Friend Milldew said Saturday that there is nothing about him and that his legs are the proper length, as they seem to reach to the ground; that it is only his pants that are too short.

DO NOT BUY REFRIGERATOR OR STOVE UNTIL YOU SEE OUR NORGE ADVERTISEMENT. Smith-Murchison Hardware Co., across from Post Office. if.

Friend Milldew, here Saturday, allowed that the Courier was getting dull, but that he figured that all the Courier needed was to have its scissors sharpened.

We are right on the eve of bad weather for football. For your comfort use the Football Sak, found at Spain's. A good cushion for good weather. Also great for deer hunters. if.

When we asked Friend Milldew Saturday if he liked to play dominoes, he said that he did, but that Mrs. Milldew "wouldn't allow no domino playin'." In her house when the garden needed workin'.

The Courier editor has discarded his straw hat, giving it to Friend Milldew Saturday to be fed to his neighbor's goat, after he said that Mrs. Milldew had a coffee mill, but that they were not fond of dry breakfast food.

Make 'Em Larger. A magazine article suggests smaller turkeys for modern families. No family is too modern for the present-day turkey, in this editor's estimation. Why not make 'em larger?

Both major presidential candidates have promised to clean out the "moss" in Washington. It is to be hoped that whichever is elected will live up to his promise and make a thorough job of the cleaning process.—Houston Chronicle.

The Courier regrets to learn that Mr. Joel F. Leathers, a well-known stockman who lives across the river in Leon county, is confined of illness to his room, but trusts that he will soon be out and among his friends again.

When we asked a friend if it was not dangerous to be on a highway in Trinity county, he said he did not think so, as he took in all the road shows on the right hand side going down and did the same thing coming back, without having to cross the highway more than one time.

Managership Promotion.

John LeGory Murchison, namesake of Mr. John LeGory of this city, has been promoted to the managership of the Waco District office of the Texas Power and Light company. He was formerly with the Waxahachie office.

Vacationing in Norfolk.

Mrs. Jewell Worrell of Houston writes to the Courier from Norfolk, Va., as follows: "Having a wonderful two weeks in Norfolk; visiting Aubrey Williams, G. M. C., who is recuperating in his new home after a spinal operation in Portsmouth Naval hospital. Sincerely, Jewell Worrell."

District 17-A Football.

Results last week:

Jasper 13, Nederland 20

Lovingston 0, Huntsville 68

Games Friday night: Grapeland at Crockett; San Augustine at Shelbyville; Jasper at Silsbee; Hardin at Kirbyville; Dayton at Livingston.

Honorary Law Degree.

Mrs. Byrde Eastham Wooters spent Tuesday in Huntsville, the guest of Mrs. Sue Thompson, who entertained with a tea for Robert A. Lovett, secretary of defense at Washington, D. C. He was given an honorary law degree by Sam Houston State Teachers College. The Lovetts and Thompsons were old friends of the Easthams.

Missing His Countenance.

The many customers who frequent the Smith-Murchison Hardware store, across from the post office, miss seeing Mr. A. M. Decuir's cordial welcome of "come in." Mr. Decuir has been absent from the store these past three weeks, due to illness. His many friends wish him a quick return to better health and an early return to his old accustomed place in the store.

Highway Collision.

A collision occurred Sunday night at the N. O. Routledge residence three miles southeast of Crockett on highway 267. Highway Patrolman Ben Monk reports that Mr. Routledge was turning into his driveway, while a pickup operated by William Oscar Dornay of Pennington was traveling toward Crockett. The pickup collided with the Routledge car, considerable damage resulting to each vehicle. Lois LeRue, riding in the pickup, suffered minor injuries.

Several Birthdays.

Mr. and Mrs. Wilbur Strong of Baytown were week-end guests of Mrs. J. Stanton. Mrs. Stanton observed her birthday with a lovely birthday cake brought from Baytown and presented to her in honor of the occasion by her daughter, Mrs. Strong, and her family here for the occasion. It was indeed a pleasant one for Mrs. Stanton.

Back at the Old Home.

Mr. and Mrs. Hugh M. Arnold and two sons have returned from Houston to again make their home in Pennington. Hugh M. Arnold, a son of the late Charles Arnold of Pennington, has returned to assume management of the estate left by his father in the Pennington section. Both Mr. and Mrs. Arnold were raised at Pennington, but have many friends in Crockett who are glad to see them back among us.

Latrex Drops Football.

Latrex High School apparently has dropped out of football competition. An item in the Grapeland Messenger last week stated that the Grapeland school district had purchased Latrex's football equipment, for the purpose of organizing a team at Banks High, colored school.

Latrex played an independent schedule in 1950 and played in district 21-B last season. Supt. A. G. Laer reported to the writer a few weeks ago that Latrex probably would not field a team in 1952.

