JOHN SIMPSON JR. NOW HEAD OF BUICK AGENCY

Mr. and Mrs. John P. Simpson Jr. of Houston arrived in Crockett last week to make their home here. Mr. Simpson now has the Buick agency in Crockett, which was formerly owned by the Bob Wray Buick Company. Mr. Simpson was the former sales manager of the Al Parker Buick Company of Houston, and prior to that time he worked as a sales manager with a Cadillac company in Galveston.

Mr. Simpson is married. His wife is the former Miss Odessa Dowdell of Galveston. The Simpsons have been married two months, as Crockett will remain as among their first home. We hope that they will find Crockett such a satisfactory place in which to live that they will make it their permanent home, always.

The Simpsons have been busy this week settling in their new apartment in Crockett. Mr. Simpson, of course, is a very busy man at the office these days in getting acquainted with business in general and in getting their new apartment in order at the Turner apartments on North Fourth street.

We learned, too, that Mr. Simpson was a former citizen of Sweetwater. He cherished the memory of his grandfather when he mentioned the fact that his grandfather, the late Mr. J. K. Simpson, was a resident of Sweetwater many years ago, and that his grandfather arrived out Sweetwater way in his earlier day in a covered wagon from Tennessee.

Both the Simpsons had little friendly messages of good will for the people of Crockett. Both, in gracious words, expressed their complete happiness and satisfaction in having finally selected Crockett as a place to live, and they both expressed a delight in having found Crockett people so very friendly, for they both said: "We like your town. We find it a whole lot better and just big enough to like living in. And Crockett people are so friendly, too. We like Crockett very much and we are glad to enjoy making our home here."

REPORT FROM THE LEGISLATURE

One of the finest pieces of legislation that we have had this session is now being considered by your legislature. House Bill No. 18, the so-called Lobby Registration bill, provides that all persons who represent special interests for a salary before our legislature must register their names, organizations and expenses with the secretary of state. Such a law would be of great assistance to your senators and representatives in knowing who these people are and what groups they represent in Austin. I particularly feel that they should register their expenses so that we will know exactly how much the so-called "third house" is spending to influence legislation. The people of Texas are entitled to know these matters, and your representative is exerting every effort to see that this bill passes the house of representatives.

House Bill No. 686 would require all members of the legislature to register any relative fees that they receive from the legislature as a member of this type. If we can pass legislation of this type, I sincerely believe that we can discourage any legislator from openly accepting fees to represent a certain group while in our legislature. I am taking a particular interest at this time in dividing the 7th judicial district in south Texas. This is the area which is under the political domination of George Parr. By splitting up this district, we will be able to limit the area which is politically subservient to the most vicious political machine in our state. Mr. Jacob Floyd Ray of Abilene made a very stirring call to the committee on the necessity of the legislature taking action to limit Parr's control in south Texas. You all remember Mr. Floyd as the father of Jacob Floyd Ray, who was killed last summer in the driveway of his home while being mistaken for his father, a well-known politician. This was a fine personal friend of mine in the University of Texas law school, and I will vote for any measure that will prevent innocent people from being murdered because they oppose a tyrannical political machine.

It is my prediction that the session will adjourn within the 120-day constitutional limit. Your continued suggestions will be greatly appreciated.

Respectfully submitted,
James H. Clements

LEGION DISTRICT CONVENTION RUSK

Williams, David Cor, Nolan Huff, and others.
