Those wooden policemen at the Crockett school buildings are very effective and mindful of the school children. They are needed at every school house, wherever located. They slow down speed to a remarkable degree. They also assist in red light observance, at corners where the red and green lights are in use. Watch the red and green lights and the wooden policemen.

Where They Went To.

A good Courier friend says that if an atom bomb is ever dropped on Houston, it will get at least 7000 Houston county people; that, according to the last census, Houston county lost 8000 people during the last ten years and Crockett gained 1000. Our friend estimates that as Crockett gained 1000 of the county's population, the remaining 7000 moved to Houston and the Houston area.

To Drop Two Trains.

Austin, October 23.—The railroad commission has approved discontinuance of the Texas and New Orleans Railroad Company's passenger trains Nos. 301 and 302 between San Antonio and Victoria.

Crockett Truck and Implement Company, changing name to Knox Motor and Implement Company. Increasing capital stock to \$100,000, paid up.

Rejects Peace Table.

Russia refuses to take a seat at the peace table. Russia must be afraid there will be something on the table that it has no taste for—maybe it doesn't like the kind of vodka to be served. If it is the kind of vodka that makes you want to fight, it should not be presented for Russia's consideration, anyway.

SELECT YOUR PHYSICIAN WITH CARE AND CONFIDENCE

The study of medicine is a selective process in itself. Seven years of intensive study in college, plus one year of practice in a hospital, are the minimum requirements. It is wise to trust your precious health only to a conscientious physician of recognized standing. Avoid the quack, the charlatan, the "cure all" type of doctor. Almost invariably they do more harm than good. Select your doctor as you should your pharmacist—with care and confidence.

When your physician writes a prescription, bring it to us to be filled. We are specialists at this work.
