JULY 4TH SET FOR SPLASH DAY AT CROCKETT POOL

The drive for the swimming pool for Crockett started approximately 12:00 on Friday, May 16. The last of a city of some thousand five hundred voters. A similar amount of later, both the similar and un-similar kind has been donated also. All citizens of the town working Friday expressed their sentiment that people who were there had been been a drive for funds. The people represented who were there and cheerfully.

Crockett citizens proved what they can do when they choose to work "together" without a promise of reward toward a fundraising project. The drive started Friday morning at 10 o'clock with a parade in which the school bands participated, and the school children "shoo-danced" around the court house square, chanting "We want a swimming pool." Mayor T. H. Craddock proclaimed a half-holiday for the business houses to close from 10 o'clock in the morning until noon, to enable the personnel in the stores to better participate in the fundraising drive. A house to house canvass was made by teams.

A few more definite commitments are needed this week and these will be contacted. Final plans for the building of the swimming pool are to be made this week. Deputy Dawson has secured the services of a prominent concrete machine out of Houston to apply the concrete to the formwork. The Houston firm is donating their time.

Everything will be lined up this week, including the labor that has been donated, so that actual work will begin at the earliest possible time. July 4 has been set for splash day at the community swimming pool in Crockett, and a big celebration at the pool is being planned.

AIRMAN FIRST CLASS JAMES E. BOX NOW IN KOREA

With the Eighth Fighter Bomber Wing in Korea—it's a highly responsible job which Airman James E. Box of Crockett, Texas, is called upon to fill duty in which he has never failed. As administrative clerk in the Wing Adjutant's section of the 8th Fighter Bomber Wing, somewhere in Korea, Airman Box's duty is the dissemination and release of all classified material. In plain talk that means he is the first and last man to handle all documents from "classified" to "secret" which pass through this base.

Airman Box was trained for his job at Francis E. Warren AFH Technical School, in Denver, and was assigned to the 8th Fighter Bomber Wing, somewhere in Korea, May 1, 1952. He remembers that it didn't take him long to decide whether or not he was going to join the Air Force. He stated, "I graduated from Crockett High School on May 11. On that day I was for going saying goodbye to teachers and friends to enlist. But the very next day I signed up for a four-year hitch. It was a simple decision, and I was in the Air Force in the instant.

He took basic training at Lackland AFB, but that's been quite some time ago, for he is now a veteran of 3 years service, eight months of which he has spent in Korea. An older brother, Sgt. Henry L. Box, who served 18 months of front line combat duty with the infantry, returned home the very week that Airman Box departed.

Box, 19 Box Crockett, Texas, has had a very successful year under the efficient leadership of Mrs. W. H. Roberts and her corps of officers. The outstanding work of the security was the furnishing of the language, laying waste, sending law and planting shrubs. We have not all requirements, but the school will be one of the summer activities planned by the Girl Scout council for the Intermediate troops. The Texas Power & Light Company will sponsor the school and Miss Margaret Haygood, home service adviser, will supervise the school.
