ARMY COMMANDER AT PEARL HARBOR DIES AT DALLAS

Dallas, September [4.—The]
[uncertain] body of

Maj. Gen. Walter C. Short, 69, who
often accused the War [Department]
[uncertain] of making him the scapegoat"
in the

Pearl Harbor disaster, left here Sun-
day night for Washington.

He will be buried in the Arlington
National cemetery.

The tall-grey-haired soldier who
commanded the army at Pearl Harbor
when the Japanese attacked [Decem-]
[uncertain] [ber] [uncertain] 7, 1942, died
quietly at [bls] [uncertain] home [bere]
[uncertain] Saturday night. He had been in
i) health from a [beart] [uncertain] ailment
for several years. [Saturday] [uncertain]
his condition then became critical.

The Jap attack on Pearl Harbor ended
General Short's [jU-year] [uncertain] army
career. A few days after the bomb [thg]
[uncertain] raid he was [relieved]
[uncertain] of [hia corfimand.] [uncertain]
Within a few weeks he retired. The
general was both praised and [canaured]
[uncertain] for his actions at Pearl Har-
[bor.] [uncertain] For four [years—until]
[uncertain] a con- [gressiona]) [uncertain]
Investigation In [1946—he] [uncertain]
refused to tell his side of the story.

When the entire story is unfolded.

I am certain of complete vindication
in the eyes of the American people," he
said

Early in 1942 a presidential board of
inquiry laid dereliction of duty" to
General Short [asd] [uncertain] Admiral
Husband E. [Kimmel], [uncertain] naval
commander at [Pearl Harbor.- Kimmel]
[uncertain] also was [relieved] [uncertain]
and retired.

When the general appeared before the
[congressional] [uncertain] committee, he
said he obeyed instructions from

Washington as he understood them. He
claimed that he had not been furnished
with information obtained from
intercepted Japanese messages indicat-
ing that war was imminent.

Time and again he contended that the
war department attempted to single him
out as the scapegoat for the disaster."

The 10-man senate and house
committee found that Short's and
Kimmels' actions [prior] [uncertain] to the
Pearl Harbor attack were [erfora]
[uncertain] of judgment and not
derelictions of duty."

I am satisfied that the testimony fully
[absolved] [uncertain] me from blame and
I believe such will be the verdict of
history," Short said afterwards. As I have
stated before, my conscience is clear."

Army and navy boards of inquiry found
that errors of [Judgment] [uncertain] both
in Washington and Pearl Harbor had part
in the disaster. They found no grounds for
court-martial proceedings.

THIS DAY IN TEXAS BY CURTIS BISHOP,

Members of the [Chervhko Strip]
[uncertain] Cowboy Association on
September 6, 1936, erected a stone
marker at the grave of Will Pickett, the
first great cowboy performer.

This negro daredevil is generally
[credited] [uncertain] with being the first
bull-dogger. [Lis] [uncertain] method was
[lightly] [uncertain] different from that of
present day [cowboys]; [uncertain] he slid
off a horse, caught the steers' horns with
his [hand.] [uncertain] then sank his
teeth in the steers' nostrils to bring the
animal down.

Pickett's rodeo career began in west
Texas, and he was the star of earlier
rodeos at Canadian and Pecos. After
Joining the 101 Ranch Wild West Circus,
Bill Pickett appeared in Mexico [whery]
[uncertain] he tackled the wildest [4]
[uncertain] bulls, wagering that he could
not only throw the beasts the matadors
feared, but hold them down for 7%
[rs]] [uncertain] minutes. He usually kept
the bull in a tight embrace for twice that
time.

Death came to [thie] [uncertain] early
Texas cowboy in 1932, when at the age of
72 he was injured while roping broncs.

Some of the [carlleat] [uncertain] crack
rodeo [4.2] [uncertain] hands in Texas
were negroes, Dave of San [Antonio]
[uncertain] for instance.

When the customer [saked.] [uncertain]
What about Sir Loin tonight!" the waiter
[reas] [uncertain] replied that Sir Loin
[hadnt] [uncertain] been [4] [uncertain] R
in yet.
