**WEEKLY NEWSMAN'S
CREED ACCENTS
DIGNITY**

"A Creed for Editors and Publishers of Weekly Newspapers," written by the late William Greenleaf Hays, who for many years was director of the University of Wisconsin School of Journalism, is as apt now as the day it was penned.

"We believe that journalism is an honorable profession, essential to the welfare of society.

"We believe that the success of democratic government depends upon sound public opinion, and that the newspaper should aid in creating and maintaining sound public opinion by publishing significant news and editorial interpretation of news.

"We believe that a newspaper should publish the truth, the whole truth and nothing but the truth concerning all matters of importance to readers as citizens of the community, the state, and the nation.

"We believe that a newspaper that goes into the home should publish nothing that cannot be read aloud in the family circle.

"We believe that news of crime, scandal, and vice should be presented in such a manner as to deter readers from attempting to imitate the criminal and the vicious.

"We believe that all persons and all organizations are entitled to fair play in the columns of the newspaper.

"We believe in the right of privacy of individuals in all matters out of public concern.

"We believe that no propaganda or publicity matter should be published unless it contains information to which readers are entitled, and that whenever such material is printed, its source should be plainly indicated.

"We believe that neither the business interests of a newspaper nor any outside influence should interfere with the publication of the truth in news or editorials.

"We believe that the purpose of newspaper advertising is to create demand for commodities or services, to inform readers, not to mislead or defraud them.

"We believe that rates for subscriptions and advertisements should be sufficient to insure the publisher a fair profit.

"We believe that all statements of circulation should give the actual number of bona fide subscribers.

"We believe that only such newspapers as maintain the highest standards of truth, honesty and decency in news, editorials and advertisements deserve the support of the community."

Every man learns a plenty—the trouble is that we forget it too soon.

**GOVERNMENT
UPS COTTON
EXPORT QUOTA**

Washington, November 30. The government Thursday increased its export quota for American cotton by 1,500,000 bales or about 62 per cent for the eight month period ending next March 31. This brought the total quota to 3,400,000 bales for the period.

The original restrictions on shipments abroad, which limited shipments to 2,140,000 bales, were not up but month to conserve short supplies. An unusually small crop this year was responsible for the action.

Thursday's increase was made possible, Secretary of Agriculture Brannan said, because (1) there is no chance now of this year's crop falling below previous estimates and (2) surveys indicate these good prospects of getting a recommended 60 per cent increase in production next year.

Exports for the previous full marketing year amounted to about 5,700,000 bales.

While Brannan made no mention of it, other department officials said the government preferred to boost quotas while farmers still have cotton to sell.

Such action, they explained, would tend to give farmers the benefit of any price increases resulting from the raising of quotas. To delay raising quotas, they said, might limit benefits of price increases to cotton merchants and traders who acquired cotton from farmers during the harvesting season.

In adding the 600,000-bale portion of the quota increase after the first of the year, the department will take into account the supplies available to importing countries from other world sources, and the reserve import needs of those countries which are dependent upon the United States for cotton.

Brannan said that since announcement of the original restrictions on October 10, much additional and useful information has come to hand.

The curbs brought sharp protests from cotton men and southern congressmen.

"For example," he said, "adverse weather conditions in early October in the cotton-producing areas indicated the possibility of further deterioration in the quantity and quality of the crop. Since that time, weather conditions have improved to the point of being almost ideal for cotton harvesting. As a result, quantity has increased and grade and quality has shown improvement. This reversal of the trends, which prevailed at the time the preliminary allocation was made, warrants today's announcement."

Twice As Much For Texas, Too

BRIDGEPORT, CONN.—This year Thanksgiving comes twice to Texas, bringing with it two holiday meals to keep Lone Star State housewives twice as busy as usual.

Twice as much turkey is one answer, of course, but it takes a fellow-Texas to solve the menu problem with a much tastier idea. Miss Leta Jim Aldie, who hails from San Antonio and is now manager of the General Electric Consumers Institute, suggests a half turkey for the quiet "just family" celebration one week and festively decorated glazed baked ham for a full-scale "gathering of the clan" on the other date.

Half a turkey is better than one when you're cooking for six people or less, the Institute says. Just rub cavity of turkey with salt and outside with shortening, cover with cheese cloth dipped in melted lard, and place cavity side down on a rack in a shallow roasting pan. Roast in a 300°-325° oven 20 to 25 minutes per pound. When half done, remove turkey and spread a double thickness of wax paper on rack. Place sliced onion, cover with turkey, again cavity side down, and return to oven.

