LIONS LEARN VALUE IN GROWING COVER CROPS

By H. B. Millham.

Vice-President John L. Dean presided at the Lions' luncheon hour Tuesday in the absence of Herbert Callaway, president.

After guests were introduced, Frank Granberry read a letter of appreciation from the Lions' Club to publicly express to Mr. Dean their thanks to him for his fine service to the town and community as a civic leader in the community. Mr. Dean was a charter member of the club of some 30 years standing. The club highly complimented him on the many fine services he has rendered in the community, time and time again.

O. B. Rhone had the program in charge. Mr. Rhone introduced his guests, George Webb of this city and Joe Brown of Texas.

Mr. Brown presented the showing of a film entitled "Green Promise," which showed pictures of good pasture fields on farms and ranches which not only improved the soil, but helped in economy for the American farmer.

"Good grass crops mean lower cost," said the narrator for the film. Planting cover crops means the best way for the farmer or rancher to have a permanent, secure way of profit.

Lions learned that good cover crops not only cut fuel and labor costs, but aided in keeping the soil where it belongs when it rains, and helps to prevent soil erosion.

The picture ended stating that the improvement of the top soil by cover crops is to the advantage of every one, for through the improvement and protection of the soil the future holds a brighter promise in better things and a better America.

REPORT FROM THE LEGISLATURE

The house appropriations committee completed its report on the budget of the state of Texas for the biennium, but you may be sure that your representative will carefully study the request for the state's fiscal year, and avoid unnecessary spending. Every group has a valid claim for a money increase, but it is my desire to spend the tax-payer's money as wisely and frugally as possible.

One big money bill was sent to the governor this week which calls for \$2,500,000 for new state tuberculosis hospitals. These proposed hospitals are to be placed in Harlingen and San Antonio, and should clear up the overcrowded conditions of the state tuberculosis hospitals now face.

A bill to prevent the State Parks board from building hotels in state parks was defeated by an extremely close vote. Many of us opposed this bill, feeling that Texas should develop its tourist trade by attracting people from other states to visit our many beautiful parks. Attracting tourists to Texas will bring a great deal of money into our state which will benefit all of us.

A bill which I have cosponsored was introduced this week which provides for a "Small Claims Court" to aid grocers and other small business in collecting their debts. This measure sets up a court to consider claims of fifty dollars or under and is under the jurisdiction of the justice of the peace. Only a nominal fee is required to hear a case before this court, and the small-store owner is no longer put to great expense to collect his bills when bringing suit is necessary. The horse-racing bill has been postponed, but your over-zealous endorsement of my stand against it is encouraging. You may expect me to hold that position.

Your representative received visits from Mr. Reginald Bransford White, Byron Lynn Bransford and Mrs. Julia Thompson Glass, all of Huntsville, which were greatly appreciated.

Respectfully submitted,

Jimmie H. Clements.

MRS. RUTH ARLEDGE ENTERTAINS WITH MORNING COFFEE

Mrs. Theodora Bossett of Pittsburg, Pa., arrived Monday to spend March 9 and 10th with Mrs. Ruth Arledge of this city. Mrs. Bossett is a school friend of Mrs. Arledge, the former Miss Ruth Warfield of this city, when she was a student at Wilson College.

Mrs. Arledge honored her guest with a lovely informal coffee Tuesday morning. Guests were invited into the dining room by Mrs. Pauline Callahan. The centerpiece on the table in the dining room was especially attractive, arranged with pale pink almond blossoms and white iris effectively arranged with flowers of early spring of the pale pink almond blossoms and white iris.

Mrs. Leola Downes presided at the afternoon coffee. Mrs. Arledge's guests, and was assisted in duties by Mrs. Leola Downes.

Some 25 to 30 friends called to bid Mrs. Bossett farewell in the charming home of Mrs. Arledge's home.

Mrs. Bossett left Tuesday afternoon for Houston where she will join her husband in making a trip to Venezuela.

BLITZ ON BLAZES AT CROCKETT AND MADISONVILLE

Two east Texas communities were hit by a series of fires this week, with both Madisonville and Crockett sponsoring one-day inspections for potential causes of fire.

The blitz on blazes will begin in both communities Wednesday, March 18, when a corps of specially-trained "fire detectors" from the Insurance Policyholders' Association of Houston will inspect churches and schools. A week later, on March 25, the same volunteers will make a building-by-building inspection of the business area of Crockett.

The next day, Madisonville's business and public buildings will get a similar attic-to-basement check.

Old age doesn't bother cotton. A bale of cotton picked with slave labor in 1862, stored in a corncrib at West Point, Miss., is still in excellent condition. It is as strong as it was during the Civil War.

The bale at West Point is said to be one of the oldest in America and possibly in the world.

The cotton is owned by the First National Bank of West Point. It was grown in Oktibbeha county, Mississippi.

HOUSTON COUNTY RED CROSS DRIVE BEGINS MARCH 16

Monday, March 16, will be the beginning of the Houston County Red Cross drive. The Houston County Red Cross is still fresh on the minds of everyone and we have all seen the Red Cross in action and how they have assisted people in need. Although on a smaller scale the Red Cross is in action every day throughout the country assisting service men and their families, victims of fire and in many other ways. Last year Houston county was far below the quota assigned to it.

The national chapter for assistance, Mrs. J. M. Johnson, chairman of the drive, stated that he hopes we can go well over the quota. You will be called on within the next few days to make your contribution to this worthy cause. Part of the money you contribute here in Houston county will go to assist our fighting men in Korea as well. Let's all answer the call to the Red Cross.

The Consumer Para.

Do you remember when a certain rule—it has not been too long since—used your last money and your last money to pay people to go around and advise workers to spread employment by working less? We are still paying for it, and we may still be paying for it before the rest is sent to pay. These are really caught but not so easily gotten rid of. The product was really caught through taxation, but the producer is now adding his costs to the consumer's bill. He has to do it now.

HIGHWAY MISHAPS ARE INVESTIGATED

West highways and a driving driver are blamed for two highway mishaps investigated Monday by Highway Patrolmen Monk and Dugan. At 6 a. m. Monday, two miles east of Newberry on highway 103, an empty lumber truck, eastbound, ran off the road and was badly damaged.

The driver apparently went to sleep, but escaped unhurt.

Monday afternoon a live truck crashed by Marvin Rufus Chumley of Wells went out of control on the highway. The driver was killed.

MR. CAPRIELLAN HURT IN WRECK

Popkin Capriellan, local farmer, was painfully injured Tuesday afternoon in a traffic mishap, which occurred as he was crossing Fourth street (highway 46) on Fannin avenue, near the Smith Memorial hospital, traveling east. The back end of his car was hit by another car and spun around, throwing Mr. Capriellan out of the vehicle. Cut and bruised, the Crockett man was immediately hospitalized.

Further examination was to be made of his injuries Wednesday.

The car traveling north on the street, or highway, which struck the Capriellan car, was operated by George P. Patterson of Elkhart. The sheriff's department filed a felony D. W. I. (second offense) complaint against the Elkhart operator.
