Friend Milldew allows that, when the Korean war is terminated, prices will drop, and he reckons that will shatter Truman's chances for reelection.

The Courier editor is thinking of taking off Sunday and every third day, as every third day goes for government taxes, according to latest estimates.

When we timidly assured Mrs. Milldew that all of our best jokes got away from us before we got to write them, she agreed with us for the first time, absolutely.

Engagement Announced.

Mr. and Mrs. Richard R. Gayle of Weldon are announcing the engagement of their daughter, Gayle LaVern, to Gerald Cecil of Crockett. He is the son of Mr. and Mrs. John Cecil of Crockett. An early June wedding is planned.

Industry Needing Protection.

Up in Canada there's an association for the protection of fur-bearing animals. Considering what's happened to the reputation of minks in Washington, they should open a chapter down here for the protection of our mink industry.

Greater Than Most Incomes.

The 1953 Federal budget of eighty-five billion dollars is greater than all the incomes of all the people west of the Mississippi. Incomes of all people include all money that goes to individuals as wages, salaries, interest, rents and dividends, and from agriculture and mining.

He is SHH—at it.

Mr. Price Brown of the Perilla section was an appreciated caller at the Courier office Monday. Mr. Brown has been a resident of Houston county around 46 or 47 years, coming here from Fannin, Miss. Having engaged in farming, he is still at it.

Building Permit.

A recently issued building permit at the office of City Secretary J. D. Woodson adds \$3000 to the total of new construction in Crockett for 1952. Issued to Chas. Frank Butler, the permit calls for a two-story wood frame and brick veneer residence on East Bell avenue.

"Notable" Security.

A mild little man walked into an income tax collector's office, sat down and beamed on everyone. "What can we do for you?" asked the inspector. "Nothing, thank you," replied the little man, "I just wanted to meet the people I'm working for."

Hope Not!

"What do you have that is of unusual interest in your city?" asked a dear old lady touring Texas. The hotel clerk replied: "Well, we have the only helium plant in the world."

"Really!" exclaimed the dear old girl. "and is it in bloom now?"

Watch Your Step.

This time of the year most farm people are clearing up new ground and burning off trash, weeds, etc., in old fields. Every one should be very careful in choosing a day to burn. Three things should be remembered: Burn on a damp day, if possible; burn

late in the evening when the wind is low, and be sure you have a good fire line around the area.

And at this time let us take time to congratulate those who have been observing the above mentioned rules. We have less trouble every year with escaped field fires. People are becoming more fire conscious and considerate of their neighbors' property. That's what it takes to make good neighbors and good citizens.

Apology an Art.

Our manner of apology affects our sincerity. Few things reveal so much about you as your manner in expressing your regrets. An apology should not be accepted as the payment of a penalty. It is a sincere expression of regret, a voluntary gesture that should enhance the dignity of the one who makes it.

Lincoln's Good Advice.

"In all that the people can individually do as well for themselves, government ought not to interfere." So said Abraham Lincoln in 1864—almost a century ago. The words are prophetically significant in 1952, when our government seems bent on constant interference with our economic life. —Runge News.

Fellowship Party.

A group of about sixty people enjoyed a most delightful monthly Fellowship Supper at the First Christian church Wednesday evening. After the delicious and beautiful covered-dish meal while some of the men went out to the manse, which is now under construction, to help with the work others gathered around the piano for a heart-warming song fest.

Were Visiting Here.

Dr. and Mrs. Henry Buttry Jr. of Lubbock, Texas, made a brief visit with Mr. and Mrs. Henry Buttry of this city last week; coming by to pick up Mr. and Mrs. John Fry to go to Houston, where the group joined Dr. Buttry's father-in-law and mother-in-law, Mr. and Mrs. Jim Buttratt, who were giving a house party at the Shamrock hotel over the week-end for people from Fabens, Texas.

Nobody As Blame.

E. E. McLemore, a former citizen of Crockett, but reared at Kennard, is a candidate for the office of mayor of Madisonville, Houston county. McLemore usually makes good officers, whether at home or in some other place. If the Crockett school board find for driving the wrong way on a one-way street in Madisonville, he is going to blame it on the Madisonville mayor or the Madisonville editor, singly or doubly.