The ham, fat side up on rack in shallow pan, is baked in a 325°-350° oven 10 minutes per pound for a 14.15 pound pre-cooked ham. When done, remove ham from oven and cut off rind. Score ham by making 1/4-inch-deep diagonal cuts to form diamonds. Pour 1 1/4 cups dark corn syrup over ham and return it to a 325° oven for 15 minutes. Fruit salads, too, by surrounding the ham with "pouch pumpkins." Each pumpkin is made by fastening two drained peach halves together with toothpicks and filling the center with cottage cheese. Use cloves to simulate pumpkin lines on one side and a citron strip, tinted green with vegetable food coloring, for a stem.

**LAVEGA PLAYS AT
JACKSONVILLE ON
FRIDAY AFTERNOON**

Lavega High and Jacksonville High will meet in a second round class A playoff football game at Jacksonville, Friday afternoon. Lavega's undefeated and untied eleven advanced to the second round Thursday by downing Mexico High 27 to 13. Jacksonville won over Huntsville Friday night.

The following is a report of the game: Otis McCafferty even kicked here-fused in freezing temperatures here Friday night, but his team, the Huntsville Hornets, were beaten by the Jacksonville Indians, 35 to 20.

After a scoreless first quarter, the Hornets forged ahead in the second quarter to lead the Indians, 13 to 0, at the half.

When Jacksonville went out of bounds on its own 39 in the second, Huntsville took over with series of running plays. William Renfro scored from the 1-yard line.

Otis McCafferty pulled off his shoes and kicked. He missed.

From their own 32, the Hornets' following is a report of the game: Otis McCafferty even kicked here-fused in freezing temperatures here Friday night, but his team, the Huntsville Hornets, were beaten by the Jacksonville Indians, 35 to 20.

**FAIR DEAL
DEMOCRATS HOLD
THIN SENATE LEAD**

Associated Press in Dallas News.

Rejection returns Wednesday gave Democrats a thin majority of the next congress, but the edge was so narrow that it appeared impossible for President Truman to push through any significant part of the Fair Deal program in the next two years.

Republicans happily added up returns from Tuesday's voting, that showed large gains for their party in congress, some stunning defeats for Democratic stalwarts, and a Republican lead in governor votes into office.

The Republicans immediately claimed the results showed a complete repudiation of President Truman's domestic and foreign policies.

The Democratic lead in the senate was declared. One independent, Francis P. Brien, won out over a Democrat and a Republican in Ohio's Ninth District.

But the Democratic majority in congress was largely a paper victory so far as Mr. Truman is concerned. For it included a large southern bloc of congressmen who have voted against him in the past and undoubtedly will do so again.

And since many of the winning Republicans had criticized Mr. Truman's conduct on foreign affairs, it appeared that bipartisanship on international issues also was in for some rocky going.

From the Democrats' viewpoint, one of the most disappointing results of the building was the apparent loss of the voters gave such standard Republicans as Senators Robert A. Taft of Ohio and Eugene D. Millikin of California.

At the same time, it was thumped down for such Democrat leaders as Senators Scott W. Lucas of Illinois, Francis J. Myers of Pennsylvania, Millard E. Ewing of Maryland and Elbert D. Thomas of Utah.

**WILL COMPETE
FOR HONORS
IN MARCHING**

Crockett high school band, directed by George Reed, will compete for honors in marching at the annual Region I Inter-scholastic League contest to be held on the campus of Sam Houston State Teachers college in Huntsville.

The contest will bring together 43 bands from the Southeast Texas area, and is the first of two annual band contests conducted by the league. One other playing competition is scheduled at Sam Houston April 27 and 28. Sixty-four ensembles will compete April 23 and 24.

Each band will be judged on its marching ability by three out-of-state judges, and will be ranked in one of five divisions. If a band places in division one and receives the same ranking for its concert and night marching ability in the spring, it will receive a special plaque. Certificates will be awarded all bands placing.

Each band will be allowed seven minutes in which to perform the unit and time allocated to half-time activities for football games.

Twisting contests will be held in conjunction with the marching competition. Each twister or group will perform for six minutes before out-of-state judges.

Crockett entries in twirling include Ann Arledge, Peggy Scott, Hollie Smith, Dorothy Arledge, Cynthia Gail, Betty Ellis, Jane Ellis and Peggy Craddock.

And since many of the winning Republicans had criticized Mr. Truman's conduct on foreign affairs, it appeared that bipartisanship on international issues also was in for some rocky going.