Champion Prize Winner.

How many first place prizes has Mr. V. B. Tunstall won? We think that he has won so many that he doesn't know himself. Saturday, September 20, he was at the fiddlers' contest in Teague; and, as usual, came back with a fair share of the prize money. This time he tied for first place with T. J. Foley, and each received \$25. The fiddlers' contest at Teague climaxed Teague's annual three-day county fair. Next week Mr. Tunstall will go to Grand Saline to enter the fiddlers' contest there. We'll keep our fingers crossed, so he will win again.

WOODLEY GETS

GOOD RIVER WELL

Reports are current in Crockett that Woodley Petroleum has completed its riverbed oil well as a good producer. While no figures have been quoted, indications are the well may be a better producer from the Georgetown structure than Woodley's Bruton discovery in Houston county and Texas Company's Forrest producer in Madison county.

Rig was set up on the Houston county bank of Trinity river and a directional hole drilled. The land was leased from the state of Texas.

DRIVER SUFFERS

BROKEN NECK IN

HIGHWAY MISHAP

G. B. (Jeff) Jeffus reportedly suffered a broken neck in a traffic accident which occurred 8.6 miles south of Crockett on highway 45 Monday night. Jeffus was driving toward Crockett, accompanied by Andrew Lacy Bradley, when his car left the highway and rolled over four times, according to Highway Patrolman Ben Monk. The automobile was demolished. Passerby brought the men to a local hospital. Bradley was released after treatment for cuts and bruises. Both men involved in the accident are employed in Crockett.

Crockett Industrial Foundation.

According to Ed Munden, manager of the chamber of commerce, \$10,000 has been subscribed and paid in on the Crockett Industrial Foundation plan. He feels that the goal of \$20,000 will be reached in the next two weeks. The success of the Industrial Foundation has been due to the diligent work of C. N. Sullivan, Bob Overstreet, Claude Brown, H. B. Knox and C. W. Kennedy and others who have been helpful with the plan. A recent commitment from an industrial prospect who will determine a location in November has said that he still rates Crockett as first choice in a location.

DOCTOR OF LAWS
CONFERRED ON HON.
ROBERT A. LOVETT

The Courier editor wishes to thank Mrs. Neville H. Colson of Navasota, state senator from this senatorial district, for an invitation from the board of regents of the Texas State Teachers' College and the president and faculty of the Sam Houston State and Texas College and the city of Huntsville to be present at the conferring of the degree of Doctor of Laws upon Hon. Robert Abercrombie Lovett at the college campus of Sam Houston State Teachers' College, Huntsville, Texas, on Tuesday, September 23, 1952, at 10:30 a. m. The Courier editor wishes to extend regrets at being unable to be present on this momentous occasion.

LEGION PLANS TO

REBUILD HOME

A called meeting of Bradford-Engle Post No. 134, American Legion, held in the county court room Tuesday night and attended by some 25 members, discussed plans for immediate rebuilding of the post home, destroyed last week by fire. Ralph L. Mather, post commander, was authorized to appoint such committees of the building, including the post trustees or other members, to make the most advantageous plans for rebuilding, as he sees fit.

It was voted to sponsor a float in the parade of the Goochy Carnival in Grapeland. This event, sponsored by Houston County Post No. 5470, V. F. W., will be held in Grapeland, October 19-21. David (Whitley) Cox was named chairman of a committee to arrange the float.

PEARSON CHAPEL
COMMUNITY NEWS

By Elaine Bartee.

We are very proud of this nice cool weather we are having. Seems as though winter time is really gonna get here.

All the visitors in our community this week-end were very welcome.

Church services were held down here Sunday and Sunday night by Reverend David Hollibon of Palestine, who is attending school in Tyler.

Mr. and Mrs. Willie Joe Bartee and family, Miss Elaine Bartee of Houston and Mrs. James H. Bartee of Corpus Christi were week-end visitors in the home of Mr. and Mrs. Jim H. Bartee and boys.

Mrs. Hollie Huntman spent the night Saturday night with Mr. and Mrs. Velma L. Huntman.

Mr. Hollie Huntman and his mother, Mrs. Nannie Huntman, were week-end visitors in Houston with her brother, Mr. Rufus Wilson, who has been very seriously ill. We were very glad to hear that Mr. Wilson has improved very much.

We are also glad to report that Mr. Tom Knox is doing just fine. We hope he is able to come home very soon.

Out of every 100 students who enter the stiff four-year pharmacy course at a university, more than a third flunk out.

That means that a graduate registered pharmacist has "been through the mill" before he is allowed to fill a single prescription.

It means his dependability is as much to be trusted as your doctor's.
