Another remarkable factor, Mr.

Morris points out, ia that the backbone of the [campsign] [uncertain] against federal hand-outa is the chamber of commerce where's many,if not most of three organizations work on a lets get al!

we can" basin. Chumber officials are solid advocates of having cHy and state do what [nreds] [uncertain] to be dune with-! felt outside money or interference

There js a dollara-and-cents logic jn all this. Tu quote Mr. Morrie again, [Sending] [uncertain] taxes to Washington ao that the money could le [returmed] [uncertain] for use in [Indiana reemed] [uncertain] a poor idea to no [lgmall] [uncertain] number of [Hoosiera,] [uncertain] But, in [ndaition, 1.] [uncertain] was clear the [Indrmns] [uncertain] was [grtting] [uncertain] hack only about eighty [ieents] [uncertain] on the dollar as grants in aid. And on gasoline taxes the abate was getting back for roads about half" of the \$16,000,000 contributed. A fairly simple conclusion could be drawn one way to reduce federal expenditures was to keep the money at home in the first place and de away with trento in-aid."

[Furthermore,] [uncertain] above and beyond the money [involved,] [uncertain] Indiana people are proud of their state and they want to keep it [atrong] [uncertain] and independent. To their mind, Uhe way to do [thet] [uncertain] is to as remote from j [fluences] [uncertain] ae possible.
