F. M. (Fred) Thomas
Commissioner Prec. No. 2

Dear Friends:

I am grateful to you for electing me one of your County Commissioners for the past terms. Thank you for your vote and many kind deeds.

I have tried to improve your county government every way possible.

I have advised with you and got your opinion on the many important matters that occur before our court.

I have cooperated with the city governments of the county and helped them every way possible.

I have no other interest, therefore, I devote my entire time to this office, as you know I have in the past.

I have purchased 2 new Motor Graders in my terms of office. This makes me better qualified to improve the road conditions as my work this year will prove.

Go to the polls Saturday and vote for F. M. (Fred) Thomas and I will be grateful to you.

Your Friend, Fred

The Press Says:

"Tom Pickett hasn't changed much."

"He has become a genuine power in Congress, enjoying the respect and admiration of the men with whom he serves."

"Pickett now has been in Congress for six years. During that time he has reached out to the people as a natural leader and as an analyst of legislative problems."

"This is no time for experimental government. It is no time to set up a new man in national office in favor of a novice. . . . Pickett is an experienced congressman. And it is no time to say that this country needs experienced congressmen in this time of crisis."

PALESTINE HERALD PRESS

"We endorse (Tom Pickett) without reservation. . . . because we think the public interest will best be served if . . . chosen."

JACKSONVILLE DAILY PROGRESS

" . . . one can be genuinely glad that a man of Pickett's stature appeared on the scene to represent the Seventh District of Texas and the nation at large, at this critical juncture in national and international affairs."

TOM PICKETT

I HAVE SUPPORTED . . .

PEACE:

An honorable peace that safeguards the security and integrity of the United States through international cooperation with the United Nations.

PREPAREDNESS:

To stop aggression; to guarantee freedom from attack; scientific weapon development; a powerful 70-group Air Force.

ECONOMY:

Reduced appropriations to eliminate waste; balance the budget; retire the debt. I VOTED AGAINST PENSIONS AND INCREASED SALARIES FOR CONGRESSMEN.

GOVERNMENT REORGANIZATION:

In line with Hoover Commission plans to promote economy, efficiency, eliminate excess Federal bureau and civilian employees.

TAX REVISION:

To reduce personal income taxes; reduce excise taxes; to close tax loopholes.

AGRICULTURE:

Full prices for farm products; more cotton and peanut acreage; a permanent-balanced farm program for small farmers; rural electrification. TWO BILLS I INTRODUCED

THAT THE DEPARTMENT OF AGRICULTURE ALLOWED UNDER THE 1949 LAW.

FARM-TO-MARKET ROADS:

I have seniority on the committee which handles farm-to-market road bills. The bill which passed the House this year gave Texas far more money than any other state for farm-to-market road construction.

CONSERVATION:

Of soil, timber, water, and other wealth-producing resources. My proposals to increase forest fire protection, tree planting and the Trinity River soil conservation survey have been adopted.

VETERANS:

A medical program for veterans, their widows and children; improved hospitalization and medical care; education and vocational rehabilitation; protection of veterans' employment rights; aid in home construction; provision for all veterans' essential interests. Beginning July 30 eligible veterans may secure direct V. A. loans up to \$10,000 for home building.

LABOR-MANAGEMENT LAWS:

Fair to employees, employer, and general public, providing the basis for orderly settlement of disputes; to reduce loss of productivity and wages caused by strikes; to curb arbitrary power of unfair employers and radical labor bosses like John L. Lewis and the Communist Harry Bridges; to drive Communists out of labor union control.

I HAVE OPPOSED . . .

TRUMAN CIVIL RIGHTS PROGRAM:

I am one of the most active opponents of repeal of segregation laws and creation of the FEPC. My point of order killed the FEPC my first term in Congress. None of the controversial so-called civil rights proposals has become law since I have been your Congressman.

TIDELANDS SEIZURE:

I have supported two bills that passed the House to preserve the Texas tidelands. The President vetoed one; the Senate failed to act on the other. This session I am strongly backing another bill to prevent Federal seizure.

COMMUNISM:

I am opposed to appeasement of Russia and its satellites. FBI Director J. Edgar Hoover knows more about controlling Communism in this country than anyone else. FBI PARTY. He recommended the Mundt-Nixon Bill to control Communism. This bill has American Activities and helped it get every cent of money it has asked for since I have been Congressman.

SOCIALISM:

I have opposed legislation to socialize medicine and other government intrusion into the people's affairs.
