## ENGLISH REUNION AT RATCLIFF LAKE

The annual English reunion, which meets at Booth's Cabin, near Ratcliff Lake, was well attended Sunday. They were approximately two hundred relatives present, some of which came Saturday in order to be present. Mr. and Mrs. G. C. Jackson and Mr. and Mrs. E. J. Dodson of Blinn, Texas, showed no signs of being weary even though they had traveled the longest distance of any one present.

We regret that many of the older ones were absent. Two of those who were particularly missed were John English of Minnoka and H. P. (Huck) English of Houston. We trust that sickness will not keep them away next year.

The luncheon meeting was held and the following officers elected: President, A. B. English, Kennard; secretary, treasurer, Hettie English, Crockett; finance committee, Buck English, West English and Jay English, Kennard, Texas.

After the business meeting a luncheon barbecue dinner was heartily enjoyed by every one.

The Englishs are very grateful to the many friends who called during the day. We trust that you will come again.

Reporters: Kennard, Texas. Municipal Concert Membership Drive. The Crockett Municipal Concert Association has announced the dates for

Its first annual membership campaign week. The membership drive will be held Monday, September 11, and conclude Saturday evening, September 16. Headquarters for the campaign have been established at Forest Service office, Post Office building.

The Crockett Municipal Concert Association, following the example set in countless communities over the country, was recently formed for the sole purpose of bringing world-renowned artists to perform here in person. Attendance at these concerts will be open only to those who join the association during the one month membership campaign week. No single admission to the concerts will be sold. Annual membership dues have been set as low as possible to permit the maximum number of people to join the association and enjoy the full season's concert series. The dues for

adults is \$5.00 plus federal tax, and a special rate for students of \$3.00 plus tax.

Season memberships may be secured by contacting the association's campaign headquarters located in Forest Service office, Post Office building.

I Appreciate the support my friends gave me in the second primary Saturday, August 26.

## REMEMBER WHEN

...you cooled watermelons under the bed

Remember the days before mechanical refrigeration? When perishables "perished" and everything tasted like onions? It's hard to remember those days when you see the smart new gas refrigerators. Natural gas long ago solved your heating problems, and can solve your cooling

problems as well. It's the wonder fuel of the Gulf South, helping you with all the big jobs in the home.

See the modern GAS refrigerators today—wherever gas appliances are sold. You will be thrilled by their smart appearance, pleased with their silent mechanism and amazed at the economy of their operation. Another important point to remember when you buy—there are no moving parts to wear out in the freezing system of your GAS refrigerator.
