There has been great disillusionment in this country over the United Nations. The high hopes for world unity and civilized solutions of international difficulties that were held out when the organization was created have not materialized. And so, in many minds, a feeling has arisen that the UN is a dismal failure, and that it might as well follow the League of Nations into oblivion.

Wanting another look at that pretty countryside between Crockett and Porter Springs—that countryside with its green meadows, its sleek cattle

Having travelled about due west, we turn northeast to the intersection with No. seven, from which we turn east through Centerville and south to Crockett. And the driver congratulated himself that he did not run over them or any of those horses and mules grazing along the highway, and that was the highway across the Missouri Pacific railroad at Jewett, which makes only two bridges on that highway between Jewett and Jewett, all railroad trestles having been torn out and highway culverts substituted.

This hearing is to be held in the district court room in Crockett, announces County Judge Roy Selman, who states that the attorney general has ruled that such a hearing is mandatory under the law governing the creation of new incorporations.

An election to incorporate Lovelady has been requested in a petition bearing the names of 28 residents of the territory included in the proposed town. The proposed new city includes all of the F. KIND DEEDS BRING GRATEFUL HEARTS FROM SOJOURNERS

684 North 3d, Houston, Texas, July 23, 1950.

Dear Mr. Allen:

I hope you will allow me the liberty of giving a message of expression to the people of Crockett through your newspaper.

You may remember our automobile accident which occurred near your city on June 15, causing me to be hospitalized at Smith Memorial Hospital for a period of four weeks.

It was during this time that your citizens came to us—strangers in need of help—and showed us kindness, consideration and thoughtfulness to an extent that will forever hold us in awe and humility. I have never seen human kindness displayed in such an abundant quantity.

My wife, our baby and I are well on the road to recovery now, needing only time for complete recovery. I hope that the good neighbors who showed us in Crockett will serve to make us better Christians, citizens and neighbors.

Young very truly,
Mr. and Mrs. Jack R. Westbrook and Cynthia.

SUCCESSFUL MEN HAVE MADE THEIR OWN SUCCESSES

"The Key to a Business Success" is usually written by a man who has made a complete failure in business. The greatest successes have been made by men who had little time for reading "The Key to a Business Success." They made the key themselves by close study and hard work, discarding frivolities, licentious pleasures and presumptuous gayeties. Six days shall thou labor and on the seventh rest is as necessary today as ever, to even enter upon the road which, if there is no deviation, may eventually lead to a life of a useful, happy and successful life. And some of life's greatest failures are those who sought success only in money-making about due west, we turn northeast to the intersection with No. seven, from which we turn east through Centerville and south to Crockett. PICKETT BACK ON JOB IN WASHINGTON

Palestine, July 25.—Representative Tom Pickett headed back to Washington this week after being re-elected by one of the biggest majorities he has ever received.

Pickett filed his campaign expenses as soon as possible after election of Crockett, it is a fact everyone, old or young. Rev. Daugherty is well known for his wholehearted zeal in preaching the word of God, and Billy Ray Hearn is an inspiration among the Association-wide Youth Rally Sunday afternoon, July 30th, at 2:30 p. m., at the Central Baptist church.

That man who sold a truck load of watermelons in Crockett faster than he could deliver them had only just announced that they were grown from watermelon seed taken from a slice of wine-soaked melon eaten in a Houston hotel.

Mrs. O. W. Hanson and daughter, Sigrid, are at home from their visit to Edgeland, South Carolina.

SOLICITS YOUR VOTE AND
INFLUENCE FOR HIS
FIRST ELECTIVE TERM

To The Citizens of Houston County:

Through the medium of our local newspapers one of my opponents made an unfounded and reckless attack upon me in last week's issues. Such attack, in its entirety, was totally and completely untrue; consequently, I shall not add dignity to such a reckless attempt to mislead the voters by a lengthy reply. I merely urge you to consider the source behind and the reasons for such unwarranted efforts to smear me.

Check the official records so that you will know the truth, and then use your vote and influence to re-elect Lloyd Lovell by an overwhelming majority to a second term as Sheriff of Houston County.

Sincerely yours,

Lloyd Lovell

MacArthur said victory seemed within Communist grasp where the South Korean line along the Han River cracked and tank-led Red columns poured down the open highway lead-
