TRAFFIC MISHAP
TUESDAY MORNING
CORNER SQUARE

A trailer truck driven by C. C. Fulghum and owned by Excellence Smith of Eagle Lake, Texas, created a traffic mishap Tuesday morning when the chain which anchored a bulldozer into the trailer truck broke, and the bulky and heavy bulldozer crashed into a brick and concrete embankment. The accident occurred as the trailer truck turned the corner of the square going north on the Palestine highway, near the H. F. Knox Furniture Store and the Home Cafe. The trailer crashed into the brick and concrete embankment on the side of the street occupied by the Home Cafe. The bulldozer turned south and crashed against the embankment. Damage was estimated at \$100. Fortunately no one was hurt. Traffic accidents such as this, however, should serve as a word of caution to all truck drivers on highways that chains anchoring heavy loads on trailers should be inspected carefully and thoroughly, especially those trailers carrying from two to six cars, the trailer truck with a heavy load of cargo, or piled high with crates, or bulldozers. The lives of many people who have the same rights to use the highway for the lives of the motorists as well, are endangered when the heavy chains are not properly anchored around heavy loads.

REPORT IS PEOPLE
PLAN TO FIGHT
PARKING TICKETS

Reports are current that a number of citizens cited to appear in corporation court on tickets for over-parking in the city of Crockett have retained an attorney and plan to contest the validity of the parking tickets. A number of cases were set for trial Monday, but were postponed to Wednesday because the attorney in the case was involved in trial of a case in district court.

One person interviewed by the Courier said that he had been cited to appear before the court and that he planned to present a plea of not guilty and, if held guilty by the city court, that he would give notice of appeal to the county court in the matter. The man said Tuesday afternoon that, up to that time, he had not retained an attorney.

Rumor has it that the attorney plans to pick one case as a test case and carry it to higher courts as a test of the validity of the parking ticket system employed by the city.
