[DISCOUNTED] [uncertain] IN CANADA,

[We Americans] [uncertain] have believed for so [jong] [uncertain] that our currency was the hard eat" in the world that a pews item from Buffalo, N. Y. the other day came as distinct shock.

Merchants just across the Canadian [berder] [uncertain] are discounting American dollars as much ea [5] [uncertain] per cart.

It has been only 12 years since Canadian dollars could be bought at an official discount rate of 22 per [eent.] [uncertain] Over the years the gap narrowed, and for some time the two currencies have been at par. Now, Canadas currency is forging ahead

CROCKETT COURIER: 3 SENATOR CONNALLYS

KHIFTING [POSITION. eer] [uncertain]

The other day when [inclualon] [uncertain] of [Turkey] [uncertain] end Greece in the North [At-° lantic] [uncertain] pact [wae] [uncertain] being debated, a [sen-/{} [uncertain] valor took the unusual course of [get-],] [uncertain] ting Senatut Tom Connally on record with a public statement that only con- real, and not the president, had [the,] [uncertain] power to make war under the North [Atlantic] [uncertain] treaty. The question arises [hether Sen-] [uncertain] actor Watkins of Utah actually ac-t [complished] [uncertain] anything in obtaining such e declaration from the chairman of the [wenate] [uncertain] foreign relations committee.

The president docs mot have the): [ronstitutional] [uncertain] power to declare war. Yet It was [hle] [uncertain] decision, and not [that;] [uncertain] of congress, which put os into [the,] [uncertain] Korean [cenflict] [uncertain] in which we have suffered more than 105,000 [casualtica.] [uncertain] Obviously, then, Senator Connally cannot commit the president to wait for constitutional processes to be observed in case of Soviet aggression in Europe.

In fact, Mr. Connally already [wae] [uncertain]

on record with a pronouncement the the president dora bee the power to), make war without act of congress

A year ago the committee be beads published an [officia!] [uncertain] pamphlet [en-] [uncertain] UUed Powers of the President to! Bend the Armed Ferces Outaide the) United [States."'] [uncertain] Its purpose was [to]] [uncertain] justify the presidents [decialon] [uncertain] to [Tight] [uncertain] in Korea. HH this line of [rea-]

soning] [uncertain] ts followed, then Mr. [Trumen}} [uncertain] has the power te make wat elsewhere.

The pamphlet said that repelling aggression in Korea or Europe cannot wait upon congressional debate." The Constitution, on the other hand, [2273 thst] [uncertain] only congress can declare war and certainly if [congrese] [uncertain] thinks war necessary, it can act [repidly.] [uncertain] Lit time is required to take a roll call

Tt wi be recalled, too, that when arms aid for our North AUantic treaty [nlli¢e wae] [uncertain] asked, Senator Connally [madeythe] [uncertain] flat statement that we are not eroding single soldier to any of these [countriea™] [uncertain] Not long afterward, he pressed the administration line that American troops should be sent to [Europe.] [uncertain]

Mr. Connallys record on these questions ja an equivocal one. He has [aaid] [uncertain] one thing at one time, another at another, His statement that poly congress, and not the president, has the power to make war carnet be taken as promise of what the [preident] [uncertain] will of will not [do.—Toustan] [uncertain] Chronicle.

CONNALLY ECONOMY.

In fairness to everybody, [bewever,] [uncertain] those who discuss the tidelands came should stick to the record. If they don't know what the record shows, they should acquaint [themaelfree] [uncertain] with

The Chronikle thinks Benator Tom

Connally strayed from the record, at least by inference, when he asserted that the Texas [tidelande] [uncertain] claim [hed] [uncertain] been wrongly confused with the of other states. Although he did pot mention Texas Attorney Genera!

Price [Denlels] [uncertain] name, his statement plainly implied that Mr. Deniel bungled the handling of the Tezas case. Mr. Daniel, as [protebly] [uncertain] all

Tezane know, le running against [Sen-] [uncertain] actor Connally In the Democratic pri- mary.

It in a fact easily verified that the

Texas tidelands case was tried in the United Btates Supreme Court en- [tlrely] [uncertain] apart [fromthe] [uncertain] Californla and

[Instead] [uncertain] of confusing Texans" de- [fense] [uncertain] with that of other states in his case before the Supreme Court, Attorney Generad Daniel built lis en- the case upon our special contract of [anneastlon.] [uncertain] Senator Cornailys memory possibly le playing tricks on tim. Texas is [anvociated] [uncertain] with other states in the attempt to have congress pass a bill validating their Utles to the marginal sea Does anyone [think,] [uncertain] Texas would stand ghost of a chance to obtain passage of a bill applicable solely to [ita] [uncertain] claim?

With respect to the [fundsmestal jasue] [uncertain] posed by the federal [govern-{}] [uncertain] meaty tidelands steal, all of the/. If the alien doctrine of paramount rights, on which the Supreme Courts tidelands [declsiuna] [uncertain] ultimately gest, ts allowed [Lo}] [uncertain] go unchallenged the way will be wide open for federal seizure of [property:] [uncertain] without compensation. Passage of [8] [uncertain] tidelands quitclaim bill would not finally nettle the issue thus raised, but it would be long step in the [right}. direction.—Houston] [uncertain] Chronicle.

FAIR DEAL VARIETY.

Far twenty years, we have [wilnesseed] [uncertain] the setting aside of constitutional limitations on government and the substitution of executive orders, directives and other bureaucratic compulsions which favor [apecis] groupe] [uncertain] and now cost the taxpayers more than \$10 billion year. Now, of top of this, come the [stee!] [uncertain] labor

barons who [aay] [uncertain] that the industry can pay an [ipervaeed] [uncertain] wage of 16 [centa] [uncertain] an hour out of excess earnings. But the [gorrnment] [uncertain] already takes 70 per cent of) these [eicems] [uncertain] earnings in taxes. If the labor bosses take there [coruings] [uncertain] in extra wages, then the government lures [thal] [uncertain] much [reviewve.] [uncertain] In any event, we, the people, cause [roske] [uncertain] up the difference.
