ZONTA AWARD

The annual Zonta Award goes to "Dallas woman who has made a distinctly constructive contribution to the community life of Dallas."

The latest winner, Mrs. Robert D. Walker, falls in the first category. Her work in the organization and maintenance of the Children's Development Center ranks with the highest achievements in the 20-year history of Zonta awards and is a "distinctly constructive contribution" adding spiritual and physical growth to the whole community.

Dallas' national position as a child's medical center has been enhanced by her work. Her selfless mother of two little girls, note that her effort was in addition to ordinary duty. Good citizenship demands extra duty. They give the "extra" make it an extraordinary community.

The Zonta Club, a group of executive women in business and the professions, itself is to be congratulated for making the award a symbol of constructive effort—Dallas News.

PRETTY TOWN

In some years the coming of spring in this latitude is indescribable, and this is one of those years. Robin are in the elm trees, cardinals in the cottonwoods. Redbud is out. So are azaleas, daffodils, tulips, climbing roses, flowering peach, will pear and apricot.

Nature has her own way of making things beautiful, but let's not forget the women. The women, like Mrs. E. C. Trotman, who make most of the "extra" make it an extraordinary community.

The Zonta Club, a group of executive women in business and the professions, itself is to be congratulated for making the award a symbol of constructive effort—Dallas News.

TRUTH ABOUT PROFITS

What's the low-down on profits? A good many people still think it's the "loss" or the "big corporation," or the "stateholders" who make most of the profits, and that these profits are a lot too high. But a new study by the Chamber of Commerce of the United States has produced some surprising figures.

True, net profits jumped \$12 billion from 1936 to 1942. That's a lot of money. Still, the chamber study also showed that payrolls increased by \$14 billion during the same period. So employee earnings jumped several times as much as corporate earnings did.

The chairman of the House Banking and Taxation committee has had to delay the hearing on Representative Hall's bill on alcoholism from April 6 to Tuesday.

F. F. A. GROUP HAS TOP FAT CATTLE

By Ted Goudy.

Fort Worth, March 30, 1943—F. F. A. youth had the top fat cattle at Fort Worth Monday at \$23.

The top was earned by the Burnett county F. F. A. group and the F. F. A. group of Crockett county.

The "commercial" feeding tests each year are held to fit cattle for market, instead of the showing. It teaches how to make a profit, or how to make a loss.

This year has been the best for many young folks because of adverse price trends, high feed costs, and in many cases, feeders that cost too much.

These lessons, while, are teaching the boys and girls the facts of economics—profit and loss—and may save them from much costlier mistakes in the years ahead.

We simply cannot fail to add our congratulations to the boys and girls at the F. F. A. matter. We think commercial feeding projects are the answer to the farm youth livestock feeding program.

CASTOR BEAN ACREAGE INCREASED

Houston, Texas, Farmers have contracted with the PMA office in Crockett for 2,500 acres of castor beans this year, a large increase over last year's crop of only 870 acres.

These beans are still available at the rate of 15c per pound in large quantities enough seed for 5 or 10 acres. There is no limit as to the acreage any one farmer contracts for, and it is believed the PMA can fill all requests for beans.

The support price to be paid growers by the CCC through the PMA is 50c per pound on the prevailing market price—wherever is higher. With this guaranteed market many Houston county farmers are growing beans this year instead of cotton.

To date the largest contracting grower—Wade L. Pennington of Grapeland, who will plant 100 acres or more of the beans. His crop will be of the Connor variety of castor beans.

J. Lynn Mauch, Administrative Officer, Houston County PMA.
