OWNERSHIP FIRST ON OFFSHORE LAND.

Repeatedly the [News] [uncertain] has made the point that Teaas does not claim title to any part uf the continental shelf outage of its original) state bounda- [rire,] [uncertain] In the case of Texas and Lou- [isinna,] [uncertain] this happens to be much [great-] [uncertain] er than the [aubmerged] [uncertain] Limits of other; [conrtal] [uncertain] states. This because there [iny] [uncertain] not and never has been any question that Spanish land law [recugnied] [uncertain] the boundary fired at three leagues [trom] [uncertain] the shore. Texas owned this land when it entered the union. Mf aur- [renilered] [uncertain] none of it.

rh on the discussion led by the two

Texas senators, Price Danie) and Lyn don Johnson, Sunday, this [puint] [uncertain] was emphasized. Wisely both have agreed to press the present battle on, the able issue of the lands to which the states have rightful title. Unquestionably, now or later, congress must make a decision on the Joca admin- [istration] [uncertain] of the continental abet be- [1] yond] [uncertain] these boundaries. The Traas attorney general, John Ben Shepperd. Jin a series of four articles in the News last week, made a good case for [atate] [uncertain] j direction. Hut this se properly e matter for congress to dreidel. The states can recommend tt, but have no other power in the matter. 8o it bs un) [Jdoubtedly] [uncertain] wise tu adopt the Daniel-

[Johnson] [uncertain] course and insist on quitclaim to rightful property. However time- saving and efficient a one-packagr bill [tte] [uncertain] corer al) points would be at this time, the fact [remain] [uncertain] that the public [fouteide] [uncertain] has a confused idea of whats I going on, if induce are mixed.

One trouble with many jumper col-, leges ie that their heads, instead [of]] [uncertain] using their energy in trying to make them firat-class schools, are running around trying to [grt] [uncertain] them converted into four-year colleges.
