MORE, WINTER PASTURES ie

Three district [mectings] [uncertain] are launch ing movement to paint east [Texas] [uncertain] green with winter pastures. This part of the state, which [tatgly] [uncertain] hes been growing more livestock than ever, can profit much [frum] [uncertain] pasture fertilization and from greater use of winter grasses and legumes. Recent years have brought the development of winter grasses and of soil-bullding crop that also provide winter crazing.

The high price of livestock feed has spurred the movement for more winter pastures. These pastures can make [Kt poasible] [uncertain] in most eases to get along without supplemental feeding. Thus they make even more profitable the livestock industry that already is) bringing much cash into [eact] [uncertain] Texas.)

Its a case of more [grech] [uncertain] in the pas- [ture] [uncertain] putting mure green in the [bil. fuld—Dallas] [uncertain] News.

The earnest summons of s [con-] [uncertain] terence is generally met with rebel- lion and resistance, The man who hates religion does s0 because of the evil in his fe. When conscience be- [cins] [uncertain] to awaken, it exasperates into more vicious rebellion. A man be- came a mora) Lagoon, stung Into living martyrdom with the sting of the serpents of his guilt which lie [iny] [uncertain] the bosom of conscience. When re- morse [acourges,] [uncertain] the old ego becomes mad and even more violent than ever before. Temper flares, hatred of oth- [ers] [uncertain] multiplies aa a projection of a dis-) [guiecd] [uncertain] hatred of self, and a despon- [dency] [uncertain] sizes the soul from which no distraction gives relief. But all these, violent outbursts against virtue are) really nothing but the gathering of dark and angry clouds which one day will be dissolved In showers.

Those who have to counsel other, people should therefore never take [tuo]] [uncertain] seriously [(h@aeeming] [uncertain] wrath against goodness and morality. It may be!

only the watching grave cloths out; of which the new man is to rise. [lle:] [uncertain]

really dues not hate goodness, but himself. But in his pride he will not admit it, until at last [restlesaness] [uncertain] and uneasiness drive him to his knees for pardon and fer light. When he begins to blame [bimeelf] [uncertain] and not economic conditions, or his companions, or his:

grandmother, or his ductless glands, he finds the key te happiness. There was mere than fable in the old myth- ology which told ef Pandoras [box—] [uncertain] a very receptacle of ills made tolerable only because there was hope at the bottom. Modern man is not coming to God from the goodness in the world he is coming to God from the evil in his own [heart.—Fulton] [uncertain] J.

Bheen.
