GREAT SOUTHERN LIFE INSURANCE COMPLETES YEAR

Mr. Tom M. Moore, local representative of the Great Southern Life Insurance Company of Houston, announces the company has completed its first year in all respects since it was organized in 1949, according to information just released by Mr. L. B. Adams, president.

Assets at December 31, 1949, were well over \$100,000,000, an increase of \$100,000,000 for the year. During 1949, new policies numbered 17,500 for a total life insurance of \$31,745,245 were written by the men and women who represent the company in the field in every life insurance territory.

At the year end more than 200,000 policies were written. The Great Southern Life Insurance Company, which is a subsidiary of the Great Southern Life Insurance Company of Houston, is a company which is a subsidiary of the Great Southern Life Insurance Company of Houston.

25 YEARS AGO IN HOUSTON COUNTY

The following items are taken from the Houston County files of 25 years ago this week:

The "Lion" Club had lunch with the Ladies Aid in the Methodist church banquet room. The church orchestra played. D. C. Kennedy, chairman of the entertainment committee, thanked the ladies and Mrs. J. A. McConnell responded.

THANNAN'S BILLS

The department of agriculture had 25 million bushels of hot potatoes on its hand. It had already at a total cost of \$35 million, given away all it could—deserving institutions, school lunch programs and overseas relief. To give the rest away, county Agriculture Secretary Charles F. Brannan thoroughly worked the government another \$15 million. Putting the problem to congress, Charlie Brannan was too polite to remind its members of what they already knew too well: the potato had been its bane. The senate agriculture committee handed it back to Brannan, who decided to save the \$15 million and dump the spuds.

Thus, in the next few weeks, potatoes which the government will pay for about \$140 a bushel will be "sold" back to the grower for fertilizer or feed for three-fifths of a bushel. Just to make sure that no one tries to sell them back to big-hearted Uncle Sam for another \$110 a bushel, the department of agriculture will, appropriately, dye its abandoned spuds a deep blue.

JUST A WORD WITH OUR SUBSCRIBERS

We have thirty renewals and subscriptions this week against thirty-three last week. Three more or less out of such a fine list make little difference. Both of these lists are appreciated, one as much as the other. But, of course, we had rather have three more of anything than three less—three more dollars than three less—and we are not talking about smallpox.

Complaining this week's fine list we find the following:

W. H. Poe, Lovelady.
Mrs. James E. Womack, Fort Clayton, Canal Zone.
Mrs. J. W. Young, Crockett.
Mrs. A. M. Decker, Crockett.
George Reed, Crockett.

DANIEL RESIGNS AS SCHOOL SUPERINTENDENT

J. B. Daniel, superintendent of Crockett Independent School District, has resigned his post effective July 1st of this year. Daniel became superintendent of the school system here about August 1, 1943.

The school board has not announced the name of his successor yet, but that announcement is expected within the next week or two.

Mr. Daniel called the board in a special meeting February 3 and asked for a release from his 3-year contract. He stated that he has taught school for 31 years and is eligible for retirement under the 20-year retirement plan of the Teacher Retirement Law of Texas. He plans to retire, and will make his home here when he returns here on July 1.

He offered his resignation to the board and the school as a "school interest" man after retirement.

The school board, in accepting his resignation, expressed their gratitude to Daniel for his efficient service during his nearly seven years as head of the school system here.

"I wish to express my thanks and gratitude to the board and the whole community for their cooperation during the seven years I have been superintendent," said Daniel. —Crockett News.

GEORGE WASHINGTON SAID IT

"There is no truth more thoroughly established than that there exists an indissoluble union between virtue and happiness, between duty and advantage, between honesty and prosperity. We ought to be as less persuaded that the propitious smile of Heaven can ever be expected on a nation that disregards the eternal rules of right and order which Heaven itself ordained; and that the preservation of the sacred fire of liberty and the destiny of democratic government are so deeply, passages as finally, staked on the experiment entrusted to the American people." —George Washington.

Realizing that you can't have your cake and eat it, too, Palestine has followed the example of other Texas cities in refusing to accept a federal housing project. Crockett rejected a similar project several months ago. As soon as more cities and people learn that the less we demand of our government in the form of taxes, the more stable our national financial condition will become. These hand-outs always come back to us in the form of increased taxes.—Grapeland Messenger.

WELLS STILL GATHERING FOX TAILS

Alto Herald.

Farmers in and around Wells are continuing their relentless efforts in killing out all foxes in a few miles radius of that city and up in Tarrant county town have straggled their efforts in the endeavor and formed an organization that is functioning and getting results. Meetings are held Tuesday and Friday nights of each week, and members of the organization bring the tails to town and are paid two dollars each for them. Some of the trappers have brought in as many as nine tails at one meeting, and four or five are commonplace. The business men and other citizens of Wells have raised \$425.00 from which the \$2.00 bounty is paid, and according to J. D. Ballance, owner money is available if this amount is used up to kill out the rabid animals in that area.

