friends among the white folks of our days and who, upon hearing of her happiness, peace and contentment the Crockett, who knew her in her young 114th birthday celebration, wish her rest of her life.

To the Voters of Houston County:

I have made and will continue to make every effort to contact as many of you as possible, but trying to cover Walker county as well as my home county may make it impossible to see each of you before the July 26 primary. I am asking for the privilege of serving you as your next state representative and, in doing so, I want to emphasize the following facts:

1. I am running this race on my own merits, believing that my study of government and law at the University of Texas and my close association with many people of our district qualify me to serve you as a capable and impartial representative in the Texas legislature.
2. I am strongly opposed to a state government run by lobbyists, and give my solemn pledge to vote my own convictions on every issue, ever striving to further the interests and meet the needs of the people in our district.
3. I will actively support every measure that will strengthen our public schools, improve our system of farm-to-market roads, and provide a more fair and impartial old age assistance program.
4. I will be your full-time representative. If elected to this office, I plan to discontinue my law studies while the legislature is in session and devote my full time toward making you a conscientious, dependable representative.
5. I do not believe in making you foolish promises that I know cannot be fulfilled, but I do promise to serve you in an honest and sensible manner, realizing that one who holds public office is a servant of all the people.

Your vote and influence in the coming election will be appreciated. I will not misplace your trust.

Sincerely,
