[Pry] [uncertain] to me, The responsibility
for [mone] [uncertain] rests on the
government. If the go [ernment]
[uncertain] pays off its bonds in chen
coupons, we will have the cigar coy pons
ta give to our depositors."

[To] [uncertain] will) never forget this
[complet] [uncertain] abdication of
trusteeship as on banks and ux a citizen.
Under out oyster who in the government
[anywry?] [uncertain]

[Twas] [uncertain] one of the few men
in con press who voted against che
[repudin tion] [uncertain] of the gold
clause. [Undarthe mrctimetances]
[uncertain] then prevailing 1 knew the
government could not meet al) de.
[mands] [uncertain] in gold. But J knew
we had [uspended] [uncertain] specie
payments once be. [fore—and] [uncertain]
resumed them. To me it [vox] [uncertain]
one thing for [a—debtor] [uncertain] to
[Kays] [uncertain] 1 egret that [1]
[uncertain] cannot pay now. It var a
different thing to say: IT will ever perform
my promise. 1 [venured] [uncertain] to
say at the time that this act f national
dishonor would sow dragons teeth to grow
into bitter fruit n the years to come.

Raving cast my vote, Twas, of [purse, "
ETatified] [uncertain] when the United
takes Supreme Court Inter held
[unnnimously] [uncertain] that congress
had acted [unwally] [uncertain] with all
the wrong and [reroach,"] [uncertain] to
use Chief Justice [Buches" ords,]
[uncertain] that repudiation carries when
[ine] [uncertain] by a private citizen. But,
as case Was presented by the holder
government bonds, the court held at while
he had [heen] [uncertain] wronged he not
[Proved-his-damage,—] [uncertain] Four
oft e judges said, even with respect to e
gold clause in private contracts, at the
impending real and moral! [nos]

[uncertain] is appalling." When the
[People:] [uncertain] re denied the right
to demand gold government paper, their
[hands'] [uncertain] re taken off the brake
of profligate blip spending. [The]
[uncertain] dragons teeth thus both, in sg,
have now sprouted everywhere p
abdication of moral responsibility the
welfare of the thrifty and in-
trions-and-therefore the most [use]
[uncertain] members of society has
permeated [ernmental] [uncertain] action.
The devaluation excused in 19883 is now
a world e example.of mora) and-financial

[REPORTS] [uncertain] SHOW MANY

old,
om SECURITY into used

During the first four months of Hed this your twelve persons from Crockar, [ett] [uncertain] and the surrounding [aren] [uncertain] took ing advantage of the regularly-scheduled visits of [representativés] [uncertain] of the Social her Security administration to file claims [igh] [uncertain] for old-age and survivors insurance payments. This information is from [ond] [uncertain] report made by I. R. James, many deer of the Lufkin office of the Social [ent Sccurity-administration] [uncertain] on the value of the contact service [jnaintaled] [uncertain] i [10] [uncertain] Crockett by his office, [ice,]) [uncertain] The [clnims] [uncertain] were

from retired work- [69.) ers pust] [uncertain] the age of 65 and from the [rht] [uncertain] Survivors of workers who have died. [(In] [uncertain] either case, various payments may [igh] [uncertain] be made, depending upon the [circumon] [uncertain] Stances, provided the worker had suf- [Ha} ficient] [uncertain] credit from employment in [G.] [uncertain] Jobs subject to the law. Payments lend May range from a modest lump-suni uo, settlement to those lasting many years [ith] [uncertain] for young children and to life-time payments for retired workers. [lay]) [uncertain] Besides those who actually filed [im] Claims,] [uncertain] James reported that 39 other [ort}) [uncertain] Persons met representatives from his [or] [uncertain] Office to inquire whether they were eligible for payment, to check on the [neamotnt] [uncertain] of wages credited [to»] [uncertain] their [x-{} [uncertain] accounts, or to obtain other informa- [tion] [uncertain] about the program. In all, 63 [gs] [uncertain] Persons were interviewed during visits [reS0] [uncertain] far this year. James pointed out [e-] [uncertain] that if it were not for the local serv- ice provided for residents of this area, [ut] [uncertain] these people would have [hud-either| he] [uncertain] to go to the office at [Lufkin"] [uncertain] or to

try to transact their business by mail. [ts]) [uncertain] The present schedule calls for visits [d.]) [uncertain] ta Crockett on May 23 and June 27.

The representative will make his tem- [porary] [uncertain] headquarters at, the court house, in the office of [C" R.] [uncertain] McPhail,

and will-be available from 1 p. [m.:] [uncertain]

until all callers have been taken care!

[HEADING] [uncertain] BACK TOWARD [FEUDALISM] [uncertain]

Is history repeating itself? We have been taught about the feudal lords over all their subjects. Our foreign policy seems to be to tax the

citizens in order to give to those that

will rise up against us and try to de- Stroy us eventually.