WASHINGTON HOPS TO MEXICAN GAVOTTE

Ina Robb in Houston Chronicle.

Washington, D. C. — Whenever I am caught in the revolving door of Washington society for even a 24-hour period, I realize what a delicate and delicate life we New Yorkers lead, by and large.

Of course, it could be that I elect into with a money man in Manhattan. But the fact remains that I have never seen any New Yorkers bounding their brains out doing a dance called the "Mexican rumba," which is all the rage in our capital.

Consequently speaking, the rumba is to the rhythm approximately what the roller derby is to chess. This Mexican rumba is a cross between a fast Russian waltz and a hopped up Irish jig and the Virgin rest. It doesn't call as much for talent as for tactile sensitivity.

I first encountered this rumba at a party for debutantes or juvenile delinquents, but at the decidedly adult dinner dance given by Mr. and Mrs. Morris Cafritz recently for Vice-President and Mrs. Barkley.

Without any warning whatsoever, at the close of a dreamy waltz, the orchestra dropped the schmatz and let go with both drums. The ball room floor was instantly filled with whirling dervishes in satin and diamonds and white ties and tails.

Ambassadors, cabinet members, senators and brain-trusters and their partners whirled, bounced, did spins and executed entre-chats with an abandon that would have given rise to a riot call in less refined surroundings.

As Gen. Carlos Romulo, president of the United Nations, watched in amazement, Drew Pearson and Doris Fleeson, two of the capital's comic columnists, executed a pas de bourree that would have killed Nijinsky.

Former King Peter of Yugoslavia leaped for safety on the sidelines as Leslie Dillie, secretary of the senate, twisted past Senator Edes Kefauver, Democrat, Tennessee, and Secretary of Agriculture Brannan, both knocking themselves out in this Mexican fandango.

French Ambassador and Madame Bonnet tried a pas redoble. Princess Cornelius Breche, cousin of King Farouk of Egypt and decked out in a horse collar of solid diamonds, galloped past, holding the emulous. Family circles with one hand to prevent being knocked out on the rebound.

This party for the top and his bride would seem to clinch for Mrs. Cafritz the title vacated by Perle Mesta when she took up diplomacy, that of Washington's No. 1 party-giver. Such a title may not be important elsewhere, but in Washington it stacks up with "president of the senate" or "dozen of the diplomatic corps."

Mrs. Cafritz has a stranglehold on the title until someone comes along who can produce more pheasant, more champagne, more caviar, more strawberries (Alice Roosevelt Longworth to Bob Hope), better music and a quicker hand with the tab.

EGGS, MILK PUT ON OFFER LIST

The Department of Agriculture has added dried eggs and dried milk to the list of surplus perishable foods given to school lunch programs and state welfare agencies.

Potatoes, which were made available in unlimited amounts January 17, were cut from a carload minimum to ten sacks of 100 pounds each.

John J. Slaughter, Southwest distribution supervisor for DA, made the announcement.

Slaughter said the department has in warehouses in every part of the nation 15,000,000 pounds of dried eggs and 150,000,000 pounds of dried milk. This food was bought by the government to support the price of certain farm products.

The food is offered free of charge to eligible agencies at the point of storage.

Dried eggs are available in Dallas, as well as Fort Worth, Denison and Sherman in the past two years, in 56-pound crates with four 14-pound containers inside. Minimum order is three crates. They also come in 160- to 240-pound fiber drums, minimum of one drum, and 150- to 200-pound barrels, minimum of one barrel.

Dried milk is available in 165- to 240-pound drums and barrels which average 180 pounds. The nearest point of distribution for milk is Waco.

Nearest point of distribution for potatoes is Denver, Colo.

To apply for the surplus food, an agency in Dallas or in this area should contact J. C. Watson of Crockett, Texas, county school superintendent. He is the state representative in this section.

Slaughter said a school or agency can order up to a 3-month supply for each person to be served and must agree not to reduce food from other sources to take advantage of the government program.

Private welfare groups, such as Community Chests or denominational schools, can get potatoes, but not eggs or milk, until the schools are closed, as supplied.

DEPUTY COLLECTOR OF INTERNAL REVENUE

Dallas, Texas, February 10, 1950.

Crockett Courier, Crockett, Texas.

The preparation of individual income tax returns for the year 1949 initially presents some problem to the average citizen with which assistance is desired. For this reason, a deputy collector of Internal Revenue will visit your city to assist your citizens with their income tax problems.

