What About the People Who Are Practicing Conservation Today?

WE CONGRATULATE THE FARMER, RANCHER
AND LANDOWNER WHO PRACTICES
CONSERVATION

C. L. Lundell, director of the Texas Research Foundation at Renner, recently declared, in the Dallas News, that with a skillfully managed agriculture program, EAST TEXAS could grow enough food for "upwards of 50 million people." This soil expert declared that the yield could soar mightily... that ETEX potential productivity is vast.

Annual Spring Tour
Polled Hereford Farms

To all our members: Big news! Big news! Big news! It is when time for our annual Spring Tour arrives. Add that to just what this bulletin is to tell you about. Get out your fanciest sport shirt, put a crease in those riding breeches that you could use to slice a cake, polish up those Sunday Boots and let's start getting ready for the biggest thing of the year. You, sir—on May 8th and 9th, 1952, we are going to visit all those old Texas boys who have lots of luscious grass from plenty of rain which they have had and pastures full of fine, sleek, fat Polled Herefords. And they have that old hospitality, too, so take along your hand-shaking arm. Put away all your aches and troubles and plan to go with us to that Blackberry and Molasses Country on dates below. We are enclosing a Time Schedule and outline of our tour as it is planned. Doesn't it make your mouth water? Why, boy, you just can't afford to miss this deal. You'll get to see, be with and visit all your cattle friends and you'll learn a lot about how the other guy does it. So mark May 8 and 9 on your calendar in red—begin your plans to go, now—help yourself by helping Polled Herefords—and, remember, it's your most outstanding chance to associate with the finest folk in the world—the people who raise Polled Herefords. Write the secretary immediately and let him know how many you will have in your party and what reservations, if any, you will require. See you there! Sincerely, Joe G. Reese, Secretary. Third Annual Spring Tour, May 8 and 9th, 1952: 8:00 a. m.—Assembly 1101 Polled Hereford Ranch, Fairfield, Texas; 9:00 a. m.—Polled Hereford Ranch, 10:30 a. m.—Ray Thorne, Texas; 11:00 a. m.—Ray Whitland, Texas; 11:30 a. m.—Fort Smith, Texas; 12:00 M.—Lunch at Mexon, Texas; 1:00 p. m.—St. Paul & Son, Groesbeck; 1:30 p. m.—B. L. Bradley, Groesbeck; 3:00 p. m.—Wiley Marie, Franklin; 4:30 p. m.—Leo Knaus, Crockett; 5:00 p. m.—Buck Sullivan, Crockett; 5:30 p. m.—W. H. Long, Crockett; 7:30 p. m.—Blackstone Hotel, Tyler; 8:00 p. m.—Banquet, Blackstone Hotel, Tyler. Friday, May 9, 1952: 7:30 a. m.—Leave Blackstone Hotel, Tyler; 9:00 a. m.—R. R. Mason, Henderson, Dr. A. J. Dawson, Henderson, J. P. Cannon, Henderson; 11:00 a. m.—J. R. Penn, Gilmer; 12:00 M.—R. M. Reynolds, Pittsburg; 12:30 p. m.—Lunch at Pittsburg, Texas; 3:00 p. m.—Oakhurst Farms, Lindale; 4:00 p. m.—Russell Howe, Wax; 5:00 p. m.—Wylie Garland, Grand Saline; 6:00 p. m.—Lee Eubank, Willis Point, Russell Bent, Willis Point; 6:30 p. m.—Dinner, Guests of Mr. and Mrs. Lee Eubank, Willis Point; 7:30 p. m.—Dispersal. Marshall of the tour will be Perry Leandrum, Wax, Texas. You are cordially invited to make this tour if you are interested in Polled Hereford cattle. You will see a customary, travel in your own car and pay your own expenses. Reservations at the Blackstone at Tyler will be available for all those on the tour desiring the same. See the secretary. Crockett members are Leo Knaus, W. H. Long and Buck Sullivan.

SUMMER LEGUME
PRACTICES

This practice became available April 15 through the Houston County Production and Marketing Administration to producers for as long as funds last. The farm allowance for this practice is 20 acres which will include the growing of: Alyce Clover, Compass (other than blackeyes), cream, purplehull and crowdera, Crotalaria, Guar, Hubam clover, Melilotus indica, Mung bean, Sesbania, Soybeans and Velvetbean. These seed must be sown on cultivated land and a stand and growth that would justify harvesting as a feed crop must be obtained. The crop must be left on the land or turned under. Legumes planted in the same row with crabgrass between normal spread row of another crop will not qualify. Practice Soil Conservation.
