APPROACHING 40 PER
CENT MUSSOLINI
TAXED PEOPLE

Henry J. Taylor in Houston Chronicle:
You cannot get something for nothing.

We do not get something for nothing.

A government—any government—is never a source of wealth.

A government—any government—is a spender, not an earner. Everything produced is produced by the people. Everything paid for is paid for by the people.

Now do you think we are getting free benefits?

How do we pay—you and I and our families and our children? Well, a workingman may never see a tax bill, but he pays it just the same.

Five cents out of a 16-cent loaf of bread—the staff of life—are taxes. Five cents out of 12 cents in your coat for a cake of soap are taxes. This is the invisible hole in your pocketbook—the hidden taxes—and it's the straight road to socialism; in fact, it is socialism in practice.

Smoke? The government is in there inhaling heavily on every puff. Nine cents in every 25-cent bottle of cigarettes today are taxes.

Talk about king-size cigarettes. How about king-size taxes?

Nine cents in every 25-cent bottle of milk is taxes. Nearly half of what your baby is drinking is taxes.

More sink-size taxes.

Own a house? The tax on a house is as much as on a modern office building a few years ago. No wonder taxation is half ruling millions of Americans today.

Own a car? I mentioned recently that the taxes you pay when you buy a \$2000 car today are \$614. The actual car costs you \$1386. The taxes in your car cost you nearly half as much as the car itself—\$214.

When you get in and ride the tax collector jumps in the seat and rides beside you every mile of the way—collecting 14 cents on every gallon of 26-cent gasoline you use.

In fact, gasoline should be called "taxoline" instead of gasoline today—14 cents a gallon that never goes into your fuel tank.

No, the next time you gas up, just watch those 14 cents flying away.

All told, about one out of every eight tax dollars collected in the United States comes from automotive industries and highway users.

Never in the entire history of the world have so many people been taxed as much as this. For the government spenders are spending \$10,000,000 an hour.

It was not until a cigaret manufacturer started adding about ten per cent sugar tobacco that cigarettes became popular. In curing tobacco, almost all of the native sugar in the leaf is removed. The job that sugar does in tobacco is to enhance moisture and serve as combustible material. In the process, it blends proteins and chemicals in tobacco as they burn so that a mild and pleasant smoke can be drawn into the mouth. At the light end, the smoke is alkaline, harsh and irritating.

TWENTY-FIVE
YEARS AGO IN
HOUSTON COUNTY

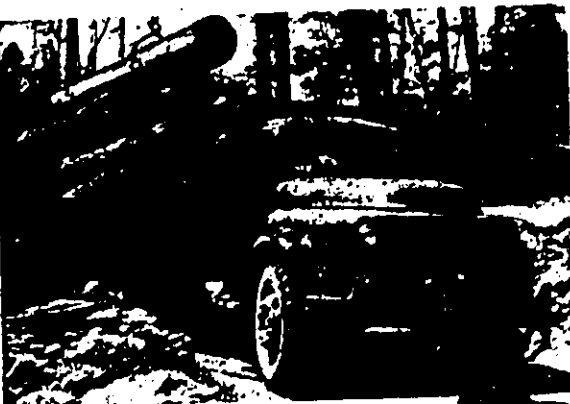

The following items are taken from the Courier files of 25 years ago this week:

Coch Fred Burton's Laredo High basketball team defeated Laredo High at Laredo Friday afternoon 29 to 13.

Dan Julian urged better attendance at CHS football games at the Lions' Club luncheon Wednesday at the Merve Cafe, Lion President D. C. Kennedy presiding.

The Wesley Chapel girls' club elected the following officers: Agnes Thomas, president; Diamond Reed, vice president, and Frances Thomas.

HAUL WITH THRIFTY POWER... SWITCH TO DODGE!

"...pays off in extra economical operation!"

"We operate over rough off-the-road areas and haul big loads in all kinds of weather," says Mr. Hanson. "Our work is plenty rough on trucks, but our Dodge 'Job-Rater' truck can really take it. We've found, for example, that we had bigger payloads without overloading in a Dodge. Our maintenance cost is exceptionally low, too, and this pays off in extra economical operation."

"And Dodge is sure dependable, day in and day out they really put out the work."

See us today for the best buy in low-cost transportation...

THE GOOD WORDS
OF OUR FRIENDS
HELP GREATLY

A representative Houston county product, who has been teaching in southwest Texas, near San Antonio, for twenty-five years, not only needs his subscription renewal for two years, but extends some appreciated complimentary remarks. His latest words:

Dear Mr. Allen:

We are enclosing check for \$7.00, for which please renew our subscription to the Crockett Courier for another two years.

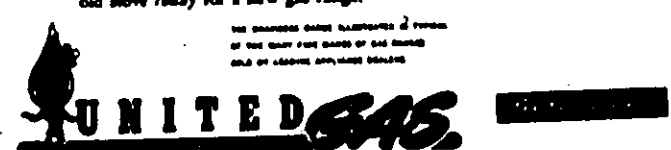

Although we've been in the "San Antonio area" nearly twenty-three years, we still look forward each week-end to our "home town" newspaper, the Crockett Courier. Thank you, please accept the Courier's thanks.

Morgan Burson, Pleasanton, Texas.

Everybody's headin' for
OLD STOVE ROUND UP...IT'S TIME TO ENJOY
YOUR OLD STOVE FOR A NEW GAS RANGE

You'll be going places, too, on the road to good cooking, when you get your ultra-modern new gas range. Modern recipes call for exact temperature control and that's what you get when you cook with flexible flame. Each dish you prepare gets individual attention from your modern gas range, because gas gives you the shade of heat that's just right for your favorite recipe. Visit your gas appliance dealer... find out about the trade-in values he has to offer. Then swap your old stove today for a new gas range.

HAUL WITH THRIFTY POWER... SWITCH TO DODGE!

"...pays off in extra economical operation!"

"We operate over rough off-the-road areas and haul big loads in all kinds of weather," says Mr. Hanson. "Our work is plenty rough on trucks, but our Dodge 'Job-Rater' truck can really take it. We've found, for example, that we had bigger payloads without overloading in a Dodge. Our maintenance cost is exceptionally low, too, and this pays off in extra economical operation."

"And Dodge is sure dependable, day in and day out they really put out the work."