Existing laws do not impose this duty upon us or our employees, but we desire to assist wherever possible, to the extent permitted by available personnel. The deputy collector's advice and assistance is extended purely as a courtesy and without cost to any citizen.

It is respectfully requested that you give the deputy collector's visit to your city as much publicity as possible, since your citizens will benefit in proportion to the number having knowledge of his visit.

Deputy Collectors C. A. Gordon and J. W. DeBenedictis will be at Justice of Peace offices, Crockett, Texas, on February 23 and 24th, 1950, from 9:30 a. m. to 5:00 p. m., to render assistance with income tax problems to any who desire it. This will be the only visit that can be made to your city for this purpose before March 15, 1950.

Very truly yours,

Ellis Campbell Jr., Acting Collector of Internal Revenue.

HOW BADLY DO WE WANT FEDERAL BUDGET CUT?

A great cry has gone up from the people, including citizens of Brown and Brown county, for cutting the federal budget.

We wonder just how much they mean it.

Some two or three years ago there was a bill before congress to save money by consolidating some expensive agricultural agencies. In Brownwood employees of these agencies were before the chamber of commerce board. They pointed out that the bill would mean a cut in personnel. The directors passed a resolution opposing the bill. That was done all over the nation, and the measure was defeated.—Brownwood Banner.

BITNER ELECTED SUPERINTENDENT AT CENTERVILLE

Announcement was made here this week that Bill Bitner, who has served as principal of the Madisonville high school for the past two years, has accepted the position of superintendent of the Centerville schools effective July first.

Mr. Bitner states that although he regrets leaving Madisonville, the higher salary and greater opportunity was too attractive to refuse.—Madisonville Meteor.

CROCKETT ENTERS PENNINGTON MEET

The Crockett Independent basketball team is entered in the eighth team, one-day tournament to be played in the Pennington High gym Saturday. Play will start at 1 p. m. Crockett meets Huntsville in the fourth and final first round game at approximately 4 o'clock.

Groveton is the defending tournament champion and Winton Lawrence expects to have a powerful lineup to defend that title. Among other entries expected are Lovelady, Trinity, Country Campus, Indian Village and Piney Woods.

Semifinals and finals will be played Saturday night.

LOVELADY WINNER ZONE TITLE 64-B

The Lovelady High Lions, clicking with great precision, defeated the Glover High Indians Thursday night at Lovelady to sweep the play-off series for the zone basketball title in district 64-B. The score of the contest was 60 to 27. Lovelady had won the first play-off encounter at Glover 55 to 34. A large crowd attended the game.

In a preliminary, the Lovelady High B team ran wild in the last period to down the Crockett High B team 46 to 22. Crockett led into the final period, but the strong Lovelady offense got "hot" in the waning moments to force a tie in front.

PAGE THREE

TAXIS AND GOVERNMENT SPENDING

The gravest and most far-reaching internal issue this country faces is the cost of its government. And of all issues, it is probably the least understood.

At a time when the federal government is spending more than \$100,000,000,000 a year out of its total income of about \$200,000,000,000. The federal, state and local governments combined take one-third of everything we produce. We work for ourselves only two out of every three days. With a 40-hour work-week, we have less than 27 days per week, to produce our food, clothing and shelter, and to maintain our health and education.

Government already owns one-fourth of all the land in the United States. It has also become the biggest employer in the world. It now has more than 2,000,000 civilian employees. They receive a cold half-million dollars per month. Many more million citizens have become dependent upon payments, benefits, subsidies and handouts. Out of every six adult Americans receive checks regularly from Washington. A United Press dispatch sets the figure at 15,500,000. If each check went to a different family, that would mean that 272 per cent of the American families now balance their budget with money from Washington. Each year our tax burden increases. Each year our jobs join the over-increasing ranks of dependent on Washington's management of their lives in whole or in part.

Friedrich Millard allowed Saturday that the greatest hindrance in keeping the marriage knot tied these days is the increasing difficulty of supporting the government and a wife on one income; that they started with a \$2.00 down payment and he received the salary installments later the rest of an ordinary husband's life.

HOW BADLY DO WE WANT [FEDERAL] [uncertain] BUDGET CUT?

A great" [ery] [uncertain] has gone tp from [the} pegpie,] [uncertain] including [eltizens] [uncertain] of Brownwood and Brown county, for cutting the federal budget.

We wonder just how much they mean it.

Some two or three years ago there was a bill before congress to [savo] [uncertain] money by consolidating some expensive agricultural agencies, In Brownwood employes of some of these agencies went before the chamber of commerce board. They pointed out that the bill would mean a cut in personnel. The directorg, cpassed a resolution opposing the bill. That was done all over the nation, and the [Mmeagure] [uncertain] was [defeated.—Brownwood] [uncertain] Banner.
