Not the least of these is the cocktail party, on which the London Times recently [did] [uncertain] pome [rracarch] [uncertain] in an editorial

According, to the [Timesy] [uncertain] there are unwritten mules by which cocktail par- ties are governed. For instance the [expenenced] [uncertain] guest never arrives ot Ube party on time. Thie would shatter the tradition whereby, at all cocktail parties, the host and [hosicas] [uncertain] always spend the first half hour or ee in difficult conversation with complete stranger, [whoer] [uncertain] name [pelther]
