Worthy Employment.

One of the greatest agencies making for happiness is employment. The man or woman without righteous employment is lost for the time being, and if he does not watch his step, is eternally lost. Gainful employment should mean righteous employment, for the person wrongfully employed gains nothing.

Things Happened.

"How was the wedding?" asked the preacher's wife. "It was fine until I asked the bride if she would 'obey,' and she said, 'Do you think I'm crazy?' The groom was in sort of a daze and mumbled, 'I do.' That's when things really began to happen," replied the preacher.—Toussaint's Handbook.

Little Difference.

"Now take my cousin," said Friend Milldew Saturday. "One day he went to Creek Bridge, five miles up the valley, to marry a gal, but she was out; so he married her sister." He had the name changed on the license, explaining that there wasn't another trip's difference between those gals. "Such cool thinking is characteristic of our friend's easy going neighbors."

Language of Love.

We see by this which we are reading, being deeply interested, that a certain man makes love (to the women, of course) in seven languages. Contacting both sexes, we learn that both sexes are pleased to make, and have made to them, a plea of love in the simple and single language which they understand and feel. Acquiring a different language hasn't helped either side too much; and if there was any difference, it might be too much. Not only the mouth but the eyes and hands, unfold the same language in the matter of love, those who are experts on this subject tell us.

One sure way to double your money is to fold it and put it in your pocket.

A man with a burning ambition is seldom fired.

TO PRODUCE OR NOT PRODUCE, IS THE QUESTION

John Moore tells us that his company's oil well has had a fishing job, which has delayed evidence of whether or not it is a producer. Such is life. If it were not for the things that delay, we could get along faster without having to think, and not many of us want to do too much heavy thinking. Most of us would prefer to do some heavy lifting. Foot note—John tells us that the fishing job was soon finished and that the well is making toward greater depth.

LATEXO OPENS FIRST FOOTBALL SEASON OCTOBER 5

Best information available Tuesday was that the Latexo High Tigers will appear in their first football game on Thursday night, October 5. The contest will pit Coach Jesse Lee Sadler's green eleven against the Elkhart High B team on the Elkhart field. It appeared Tuesday that all efforts to book a game earlier would prove fruitless.

On Thursday night, October 12, the Tigers will play the Crockett High B team at Bulldog Stadium. Other

games will be played with Grapeland B, Centerville, Crockett B and perhaps other teams.

This is the first season that Latexo has sponsored football. Naturally, Coach Sadler has had to start at the bottom in development of a team. The Tigers have a large squad of lanky youngsters to pick from and a good team should result as soon as the boys obtain the necessary experience.

Dog Week.

A boy and his dog make a glorious pair; No better friendship is found anywhere.

For they talk and they walk, and they run and they play, And they have their deep secrets for many a day.

And that boy has a comrade who thinks and who feels, Who walks down the road with a dog at his heels.

Face powder may catch a man, but it takes baking powder to hold him.
