Happy Thanksgiving!

[(Both)] [uncertain] of Them)

There is still time for you to buy a little home and enjoy the thrill of Christmas in it. No one knows what the future has in store, but did we ever? We can be sure that we will [nlwayk] [uncertain] have to live SOMEWHERE, as long an we livest all. Wo will either be paying for some one else property, or our own. Rent receipts A are poor collateral to put up at a Bank when an emergency arises. We seldom find a place built by someone [elac] [uncertain] that is exactly what we would build but if the major features are suitable, it is easy to work out the minor ones and make it feel like OUR home. Building is now a very tedious and expensive undertaking. Our tastes and ambitions often are out of proportion to our purses. There ig no satisfaction like owning your home but when we Bite off more than we can chew," and have to feel constantly in a strain to meet our obligations, the Joy surely vanishes. Why not buy now a home that you can be comfortable in and can afford? Later, when you can afford your Dream Home," you will have a nice equity saved to help pay for it, instead of a few slips of worthless paper.

This is just the Voice of Experience" talking.

Thave a fairly large selection of homes and farms, not as many as I would like, but some good buys. Please call and let me show you.

Thankful thankful for at this season ng these things is the con- d in us and the many [opfforded] [uncertain] us to be of service id Houston county as your of the favors you have be- give thanks, these many

[CHRISTY] [uncertain] DRUG [CO.] [uncertain] STORE ENTERED AND SAFE ROBBED

Safe robbers broke into the Christy drug store, on the west side of the court house square, Saturday night and cracked" the safe. The robbery occurred between the time Mr. Christy [Jleft] [uncertain] the store, about 11 p m. Satur- day, and the time the store was open ed Sunday morning by Avon Sallas, who discovered the robbery. The sheriffs department was notified, and the F. B. I in turn. The federal nar- comics bureau was also notified. The entrance was made by prying steel bars on a rear window with a hydraulic jack, The window was then opened. The safe was peeled" and entry forced. Mr. Christy said Mon- day morning that money taken amounted to approximately \$400, including a small amount of change taken" from a" cash register. Most serious loss, however, [was_in] [uncertain] the matter of narcotics. The amount of this loss could

be determined as soon [a8-an] [uncertain] inventory could be made, as all purchases and distribution must be registered,

[Shériff] [uncertain] Lovell said that the robbery was apparently a professional job."

The workmanlike manner in which the window and safe were opened indicat- ed that the men knew what they were about. A complete set of" burglar tools was left in the drug store. These were taken in charge by the sheriffs department. The F. B. I was called into the case particularly in the hope that experts could obtain fingerprints.

Sheriff Lovell said Monday morning that [evéry] [uncertain] possible lead would be in- [vestigated] [uncertain] in hope of apprehending the guilty parties.