**COMMISSIONERS
JUDGE AT AUSTIN
FOR CONVENTION**

County Judge Ray Helman and Commissioners R. L. Langham, Fred Thomas, John J. Shaw and O. H. McChesney left Sunday morning for Austin, where they attended Sunday, Monday and Tuesday the annual convention of the Texas County Judges and Commissioners' Association.

Among items of primary consideration before this annual convention, held at the Stephen F. Austin Hotel, was ways and means of obtaining greater support on the part of the state for construction of farm to market highways in Texas.

Members of the court met Saturday and passed on monthly bills of the county, inasmuch as Monday was regular court day and the court was to be out of town.

**LEGION DISTRICT
CONVENTION TO
CROCKETT IN APRIL**

Crockett will be host to the spring convention of district 7 of the American Legion, probably in April. The local post was awarded the meeting, when invitation was accepted at the fall convention in Navasota Sunday. Harvey Hayne represented the Legion post at Navasota and Mrs. Hayne represented the local Auxiliary. Both had parts in the representative programs.

At the Navasota convention Sunday, Dan Reid of Huntsville was elected district commander and Hubert Dennis of Trinity was elected district vice commander. Both officers were re-elected.

Each band will be judged on its marching ability by three out-of-state judges, and will be ranked in one of five divisions. If a band places in division one and receives the same ranking for its concert and night marching ability in the spring, it will receive a special plaque. Friday night at 8 o'clock the Elkhart Elks, district 24-B football champions and Malakoff, district 23-B winners, will square off on Crockett Hotel field at Palestine in the 14th tripart game. Elkhart has won regional titles the last two years. Friday night's winner will meet the State House Valley Mills winner next week for the region 4-B title.

Coach Johnny Robinson's Elks are reported in good shape except for Raymond Larry Dumas, out since the Grapeland game with a knee injury, and Howell, star end, who hurt a shoulder at Trinidad November 17.

Mr. and Mrs. Jingo Skipper celebrated their silver wedding anniversary Wednesday, November 22, rather quietly, due to the fact that Mrs. Skipper is recuperating from her recent illness. However, we do say, congratulations on your silver wedding anniversary and best wishes for many happy returns of the day.

From where I sit... by Joe Marsh

I Have A "Close Squeak"!

Spent last Saturday morning wandering all over the house. Whenever I went upstairs or down—I kept hearing a "squeak." Couldn't find out where it was coming from until noon-time when the mischievous came home from her weekly shopping.

"Listen," I say to her, "hear that squeak?" I started walking real quiet-like across the kitchen and there it went again! "Joe Marsh," she laughs, "that is nothing but your suspender clips rubbing back and forth when you walk!" And darned if it wasn't! From where I sit, I'd been let-

ting a little thing become a serious problem. Like some little difference of opinion as to who will start off a great big argument. I may prefer a temperate glass of beer with my dinner while the mischievous likes tea—but we figure that no two people have exactly the same likes and dislikes. So, why get all "het up" about it?

The moral is, check your suspenders—and check your temper when it comes to little things.

SPRY AND MIGHTY POWER PLANT

with a proud pedigree

HERE you behold the up-to-the-minute version of a high-compression engine that has taught a whole industry something about fuel efficiency. Fact is, Buick pioneered the deep-breathing valve-in-head engine 47 years ago—and thus blazed a trail that aircraft engines—and more recently automobile engines—have followed. But don't let that ancient lineage fool you.

Today's Buick engine is not simply a valve-in-head. It's a Fireball—which means that it uses fuel-saving, power-peaking principles that are found in no other motorcar on America's highways.

"This is all very well," you say, "but what does it do for me?"

Mister, that's what Buick likes to show you.

Come settle your mind on the graceful Buick wheel. Gently press the handy gas treadle—and feel this spry and mighty motor come to life.

Then head for the open road, and discover what a whale of a lot of fun it can be to have Fireballs under your hood.

Better come in soon, and get acquainted with the engine—and the automobile—that have won more than 200,000 owners of other cars to 1950 Buicks.

No other motorcar engine can match these features

TURBO-TOPI piston heads roll the incoming charge of fuel into a whirling "fireball"

MICROPHONE BALANCING after assembly leaves each engine within 1/2 of an "ounce" of perfect balance

CYLINDER BLOCKS are super-precision-bored and double-bored for perfect dimensioning

HI-POISED MOUNTINGS cradle the engine for smoother action

FIREBALL RINGS snug up against cylinder walls, increase oil economy

DUREX BEARINGS provide unsurpassed bearing life

CYLINDERS are individually cooled to prevent distortion

FLYWEIGHT PISTONS combine lightness with hardness and strength
