[The] [uncertain] Lufkin office of the [Sockal] [uncertain] Security administration haw [revolved] [uncertain] 570 [applleations] [uncertain] for payment nines the first of September, according too check-up ju made by [BR.] [uncertain] James, manager of the office. This in tn [ine] [uncertain] [crenno] [uncertain] of about 700 per cent over the normal work Jond. Approximately 46 of these [applleations] [uncertain] were from rent dents of Houston county.

Jamon explained that this heavy [ine] [uncertain] crease resulted from changes ins the old-njee and survivors insurance pro- iran under amendments to the [Socal] [uncertain]

[Security] [uncertain] act passed in August, Among other changes [tht amondmints] [uncertain] rola- ed the requirements for eligibility for payments under the Inw, so that a large number of persons [gvho] [uncertain] were not eligible under the old law may now qualify,

James stated that the records of the Lufkin [offlee] [uncertain] had been checked and over 400 persons who had inquired about payments during the last three!

years have been notified that [they].] [uncertain] could now qualify. About 40 of these notices went to Houston county res-

We know, however, that there are" many other people who could qualify for payments," James said, For ono thing our record covers only the last three years and we know that they are not complete. For another thing, a good many persons knew they had not worked long enough to be entitled to payments and simply [didnt] [uncertain] bother to inquire. We are now trying to locate these people so that they may [Muve] [uncertain] a chance to apply for payments which may be due them."

Briefly, the new rules as explained by James, provide that anyone now past the age of 65 or who will be 65) before July 1, 1954, may receive [old-] [uncertain] age insurance payments if he worked as long as a year and a half on jobs covered by social security. The work need not have

been done all on one job, and work at any time since 1936 [wil] [uncertain] count.

Didnt Become Excited. A man who had a telephone in his bathroom was finishing his bath when the telephone rang. Taking the tele- phone, he heard something like this: Are you in there, dear? Speak to me." He [didnt] [uncertain] become excited, [as'] [uncertain] it was only his wife.
