We didn't have to look at [soythine!] atarday] [uncertain] and Sunday mornings to know that [thero] [uncertain] was frost on the roof and ice on the water. The [froa] [uncertain] was fo the air and the ice chilling. Nelghbors mad the mercury [waa] [uncertain] al [twenty-] [uncertain] [alx] [uncertain] above hero Saturday and [agaln] [uncertain] in the tweeting [Sunday] [uncertain] morning. But the weather was clear, somewhat [a-] [uncertain]

Jeviating the sting of winter.

We heard a man in a Crockett [cafe] [uncertain] a [tei] [uncertain] of killing some hogs. How we) i is envied that man! The fine sausage he will have, the [sparo] [uncertain] ribs maybe i some pickled pigs [fect,] [uncertain] maybe some mi bead source, some smoked hams and smoke [shoulders—emoked] [uncertain] in a [real} amoke house—and] [uncertain] some pork back- [I] [uncertain] bone, served with frost-bitten [cullarde] [uncertain] and turnip greens, including the [tareek] [uncertain] fees mine. And that made us think that oe few cold, raw turnips would taste pulled from the turnip [petch] [uncertain] and peeled [With] [uncertain] a pocket knife. We went for another ride. Sunday afternoon, [aciecting] [uncertain] a pared road [through] [uncertain] the tall and uncut woodlands.

We found It between Pennington and

Groveton, beginning at a [roadaide] [uncertain] park beyond Pennington and [extené-] [uncertain] ing to where [a=] [uncertain] road is being hard- [acrfaced] [uncertain] toward Holly and Lorelady.

Riding alone, this editor soon [fel] [uncertain] into

[moditatre] [uncertain] mood. Through the 300 acres of fine timber, this [cditer] [uncertain] got to thinking of that [cight] [uncertain] miles of

Pine timber, known as the Colony, near which he was born. He called to mind the

stands, where the hunters would stand to shoot the [decr] [uncertain] when the dogs ran them [scrosa] [uncertain] the road. Fle thought of the coon [hunta] [uncertain] along) the check bottom at the back of the!

field, when the negroes would cut down the [cvon] [uncertain] tree while the white boys [beld] [uncertain] the dogs until the core was en the ground and the race begun,

The dogs were held to keep them from getting caught under the falling tree.

We thought of Old Uncle Solomon, who claimed to have once been a king in Africa of [hia] [uncertain] hunting horn, his dogs and his snuff we thought of the nights we sat on the back porch

and listened to Uncle [Solomons] [uncertain] hunt-

tog horn as he trailed through [the}] [uncertain] woods with his dogs and then there was that old [darkey] [uncertain] with that platted and braided hair who [tpilayed] [uncertain] on [8] [uncertain] twill of canes, cut to the required lengths and wrapped together. [Gre] [uncertain] loved [thoac] [uncertain] darkies, an we [calied] [uncertain] them, and as we now real) them.
