BILL HRYCE

Why this failure at Washington to hold the line against inflation? Simply because it is tackling the problem on a basis of politics rather than by sound economics. It proceeds to put on controls that do not control and to fix prices that do not fix, rather than to do the one thing that will halt inflation—that is, to put its own financial house in order.

The Way to
Perfect Health

That health is always the natural condition of man is made wholly clear in the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Through the thoughtful reading of this book, which contains the complete explanation of Christian Science, men and women in all walks of life have been completely and permanently healed of every manner of disease—often after other methods had failed.

Price, \$1.50. Send postpaid, no charge of return postage.

To the
People of
Houston County

I greatly appreciate your fine support in electing me your State Representative.

I will do everything in my power to represent you in a capable and sensible manner in your Texas Legislature.

Feel free to call on me if I can serve you in any way.

Respectfully,

Jamie H. Clements

Gas dried them...guess the cost

Natural gas performs so faithfully and so well...we think you'll agree it's worth much more than it costs today. Consider its use in a clothes dryer, for example—a full washer-load of laundry tumbled fluffy dry, in less than an hour, and in any kind of weather, for less than a penny!

And clothes drying is just one of many big natural gas does in the home—cooking, heating, water heating, refrigeration, air conditioning.

When you stop to think that here in the Gulf South natural gas costs just about the same as it did 20 or 30 years ago, we think you, too, will say it's worth much more than it costs today!

UNITED GAS SERVING THE Gulf South

FOUR MEDICAL
DOCTORS AND
FIVE DENTISTS

Austin, Texas, August 29.—State Selective Service headquarters today announced receipt of order for induction of four medical doctors and five dentists in October.

National draft headquarters, in sending the quota, said that 671 medical doctors will be called from over the nation in October. During the same month 200 dentists will be called from all states.

These medical personnel will be utilized by both the Army and Air Force.

"Should all nine medical registrants ordered for induction become members of the Army, Navy, or Air Force, prior to October delivery date, the call will be considered as having been filled even though no formal induction is completed."

Dr. J. C. Col. Morris S. Schwartz, deputy state Selective Service director, said:

"Texas local boards are now making questionnaires to all medical doctors registered with local boards who are in third priority. Third priority doctors are defined in the law as follows:

"Those who did not have active service."

PASSING OF SAMUEL
PRESTON CONNER

Samuel Preston Conner was born October 30, 1917. Died August 16, 1952, being 34 years, 10 months, 18 days old. S. P. was born and raised near Crockett in Houston County.

He leaves his parents, Mr. and Mrs. Irene Little and Billy, Mr. Percy, Hughie R. Conner, half brother, Robert L. Conner, half brother, one sister, Mrs. Morris Wilson, Midway, grand mother, Mrs. Fessie Conner, half sister, and a host of relatives and friends to mourn his passing.

Funeral services will be held at 2 p. m. Sunday, August 18, at the home of Mr. and Mrs. F. T. Dean and children, near Crockett.

Interment will be in the cemetery near Crockett.
