PAY RAISE FOR TEACHERS ADVOCATED

April 20, [129f5. (Delayed)] [uncertain]
Mr. W. W. Aiken, Editor and Publisher
The Crockett Courier Crockett, Texas 1.
Dear Mr. Alken:

Many editorials from newspapers [in
pur] [uncertain] cast Texas area are
making claims that the Texas State
Teachers' Aw [sociation] [uncertain] is
attempting coerce members of the
[Segialature] [uncertain] into [roting]
[uncertain] for the Teachers' Pay Raiae
bill. I am sure that you have read certain re-
marks of high state officials to the effect
that we are being [forred into] [uncertain]
voting" for the pay raise by threats and
other underhanded tactics." The of this
letter ls to clear up, these misleading
statements and [give}] [uncertain] you an
exact account of what ls hap-

To my knowledge no member of this
legislature is being forced into voting for
the teachers' pay raise measure. It is
appalling to me that our highest state
officials are using slow tactics and
misleading state) [ments] [uncertain] to
the press in an attempt [toi] [uncertain]
turn the general public against our Texas
school teachers. It is true that the teachers
are contacting there rep [resentatives]
[uncertain] to encourage their sup port of
this bill, but [tnatead] [uncertain] of con-
[demning] [uncertain] them, I think they
are to [nts] [uncertain] congratulated for
actively aupport- ing a measure which we
all know will te u step forward [In]
[uncertain] raising the stand ee ards of our
educational [ayatem] [uncertain]

It ia clear to me and to a majority" a af
the members of this legislature that the
teaching profession cannot compete with
the salary [cily] [uncertain] indus- tries
can afford to pay. In many areas there is
already an acute [short-] [uncertain] age
of teachers, and [counticr] [uncertain] ike
our, own ate the ones that suffer.

The principle involved is this: Shall we
offer Texas school children 8 de- cent
education by maintaining [Leach: ers]
[uncertain] who are competent and able to

instruct them. As you well know, people
no longer remain in a pro- [fession]
[uncertain] for the [mers] [uncertain] love
of it. They must be able to fred and care
for their [familica.] [uncertain]

Of course a tax [bil]) [uncertain] will be
neces- nary if we pass this salary raise, but
[7] [uncertain] this tax increase will not be
placed!

on the average Texas citizen. Certain:
natural resources will be made to pay!
their proportionate [ahare] [uncertain]
of the [bur-] [uncertain]

The lobby is fighting this pay able"
with every means at their command," but
many of us believe that tt is far!

more important to [improre] [uncertain]
our edy-' [cational eystem] [uncertain]
than it ls to please these powerful special
[interest™,] [uncertain] groups in our
state.

With kindest personal regards, J remain
Respectfully yours, Jamie H, Clements.

will be completely amateur and
non-profit. In Little League each boy

fair play, of discipline, of team work. He
finds [vut] [uncertain] that the other boy
[ise] [uncertain] pretty nice fellow after all

There will be plenty of practice fields
for all the boys who want to swing a bat
this summer, The [preeett] [uncertain] ball

from home plate as in big league, it will be
about 145 feet. The low fence gives the
