OLIN CULBERSON

ANNOUNCES FOR

[GOVERNOR»] [uncertain]

Austin, Mareh [12,—Olln] [uncertain] Culberson, a member of the [Rafraud] [uncertain] Commisulon, has announced his candidacy for Governor of Texas in the following" [atatomient:, 7] [uncertain] ee teed [Mes] [uncertain]

Firmly [believeing] [uncertain] that a change in attitude is necessary toward the wasteful [oporation] [uncertain] and run-away cost of our state government, I am formally announcing my candidacy for Governor of Texas. My filing [feo] [uncertain] has been mailed to John C. Calhoun, chairman of the State Democratic Executive Committee.

A great deal has been said about the soaring cost of the federal government, In tho fifteen year [poriod] [uncertain] between 1936 and 1950, and [exclugive] [uncertain] of the cost of wars and affairs incidental to them, the annual cost of the federal government has increased 280%,

But little hag been said about the fact that during the [samg] [uncertain] period 1936 to 1960, the cost of our own state government has increased almost 500% from \$111,000,000 in 1936 to approximately \$550,000,000 in 1950,

The policy seems to be to spend for most any purpose when money is available, and then levy a new tax when,some.emergency arises; We have seen just such a situation within the [Jast_few_weeks_when_an_.\$80,000,000] [uncertain] sales tax was placed upon the people of Texas.

Much is always [sajd] [uncertain] about the emergency, but never a word about the wasteful and extravagant policies that emptied the treasury and created the emergency. THe talk is always about- some necessity for spending more, but never about the need for spending less and spending it more wisely.

I propose to talk about such things in my campaign [whict] [uncertain] will [be_opened] [uncertain] later and carried-to every section of [Texas.]"
