Severe Cotton Damage.

There doesn't seem to be any question but that cotton in the fields, and many fields are not white with cotton, is severely damaged by the inclement rains. Not only is the grade of the cotton lowered, but harvesting is severely interfered with. Expensive harvesting hands are compelled to wait for dry weather. The cotton producer has the grade lowered, he has the expense of the unproducing pickers to maintain and, besides this and the lowered grade of cotton, he has other losses to be met. It would be difficult to estimate all of his losses, among which the lowering of grade is only one item.

Fellowship Hall was decorated in the Japanese manner with arrangements of chrysanthemums, dahlias and graceful flowering shrubs. An exhibit of cotton from Japan was presented by Mesdames Carl Goolsby, Charlie Noel and Bert Sherron, each of whom explained the significance of the various items.

Decur, Charlie Noel and Mabel Hall, followed by the devotional given by Mrs. LeGrand. Mesdames Joe Bennett, Eugene Harvey and Glover Morrow served tea and little cakes from a table laid with woven mats and centered with a lacquered tray filled with pomegranates and Japanese persimmons.

MISS WRAY SPEAKS ON YOUTH CENTER AT LIONS LUNCHEON

Homer Clifford Leediker was an applicant for membership at the Lions Club Tuesday luncheon at which the program was in charge of Lions Herbert Callaway and Dr. A. B. Brown Jr. Lion Harvey Bayne presided. Miss Barbara Wray, president of the Youth Center activity, spoke to an attentive audience of Lions on the value she sees in the teen age group having a place to meet in the afternoons and evenings.

Speaking very earnestly of the value they have already derived from the P. T. A.-sponsored Youth Center, which until recently has been having a building of its own rented by P. T. A. Miss Wray said: "You would just have to be a teenager yourself to realize the necessity of such a center."

Her father, Lion Bob Wray, added his emphasis to what she had said, adding that if the Lions see fit to back the students in their youth center, he is willing to lead in the program wherever he is needed.

Lion Robert von Doenhoff moved that the major activities committee, of which Lion R. L. Allen is chairman, be given authority to study the situation with the idea of lending a helping hand. The motion carried unanimously.

A report from the board of directors meeting carried the approval of Royce Heard for membership and a vote to pay \$30 to the Gonzales Warm Springs fund and \$20 to the Cancer fund.

NEW BOAT HOUSE RESTOCKING FISH COMPLETE CAMPAIGN

With the completion of the new boat house the Spring Creek Country Club rebuilding program has been completed, according to J. G. Beasley Jr., president of the club. This program consisted of rebuilding and restocking the club house, sanding the beach and stocking the lake with fish. Relocated at the north side of the lake, the new boat house will now accommodate 25 boats. Many new additions have been made to the club house, including some new kitchen equipment, new living room furniture and drapes, curtains, etc., and other beautifications.

Restocking the lake with fish has been accomplished by John E. King, chairman, and his committee, and is a program which might well be followed by any other lake owner or organization. Mr. Beasley reported. They secured the services of a fish expert, Dr. Stover of North Texas State College, Denton. The fine band of fingerling also should be ready for catching in about a year.
