THEY NEVER GIVE UP.

Any activity which the states undertake in conjunction with the federal government eventually will be controlled in the country from Washington—or the bureaucrats will never give up trying.

So it is not surprising to hear from Harry B. Crozier, chairman of the Texas Employment Commission, that the bureaucrats are busy with propaganda aimed at giving them full control of unemployment compensation. The only surprising thing is that a man in Mr. Crozier's position, as representative of the Texas governor but answerable in many ways to Washington, would have the courage to challenge the propagandists.

Hadaacol Helps Textile Worker Stay On Job

The great textile mills of the Carolinas are booming again with mills working day and night to turn out the nation's finest materials, and HADAACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which HADAACOL with its five B vitamins and four important minerals. This worker, a young father employed by the great Cannon Mills at Kannapolis, N. C.

Jay W. Barnhardt, Route 3, Box 348, Kannapolis, N. C., is 30 years old and the proud father of two children. His work in the Cannon Mills calls for a great deal of standing up.

"I had been all for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADAACOL.

"After the second bottle of HADAACOL I began to feel better on the regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again. My legs no longer bother me. I eat and enjoy my food—I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADAACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results, and has recommended it to his friends in the mill.

Mr. Barnhardt suffered from lack of B vitamins and the minerals which HADAACOL contains. HADAACOL comes to you in liquid form—easily assimilated in the blood stream, so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. Your food will not agree with you. You will have an upset stomach. You will suffer from heartburn, gas pains and your food will sour on your stomach and you will be unable to eat the things you like for fear of indigestion.

Many people also suffer from constipation. And while these symptoms are the result of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADAACOL contains. And if you suffer from a deficiency of these vitamins, there is no known cure except the administration of the vitamins and minerals, which result in better health.

It is easy to understand, therefore, why constipated bowels have been relieved by this amazing tonic, HADAACOL.

Mr. and Mrs. William J. Burbanck of Marathon left Tuesday morning for their home in Marathon. Mrs. Burbanck is the mother of Elizabeth Irene Vickers of Kennard, but who has been teaching in southwest Texas.

Marathon is the town where the women run the city council and the school board while the men are out looking after their ranches.

A pleasing arrangement—when the aldermen and school board are asked for favors, they just refer the favor seekers to their wives, so the favor seekers, of whom all towns are well supplied, don't get very far.