Basketball on Roller Skates.

There is something new. They are playing basketball on roller skates. Last week a team from Crockett defeated a team of Grapeland boys in Grapeland 33 to 20. Crockett players included Knox, Luck, Ellis, Johnson, Walton, starters, and English, Roberts, Stewart, Morrow and High. Jimmy Tunstall coached the Crockett entry, but played it safe and restricted his activities to coaching. He stayed off the floor.

For Other Side.

Two men, neither very bright, were helping to build a house. One kept picking up nails, looking at them, keeping some and throwing the others away.

"Why are you throwing away so many nails?" asked his companion. "Because they are pointed the wrong way. They have the head on the wrong end."

"You fool. Those are for the other side of the house."

W. M. U. Meeting.

The regular church-day meeting of WMU members of the First Baptist church was held Monday with fifty members and guests present at the covered-dish luncheon. During the afternoon the members listened to Dick Miller, missionary who has been in the home mission fields in Alaska. During the talk by Mr. Miller, the group was shown interesting slides of Alaska, which were greatly enjoyed by all. Mrs. Ethel Higginbotham is the WMU president.

TERRY MORROW ON
S.M.U. GOLF TEAM

Terry Morrow, sophomore student from Crockett, earned the No. 3 position on the Southern Methodist University golf team for 1952 in competition for team places recently. Don Addition of Dallas earned No. 1 position with a score of 295. Ross Mitchell of Lubbock was second low, with 307. Morrow shot a score of 311, with Ray Moore of Beaumont, who fired a 317, rounding out the four-man team.

The Crockett student is a son of Mr. and Mrs. Glover Morrow of Crockett, who played football, basketball and baseball and competed in track at CHS, and was an honor graduate.

HONOR STUDENTS OF
GLOVER SCHOOL

Miss Betty Jean Lovell has won highest honor at Glover School, and has been declared valedictorian of this year's graduating class.

Betty Jean has an average of 98 on 174 credits of work done in Crockett and Glover schools the past four years. She did her freshman and senior years at Glover, and sophomore and junior years at Crockett High school.

Besides being highest ranking student in scholastic work, Betty is very popular in social circles. She has recently been selected as queen of boys' basketball teams and also FFA chapter sweetheart.

Betty is 17 years old, and daughter of Mr. Jim Lovell of Weches. She is undecided between a college career and a business course.

Highest ranking boy is Billy Edd Peterson, son of Mr. and Mrs. Roy Peterson of the Balotti community.

Billy Edd has an average of 88 on 184 credits of work the last four years. All his work was done at Glover High school. He is also undecided as to a career, but is leaning toward a business course.

JABBERWOK HAD
GOOD ATTENDANCE

The "Jabberwok" sponsored by the land parents Friday night in the high school auditorium was well attended, estimated around 400 people, and a variety of entertainment was presented. The program was arranged with a view of pleasing every one, regardless of taste in entertainment, with some numbers. Applause was liberal for the acts. Prizes were awarded and an applause meter was used in the judging.

SENIOR PLAYS
FRIDAY NIGHT

The senior class of 1952 of Crockett High School will present their senior plays Friday night at 7:30 o'clock. Three plays will be presented. The titles of the presentations are:

"Roughly Speaking," "The Happy Journey" and "Shall We Join the Ladies?"

The senior plays, an annual event, always draw capacity crowds. Free rides go into a senior gift to the school.

NATIONAL GUARD
GETS INSPECTION

Battery B 124th Field Artillery, local unit of the 36th Division, Texas National Guard, was given a federal

inspection Wednesday night, February 20. Reports are that the membership of the battery, commanded by Capt. R. L. Barrett, was on hand almost 100 per cent. While we have heard no official report on the inspection, all comments have been that the battery made a highly favorable showing.

Pecan Trees.

We have two or three hundred paper-shell pecan trees of the following varieties: Stuart, Success, Schley, Mahan and Moore, we are offering at \$1.00 each as long as they last. Roots are four years old, budded in the summer of 1950. They are small trees, but true to name and what we consider the best size to plant for early bearing. Come and get them at our nursery at Austin.
