LET'S LOOK AT THE FACTS

WHY DOES JIM NORTON'S OPPONENT DISTORT THE TRUTH AND MISREPRESENT THE FACTS CONCERNING THE NACOGDOCHES AND HENDERSON COUNTY VOTES IN THE

7TH DISTRICT CONGRESSIONAL RACE?

THE FACTS:- Mr. Jack Wisener, a Candidate in the first primary, was also reared in Nacogdoches County where numerous relatives and friends still reside, attended its schools, and is a graduate of Stephen F. Austin College. As you can well see the loyalty of the voters was divided. In fact, the combined vote in Nacogdoches County of Mr. Norton and Mr. Wisener would have exceeded by far, his opponent's vote in Henderson County.

THE FACTS:- Why is Jim Norton's opponent so anxious in trying to mislead the voters of this district in mentioning in all ads "Slush Fund Money," "Special Interests," "Thousands of dollars being spent on Newspaper and Radio," etc., when it is a known fact that Jim Norton has purchased no statement by news or radio except a "Thank you" ad since the first primary.

THE FACTS:- Jim Norton led the ticket in four counties in the District. His opponent led in three counties (all in his Judicial District where he is serving as District Attorney).

THE FACTS:- Jim Norton drew from the State during his four years as Representative from Nacogdoches County approximately \$3,000.00. His opponent will have drawn at the expiration of his present term approximately \$40,000.00, and is still receiving tax payers' money while running for Congress.

THE FACTS:- Jim Norton's opponent would have you people believe that he (Jim Norton) is being run by "Special Interests" when it is a known fact that Nacogdoches County is a booming gas field; therefore the principal legal business for all lawyers is in the field of Oil and Gas. Is this the "Special Interests" he refers to in his ads?

THE FACTS:- Jim Norton is a Veteran, spending 37 months in actual combat for his country. He survived the sinking of the Aircraft Carrier USS Lexington in the South Pacific and was a prisoner of war of the Chinese Communists. Where was his opponent during this time?

WE KNOW:- that Jim Norton has endeavored at all times in refraining from a "Mud Slinging" type of campaign; however his opponent has forced him to state THE FACTS.

WE KNOW:- concerning Taft-Hartley—Jim Norton will not support damaging amendments that will tear down the basic structure of the Taft-Hartley Law. But will favor Labor Legislation Amendments that are fair both to Labor and Management. Has Jim Norton's opponent informed you as to his stand? NO!

WE KNOW:- Jim Norton guarantees an all out fight for the return of the Tidelands to Texas—without compromise. Has his opponent made a definite and concrete commitment on this vital issue? NO!

WE KNOW:- that Jim Norton will vigorously oppose Socialized Medicine or any form of a National Health Plan; any type of Federal Aid which would involve Federal Control over our school system; and the Welfare State. Has his opponent taken such a stand? NO!

WE KNOW:- that Jim Norton has made no commitments for Washington jobs nor is he obligated to any corporation or factions. Where is this money going? NOT TO JIM NORTON!

Following the withdrawal of Joe Green from the run-off election for the position of county judge, to be held August 23, there were 3,435 voters in Houston County that had no voice in the election of their future judge.

The election laws state that the two candidates with the largest number of votes will be in the run-off election, and after Mr. Green withdrew, there was only one candidate left on the ballot, so on the request of his friends, W. A. (DINK) MANNING, the third highest candidate in the county judge race, began a campaign for write-in votes in the coming election.

Mr. Manning asks that you mark out the name of the one candidate on the ballot, Albert K. Daniel, and write in his name, W. A. (DINK) MANNING, for good county government.
