PRETTY DRUMMAJORS PRETTY TWIRLERS ADD TO PARADE

The band is the thing. Without a band, any parade would lose much of its attraction. Next to the band, prancing horses and pretty women attract. And the crowd comes in for no small part. The fair parade Tuesday had four bands. Leading the parade was the Hunsley High School band. Further along came the Grape-land band, and then the Loveland band. The Crockett High School band brought up the rear for music. All of the bands brought cheers from the crowds lining the sidewalks. There seemed to be no favorites, outside of personal acquaintances. There seemed to be no place to stop cheering once you got started, you just had to keep it up. And if you thought that automobiles had displaced pretty horses, the parade changed your belief, for many pretty saddle and harness horses were in the parade. Those pretty drum majors and twirlers, those very neat uniforms, from seeing the rest of the band. Well, we seem to hear a voice saying, "That will do."

GAMMA CHI CHAPTER HAS GROVETON MEET

Gamma Chi chapter of Delta Kappa Gamma, honorary fraternity of women teachers, held their first business meeting of the year Saturday night at Groveton. Mrs. Ladda Jones of Groveton is president and Mrs. Eva Bynum of Crockett is vice president of the chapter.

Project for the year is the plan to provide a scholarship for the most worthy girl planning to make teaching her profession. Following the business session, refreshments were served by the host group, the Groveton ladies.

Guests from Crockett were Mrs. Bynum, Mrs. Ruth Maxwell, Mrs. Kathryn Mason, Miss Katy King and Mrs. Beane Faver.

In October they will meet again in Groveton. Yearbooks will be ready for distribution by the yearbook committee. Mrs. Maxwell, Miss King, Mrs. Claude Brown, T. P. & L. district manager, announced.

"In order to give the most efficient service to these rapidly expanding parts of town," Mr. Brown said, "the primary voltage is being raised from 2400 volts to 12,500 volts. This entails rebuilding the existing primary distribution circuit, and adding new materials and equipment as necessary."

Not only will this insure adequate service to meet present demands for electric power, he explained, but the new voltage, which is the same as that serving many of the larger cities, will provide for future growth and development, which is anticipated by the increasing population of Crockett.

Work on the project already has more than passed the half-way mark, said Mr. Brown, and in order to facilitate the work further, three additional T. P. & L. engineering crews have been moved into Crockett to help complete the job as quickly as possible.

Approximately ten and a half miles of distribution line are affected by

the work being done here in the area north of Goliad street, roughly defined by the old Bank road, Grace street and the Alto highway, and between Stokes and Patterson streets west of Fourth street.

As is well known in our time, a government may be totally tyrannical. An all-powerful government, however all the citizens are under the heel of a dictator, allows no liberty is any one except the dictator himself. It has been said that the authoritarian society is one wherein everything not prohibited is compulsory. The dictator may, of course, grant temporary privileges to some in the same manner as a prison warden grants privileges to a "trusty."

Week-end visitors from Houston were Miss Joanne Tovey to her parents, Mr. and Mrs. J. E. Tovey, and Pat Tovey to his mother, Mrs. Ruth Tovey.
