INSPECTION.OF MEN WHO PASSED CAR INSPECTION LAW

Dear [evditar:] [uncertain]

Ive been [talkin] [uncertain] to a few people out here about the Texas car inspection law and [judgin] [uncertain] from the com- plaints Ive [letened] [uncertain] to the law [aint}] [uncertain] so popular. [Aa] [uncertain] I understand it, t coste-e-detiery fo have your car inspected and [any-]] [uncertain] where [fronr] [uncertain] there on up to have It brought up to specifications on the [theary] [uncertain] I suppose that a car [thats] [uncertain] In good shape [doeant] [uncertain] have accidents, which Is true If [youve] [uncertain] got it parked in your garage with the door [ahut] [uncertain]

Crockett Courier — February 14, 1952

and you [tshe] [uncertain] your keys with you and your wife has lee hers, although I could have sworn moat care Ive seen wrecked on [tha] [uncertain] highways the past few years were nearly brand new,

[Tut Uva] [uncertain] been [thinkin,] [uncertain] the law [doesnt] [uncertain] go far enough. In addition lo [havin] [uncertain] all cara inspected twice a year, what we need is a law [requirin] [uncertain] the inspection of the legislators who passed the car Inspection law.

I don't know, whether twice q year would be often enough or not and [aint] [uncertain] sure where [you'd] [uncertain] put a sticker on em, but at any rate there ought to be periodic inspections of them legislators, with pretty [ailff] [uncertain] regulations on keeping em in safe [workin] [uncertain] order.

I aunt prepared to list a!) the [palnta] [uncertain] needing [checkin,] [uncertain] different [parta] [uncertain] af the state have different weaknesses, but here are a few:

[(1)] [uncertain] All legislators [ahoukl] [uncertain] be gone aver caretutty-for-creeked.ticas,

[(2)] [uncertain] Worn or burned out brain cells should be descanted, [Where—nored] [uncertain] placement parts are available, [capecially] [uncertain] on older models, the legislator should be held In [ptorage] [uncertain] until the [parta] [uncertain] arrive, and in the mean time [hia votin llcense] [uncertain] temporarily [avspended. (3) Opinions] [uncertain] ought ta be checked scrupulously on an [alignmant] [uncertain] machine, with those [varyln] [uncertain] as much aa [ano] [uncertain] one-thuusandth of an inch [requirin] [uncertain] [adjustin,] [uncertain] what they shouting vary from been a matter subsequent legia-

[Jatera] [uncertain] can argue oyer.

[(4)] [uncertain] All legislators of a [mole}] [uncertain] eaitt- er then 1002 should be banned from the legislative [halla,] [uncertain] although here [agaln] [uncertain] the argument will creep in that most legislative wrecks of recent years have been [cauged] [uncertain] by brand

new [leglalatars.] [uncertain]

[(8)] [uncertain] Off-brand or fureign-bult legia- [lators,] [uncertain] such ap models with the ater- ing wheel on the wrong side or low- slung [axels, ahould] [uncertain] be banned ae public ears 2 Home Institutlon, [nulaanccs.] [uncertain]

[(6)] [uncertain] Ali models with hidden retainer feces should have these stripped, as these, like too many stickers on the [windshheld, prerent] [uncertain] the legislator from [drivin] [uncertain] in the public Interest.

[(7)] [uncertain] Smooth-mauth [modela,] [uncertain] those with fully vision, [lumbego, rheamali,] [uncertain] cone-track minds, [etc,] [uncertain] would have to have these things patched up before [bein] [uncertain] allowed to legislate.

No doubt [theres] [uncertain] a good many more points others will want to add to this Hist, but this is as far aa got tho time to go at the moment. Only other suggestion could make is that there ought to be p very llimited number of inspection stations, thus [requirin] [uncertain] the [legishxtors] [uncertain] to walt in line several hours each time [theyre] [uncertain] Inspected. Will be glad to open up an inspection [atation] [uncertain] cut here. Lets get this started. A [defoctive] [uncertain] legislator can be [fust] [uncertain] as dangerous ae a defective car.
