this amendment, we will have to pay it for the United States Supreme court has held that colored people, when qualified, cannot be discriminated against in jury service. Think it over, and vote against this amendment. Vote No.

T. H. McGee.

NEW in looks—NEW in room—NEW in handling—and priced right down your alley!

FAST your eyes, folks—and reach for your checkbook.

For here, in one stunning, swift-lined bundle, is everything—yes, everything—you've been hoping for.

New style note? Well, just look at that brand-new idea in front-end styling. Grille, bumper, bumper-guards and even parking lights all combined in a single, sturdy assembly that means you can't "look horns" with other cars!

New over-all size? We've trimmed inches from its overall length for hucksters in traffic—yet here's still the generous wheelbase that spells a level-going ride.

New roominess? Swing open the doors—a thumb-touch does it!—and gaze on the biggest interiors you can buy for the money, with sofa-wide front seats and no less than 12 more inches in rear-seat hiproom.

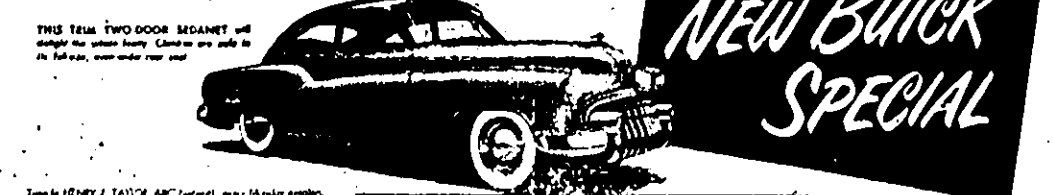

Slip behind the wheel. Finger-easy Synchro-Mesh transmission if you choose—the satiny smoothness of Dynaflow Drive* as optional equipment if you want the very latest thing.

And if power is your meal—just lift the bonnet and look on a husky Fireball power plant of 110 horsepower.

With conventional transmission, 120 with Dynaflow Drive.

Surely here's a car big as your fondest ambition—yet price-wise it's right down your alley! Fits modest family budgets as it fits modest-size garages, puts Buick in reach of still more people!

So here's really a "must see" item! On display now, in three trim-'n'-tidy body types, it won't stay long on dealers' floors. Go now—see it and get that order in!

Stuffed Hamburgers Please Hungry Picnic Crowd

Let's suppose you are planning a summer picnic for the family and guests. Picnic entertaining can be easy. If you have an out of door fireplace available you might build the menu around roasting meat of some kind. Lacking the fireplace the meat of corn can be cooked in boiling water. Most Americans are always hungry for sweet corn and this is the time when it is at its best.

Now what you think of a menu like this:

Stuffed hamburgers potato chips Sweet corn on the cob Stewed tomatoes and cucumbers Apple sauce turnovers Watermelon

If you add coffee for the grown ups and milk for the youngsters what more do you need? Nothing, really, but more of the same. But you may want some recipes. Suppose we check off some of the easy foods. First:

Easy Fried: Potato chips need such a list. All you need to do is to buy enough of them because no one comes to a picnic when to stop eating them. They are crisp, salty, and appetizing.

Peel the tomatoes. Leave the red washed skin on the cucumbers. Run the sharp line of a fork up and down the green cucumber skin on the whole cucumber. Do this on you have a partial row of indentations when sliced. Each slice shows the mottled and decorative effect.

Corn On The Cob: Roasting ears of sweet corn may be prepared in either of two ways. First, the ears with water husks and silk left on, are immersed in a tall pot of water. Let them stand in the water for a half hour or so. Then shake the ears well and bury them, husks and all, in the hot coals. If you know the likes of the guests at the picnic you might prepare roasting ears with garlic flavored butter. Carefully remove the silk and turn back some of the husks.

to us as happy and useful citizens," he continued. "The best way to assure this is through USO which is on the scene to serve them whether they are stationed at some military establishment here in the United States or at an overseas outpost.

"The USO provides the thousands of veterans in army, navy and veterans' hospitals with regular professional entertainment, and the frequent reminder as valuable to their morale that neither they nor their heroic deeds have been forgotten.

"If our young people can give up valuable years out of their lives in the defense of their country, we civilians at home certainly can show our gratitude and our support through the USO," Mr. Reese said.

JONES SELECTED FOR REGULAR ARMY TOUR OF DUTY

Memo to Major Mims of Crockett: "2nd Lt. Jasper I. Jones, Inf-Bn., 300 Johnson Avenue, Crockett, has been selected to re-enter the army on 30 July and will be stationed with the 5th Infantry Division at Fort Jackson, S. C. He will enter a competitive tour of duty on 15 July 1950 for the purpose of competing for a Regular Army commission."

This memo is from Major T. J. Brett, PIO, Texas Military District.

2nd Lt. Jones is a graduate of Crockett High school in the class of 1945. He has a Bachelor of Science degree from Texas A. & M. college with a major in accounting.

Throughout high school Jasper was a popular employee of the City Drug Store. In A. & M., too, his popularity continued among his classmates and friends.

His mother, Mrs. Elsie Jones, is employed in the office of J. I. Curney, abstractor.

Yes, folks, the hottest part of summer is still ahead! The mercury will likely hover around those blistering 100's for many weeks to come. But you needn't be uncomfortable about it. Brew-mopping is definitely old-fashioned these days... for there's an easy and inexpensive way to take a vacation from the heat. Just go to your nearest electrical appliance dealer... look over his stock of coolers and fans... and make your choice! It's as simple as that!

Whether you select an evaporative room cooler, attic ventilation or a portable fan, you'll find amazingly modest prices. No longer a chore, summer-living is a pleasure! Take full advantage of dependable, low-cost electric service... go electric all the way!

SERVING the Gulf South

... by providing MORE JOBS AND MORE PAYROLLS

Jobs and payroll are important to you and your family and are equally important to all other residents of your community... to the grocer who shares in your spending, to the doctor, the hardware or department store. They all get a share of your pay check.

United Gas, with more than 5,000 employees over half of whom are in Texas, is one of the major employers of the Gulf South, and through its payroll helps to create MORE JOBS and MORE PAYROLLS. This is another example of the way the American Business System works to bring better living to your community.

Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week, Specs knows him all by first name. I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods and wherever the dogs flush a bird, I blast away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing things (that way) I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for butter-milk. I'd rather have a glass of liver anytime... but Specs Allen and I don't let little differences get in the way of something like friendship.