Each year the American citizen, es- [pecially] [uncertain] small businesses, white-col- y [lared] [uncertain] citizens and now the farmers s are becoming more subdued. It is [alt] [uncertain] well-conceived [plin] [uncertain] to make America [4an] [uncertain] easy spot for the Communists. [to1-p] [uncertain] take over. If what we call our Dem- h [ocratic] [uncertain] leadership are [Communists,] E] [uncertain] why not fly under the right colors?

Is it deliberate, is it ignorance or is g it the effect of the almighty dollar that has loaded their minds? 0

[Weave] [uncertain] natural resources and the t finanejal-strength-to-take-care-of-our ri own. The danger of any nation is within its own borders. Why not is [Tgovern-our selves-and-protect_our_own.] [uncertain] Ler in such a manner that, not a seed of ig

Communism can germinate within our t borders? Burdensome taxes, home foreclosures, unemployment, strikes, rs business failures and making peons of

Americans will enable Russia to carry di out its scheme to take over America at as they have China and other nations of the earth, mess nine

There fever was time in the His-Tth story of our nation when we needed ar so much a great. Christian [American]) [uncertain] to lead us out of this disgraceful situ- th [ation—one] [uncertain] who will say, Give us of liberty or give us [death."—Clarence] [uncertain]

ways [bolwoen,] [uncertain]

Much speculation wan wasted be- fore the translation of [hleroglyphien] [uncertain] fou an ancient wall prevented the truth the farm were for the malign of tee. An the whole story unfolded, it wan found that shallow, porous [howln] [uncertain] were placed edgy to edge in the b-foot squares, and at dunk ouch evenine were filled with water, Kvap- oration through the porous sides of the howls would cool the water below the [nir] [uncertain] temperature, and each morn ing, the days crop wafer-thin shots of [ico—would] [uncertain] bo gathered for the royal household. [20,] [uncertain] aw

Centuries later the Greoks used n

[illegible or non-text passage omitted — see scan]

rooftops would he kept damp all night hy slaves, and [ench] [uncertain] morning ao thin crust of ice would be found in each vessel,

Alexander the Great, a man extra ordinarily fond of his wine, used an- other method. During [hig] [uncertain] campaign in [Indian,] [uncertain] he had

long trenches dug U and filled with snow laboriously haul- ed from the mountain peaks, Covered with branches, the snow lasted a long [time—and] [uncertain] Alexander had his chilled wine with [cach] [uncertain] meal.

To the Chinese, clever people that they were at beating the. Western

world' to basic inventions, goes the credit for the invention of ice ream.

When Marco Polo visited China in the latter part of the 13th century, he learned the secret of making water [jand] [uncertain] milk ices, a culinary gem of wis- dom which he took back to Italy. From there the art spread to France, and [oon] [uncertain] it was common practice to freeze various dishes [(in] [uncertain] the winter time only) by packing them down in a [mix-] [uncertain] [ture] [uncertain] of snow and salt,

In America, natural ice was cut and stored in large warehouses or in [nat-] [uncertain] ural caves in the late 1700s and, by

1800 some ice was being shipped by sailing vessel to Southern ports, In

1805 Frederick Tudor of Boston put the ice-marketing business on the map, establishing a thriving ice trade to the West Indies and even shipping some New England ice all the [way}] [uncertain]

[illegible or non-text passage omitted — see scan]

Around 1850, the shipping, of ice from Bosten harbor to New [Orleans] [uncertain] was big business, and" home delivery of Boston Ice" was well established. [The-invention] [uncertain] ofan- ice-making machine by an obscure small-town physician had no affect on the natural ice [business—which,] [uncertain] fn the long run, it was to completely eliminate.

During the Civil War an ice-mak- ing machine using the ammonia absorption principle that is in general use today was smuggled through the Union blockade at New Orleans, and later was set up at Gretna, Louisiana. Invented by Ferdinand Carre" of [Paris,] [uncertain] the ammonia machine was the first practical devise for large-scale ice Manufacture. The third ice-making [thachine] [uncertain] put in,

operation in this country was located at Jefferson, Texas, in [1875.>] [uncertain]

ALCAN TRUCKER TRADES
[FRUIT] [uncertain] FOR
SALMON

Greeley, [Colo—Paul] [uncertain] Martin, 36year-old Greeley trucker, is an out-. standing example of American initiative.

His fruit trucking business did not provide enough source of revenue so restarted a run over the famed Alcan Highway to Alaska with a big refrigerated: 10-ton truck, bringing back salmon after selling his fruit load.

Martin says the amount of traffic m the Alcan highway is beginning 0 increase with more tourists [venuring] [uncertain] out on the route.

The road has some steep grades but s in good condition. The route is entirely dirt or gravel, although there [z=] [uncertain] s some talk of oiling the long stretch [through] [uncertain] Canada to Alaska,

The Alcan [highwayis] [uncertain] a scenic [paadise,] [uncertain] Martin said,-running through n area of towering mountains, [hunreds] [uncertain] of crystal-clear lakes and [treams,] [uncertain]

He has taken his 10-year-old [gon, etrick;-on-the-long-ranramd] [uncertain] one-time hey saw three bears, a timber wolf nd Canadian geese by the thousands,
