ANNUAL MEETING
TEXAS FORESTRY
ASSOCIATION

Over a similar period December 11, an Associated Press survey reported 245 traffic deaths and 129 persons in Texas with traffic, fire and gunshot leading the mortality count.

It was one of the most tragic yuletide in Texas history as the state's list of dead piled the national holiday death toll.

As the death list lengthened with each passing hour, traffic led the way with forty killed on busy highways and crowded streets. Five children were killed, one man drowned, and another died in a fall, a woman was shot to death, and a man was killed by an exploding hand grenade.

New Orleans, La., December 25.—A tugboat and a tanker collided Christmas Eve night and the resulting explosion and fire caused damage estimated Monday as high as \$3,000,000.

The tanker Esso Baltimore and the tugboat John H. B. were both damaged. The tugboat was towed to safety, but the tanker was on fire. The fire spread to the tugboat, and both ships were eventually abandoned.

What a man hears he may doubt, what he sees he may partly doubt, but what a man does himself he cannot doubt.

DR. S. A. KNAPP

When Dr. Scamper A. Knapp came to Texas in 1903 to conduct the first successful farm demonstration on the Walter C. Porter farm on Peetery Road near Terrell, he fathered the nationwide system of agricultural extension work which today has county agricultural agents and home demonstration agents throughout the nation and has done much for the development of our agriculture. In Texas today there are such agents to combat the boll weevil, which was threatening to wipe out Texas cotton, was successful. The merchants of Terrell had put up a \$1,000 bond to protect the landowner in case it failed. The federal government took over the work in 1904 and started the extension which has developed into one of the most successful adult education programs in the world. A strong believer in the value of demonstration, Dr. Knapp always reminded his followers: "What a man hears he may doubt, what he sees he may possibly doubt; but what a man does himself he cannot doubt."

Mrs. Mattie Satterwhite, who is in Port Arthur to spend Christmas with her daughters, Mrs. A. W. Gossett and Mrs. Joe Satterwhite, had a severe heart attack Friday afternoon. Mrs. Satterwhite is in St. Mary's Hospital.

New Year's Holiday.

Cards have been distributed by the chamber of commerce for display by local business houses, calling attention of the public to the fact that the places of business will be closed on New Year's Day. The public should be forewarned that next Monday will be observed as a holiday and make their purchases accordingly.

Wharton W. Championship.

Wharton High school won the class A high school football championship of Texas Monday afternoon by defeating Kermit High 13 to 9. The game was played before a crowd of 8000 at Sweetwater.

Finals at Dallas Saturday.

The Texas high school football season will reach its conclusion Saturday afternoon at Dal-Hi stadium in Dallas, when Austin and Wichita Falls vie for the state class AA championship. Wichita Falls defeated Austin 14 to 13 last year in the class AA finals at Port Worth.

A New York boy went to live in Texas. One day in school the teacher asked him to tell about the Alamo. "That's pie with ice cream on it," he said.

TEXAS 4-H Orators
Win State Awards

Don McElroy, 14, of Sugar, and Frances Jean Mullins, 14, of McAdams, have something to talk about. The ability to say it eloquently, convincingly and clearly, has won them state honors in the new 4-H Public Speaking program. In public talks about personal 4-H experiences and accomplishments they have been able to inspire others to do things worth while. Don's award is a beautiful 14-ounce gold watch, and Frances' is a lovely set of silverware, both presented by the Pure Oil Company.

The great value of 4-H work, which can never be measured by dollars and cents was one of the underlying thoughts of Don's speech. The friendship of interested adults, the benefits from democratic organization, the stimulation of activity, and the decrease of juvenile delinquency, all these are the rewards of 4-H work, according to Don. His speech ended with a poem extolling the role of mature adult leadership can play in guiding 4-H youth.

Mrs. Mullins' speech dealt with the role 4-H members can play in promoting good government. By taking the fullest advantage of their education, and by taking an active interest in American government, she expressed the belief that American youth can become even greater leaders than their forebears.

This activity is under the direction of the State Extension Service with USDA cooperation.
